Should a first –level professors, belonging to the University of Palermo not be selected, as member of the Commission for the selection procedure a second-level professor can be proposed if belonging to the University of Palermo and holding the required qualifications.

The Commission is appointed with a Decree issued by the Rector who may verify the above requirements with a support of external experts preliminarily.

When a member turns down the appointment or in the event of unexpected unavailability before the appointment of the commission, the draw procedure is repeated for the commissioner who renounced, as soon as the concerned department has communicated an other member.

The designation decree is published on the Official University Register.

The Commission appoints a President and a Secretary among its members and makes its decisions by an absolute majority.

Art. 7**Selection committee's fulfilments and exams test**

The first meeting of the selection committee is requested and asked by the internal Professors, after 15 days from the date of publication of the appointment's decree on the University's Official Register.

Under the scheme of this call for selection, the committee is authorized to carry out online meetings (skype call – conference call etc) for the first meeting.

The Committee in the above-mentioned meeting will:

- appoint the President and the Secretary for the minutes;
- enter in the minutes a declaration released by each member and stating the nonexistence of the causes of abstention pursuant to arts. 51 and 52 of the Italian Code of civil procedure;
- establish the criteria for the preliminary evaluation of the candidates (Ministerial Decree 05/25/2011 n. 243);
- establish the criteria to be used for the acknowledgment of a score to the qualifications and to each publication sent by the candidates, admitted to the discussion;
- view the list of candidates and enter in the minutes a statement affirming that there are no abstentions pursuant to Articles 51 and 52 of the code of civil procedure between candidates and committees' members.

At the end of the first meeting, the minutes containing the assessment criteria and schemes is delivered to the person in charge of the procedure in order to ensure the required publicity on the University's Official Register, at least for seven days, before the next and coming selection Committee section.

Pursuant to paragraph 2 letter c) of the art. 24 - Law n. 240/2010, the selection procedure will foresee a first preliminary evaluation of the candidates, with an explained and analytical evaluation decision referred to the qualifications, curriculum and on the scientific productions, including the PhD thesis, according to criteria and parameters recognized also in the international context and identified with the Ministerial Decree n. 243/2011 as per the following art. 8 of this announcement.

After the preliminary assessment, the most deserving candidates are admitted to the public discussion of qualifications and scientific production. A number between 10% and 20% of candidates and however not less than six units will be admitted.

If the number of the same is equal to or less than six, all the candidates will be admitted to the public discussion and the above-mentioned preliminary evaluation will not be carried out.

The exam will take place together with the discussion about the qualifications and publications. It is also aimed at establishing the foreign language knowledge.

The public interview/discussion is open to externals and general audience.

Day, venue, and time of the public discussion will be communicated to the interested parties, via Certified Electronic Mail (PEC) or for foreign citizens by registered letter with return receipt, not less than twenty days before the exam.

After the discussion, the Commission will score the qualifications and each publication sent by the candidates admitted to the discussion, according to the criteria established in the minutes no. 1.

The Commission is required to reserve not less than 70% of the maximum score for the publications (articles 7 and 9 of the Regulations for the recruitment of temporary researchers), in scoring the qualifications and each publication.

Candidates must show only one of the following valid identification documents, for joining the evaluation sections:

- identity card;
- firearms license;
- driving license;
- boat license;
- passport;
- identification cards issued by a State Administration, provided that those documents have a photograph and/or a stamp and/or other equivalent signature.

The selection procedure acts consist of the minutes of the meetings and the final report about the works carried out by the Commission. The individual and collective decisions expressed for each candidate during the preliminary assessment, as well as the scores assigned to the qualifications and to each publication of the candidates admitted to the public discussion, are integral and necessary part of the minutes.

At the end of the work, the Commission, after a comparative evaluation, with a final resolution approved by the majority of the members, appoints the winner.

The Commission must conclude all the selection phases within 2 (two) months from the date of the Rector's appointment decree. In the event that the works are not completed within the aforesaid term, with a motivated decision, the Rector can launch the procedure to replace the members of the committee, establishing at the same time a new deadline for the conclusion of the procedures.

Art. 8

Qualifications and curriculum assessment

The early evaluation of the candidates, with motivated analytical decision based on the qualifications, on the curriculum and on the scientific production, including the PhD research, is carried out before the public discussion, according to the criteria as per art. 2 of the Ministerial Decree 25.05.2011 n. 243 and based on the following elements.

The selection Commissions foreseen by article 1 of the abovementioned D.M. carry out an exhausted evaluation phase, followed by a comparative evaluation, making reference to the specific competition sector and to the possible profile defined exclusively through indication of one or more scientific disciplinary sectors, of the curriculum and of the following titles, duly documented, of the candidates:

The evaluation of each qualification as mentioned in the previous paragraph is carried out, taking in consideration the value compared to the quality and quantity of the research activities, carried out by each candidate.

Art. 9**Scientific production assessment**

The selection committees, in carrying out the preliminary comparative evaluation of the candidates, take into consideration only publications or texts accepted for publication according to the regulations in force as well as essays included in collective works and articles published in magazines in paper or digital format with the exclusion of internal notes or departmental reports.

The PhD research or equivalent qualifications are taken into consideration even in the absence of the conditions referred to, in this paragraph.

The selection committees carry out the publications comparative evaluation as referred to in paragraph, on the following criteria basis:

- a. originality, innovation, methodological rigor and relevance of each scientific publication;
- b. congruence of each publication to the competition sector where the procedure is announced and with the possible profile, defined exclusively by indicating one or more scientific-disciplinary sectors, or with related interdisciplinary topics;
- c. scientific relevance of the editorial location of each publication and its dissemination within the scientific community;
- d. analytical determination, also on the basis of recognized criteria in the international scientific community of reference, of the individual contribution of the candidate in the event of his / her participation in collaborative works.

The selection committees must also evaluate the overall quality of the candidate's scientific production, its strength/quantity and temporal continuity, apart from the period of non-voluntary removal from the research's activity, if explained enough, and in particular in relation to the parental leave/maternity leave.

With regard to the competition's sectors, as internationally recognized, the commissions, in evaluating the publications, also apply the following parameters/indicators, within the application deadline terms:

- a) total number of academic quotation marks;
- b) average number of academic quotation marks per publication;
- c) "impact factor" total weight;
- d) average "impact factor" per publication;
- e) combinations of the previous parameters to enhance the impact of the candidate's scientific production (Hirsch index or similar).

After the above-mentioned preliminary assessment and the subsequent admission of the most deserving candidates, after the discussion and after the oral test, a score is assigned to the qualifications and to each publication presented, based on the criteria established by the Commission first meeting and, subsequently, the identification of the winning candidate.

Art. 10**Documents conformity and regularity checks**

Within 30 days from the delivery of the documentation, the Rector, with his own decree verifies the formal regularity of the documents and declares the name of the winner, by serving all interested parties with it.

In the event that the Rector finds irregularities, he refers the case to the Commission with a reasoned decision so that it can proceed with the regularization by assigning it a term.

The conditions, facts and personal qualities self-certified by the winning candidate are subject to checks, by the University to verify the truthfulness, also on a random basis.

he Rector's decree will be published on the Official Register of the University and on the website as indicated in the following art. 18.

Art. 11**Contract signature and winner's appointment**
