---

### **1. Outline of the Program :**

This summer, the Nagoya University School of Law (NUSL) hosts the 4th annual "NUSL International Summer Seminar" (NUSL ISS), in close cooperation with universities affiliated with Campus ASEAN or Campus Asia and with other individual universities (see last page). The NUSL ISS provides students from these partner universities with opportunities to discover and experience student life in Japan and to interact with students from other Asian countries.

Cultivating their practical skills and knowledge, we hope that participants in the NUSL ISS will be a major force in the future development of Asian countries in cooperation with the countries of East Asia. This seminar will be a first step in the development of student's international consciousness and will allow them to begin developing international networks with participants from other countries. Participation in this program will be a great opportunity to discover Japan, gain new knowledge, and meet life-long friends.
