

CURRICULUM VITAE

DEL

PROF.

PAOLO PASQUALINO

PELOSI

PROF. PAOLO PASQUALINO PELOSI

CURRICULUM VITAE

1981 Diploma di maturita' Scientifica, Liceo "S.Ambrogio", Milano, con voti 60/60

1982-1984

Allievo interno presso l'Istituto di Biometria e Statistica Medica dell'Università degli Studi di Milano (Direttore: Prof. E. Marubini)

1986-1987

Studente interno presso il I° Servizio di Anestesia e Rianimazione dell'Ospedale Niguarda Cà Granda, Milano (Direttore: Prof. ML Bozza Marrubini)

1987 Laurea in Medicina e Chirurgia, Università degli Studi di Milano, con voti 110/110 e lode; con tesi: "L'insufficienza respiratoria acuta nei pazienti immunodepressi" (Relatore: Prof. L. Gattinoni)

1988 Ammesso alla I° Scuola di Specialità in Anestesia e Rianimazione, Università degli Studi di Milano (Direttore: Prof. G. Damia)

1988 Vincitore della Borsa di Studio dell' Ospedale Maggiore di Milano, IRCCS sul tema "Insufficienza respiratoria acuta. Assistenza respiratoria con circolazione extracorporea a basso flusso"

1988 ad oggi

Membro della Società Italiana di Anestesia, Analgesia, Rianimazione e Terapia Intensiva

1988-1990

Frequenta come borsista l'Istituto di Anestesia e Rianimazione, Università degli Studi di Milano (Direttore: Prof. G. Damia)

1990-1993

Assistente Medico di Ruolo presso il I° Servizio di Anestesia e Rianimazione, Ospedale S. Gerardo Monza (MI). (Direttore: Prof. L. Gattinoni)

1990 Vincitore di contratto di ricerca presso i National Institute of Health, Bethesda, MD, USA

1991 Diploma di Specialità in Anestesia e Rianimazione, con indirizzo in Terapia Intensiva, presso l'Università degli Studi di Milano con voti 70/70 e lode con tesi: "Effetto del Salbutamolo sulla meccanica respiratoria in pazienti affetti da ARDS" (Relatore: Prof. L. Gattinoni)

1991 ad oggi

Membro dell' European Society of Intensive Care Medicine (ESICM)

1991 ad oggi

Membro dell' Societa' Italiana di Anestesia, Analgesia, Rianimazione e Terapia Intensiva (SIAARTI)

1991-1993

Membro del Gruppo Italiano Studio dell'Insufficienza Respiratoria (GISIR)

1993 Ricercatore Universitario di ruolo in Anestesiologia e Rianimazione, Istituto di Anestesia e Rianimazione, Università degli Studi di Milano

1993-1997

Qualifica di assistente medico-anestesista convenzionato presso il I° Servizio di Anestesia e Rianimazione, Ospedale Maggiore di Milano, IRCCS, (Primario: Prof. L. Gattinoni)

1993

Autorizzazione ministeriale a partecipare al trapianto del polmone

1994 Vincitore Poster Award dell' European Society of Intensive Care durante l' International Symposium on Intensive Care and Emergency Medicine (Bruxelles) con il lavoro: "Respiratory drive measurements without occlusion maneuver as a predictor to weaning"

1994 Coordinatore Gruppo Italiano studio delle complicanze anestesiologiche in corso di chirurgia laparoscopica (GiLAP) con il patrocinio della Societa' Italiana Anesthesia Analgesia Rianimazione e Terapia Intensiva (GiLAP)

1994 Vincitore premio miglior lavoro presentato al congresso "Critical Care Medicine: anaesthesia, pain, intensive care and emergency medicine", Trieste (Direttore: Prof. A.Gullo) dal titolo: "Prevalence of nausea and vomiting after laparoscopic and laparotomic cholecystectomy: a preliminary report of a multicenter, controlled, prospective trial"

1995-2000

Membro organizzatore sessione "Nursing" nell'ambito del Simposio Mostra Anestesia, Rianimazione e Terapia Intensiva (Direttori: A. Braschi, M.Chiaranda, L.Gattinoni, A.Pesenti, F. Raimondi, Milano)

1995 Direttore del I° corso "Monitoraggio della meccanica respiratoria nel paziente ventilato in rianimazione", Scuola Superiore di Oncologia e Scienze Biomediche, Accademia Nazionale di Medicina, Milano (25-27/10/95)

1995 Direttore del II° corso "Monitoraggio della meccanica respiratoria nel paziente ventilato in rianimazione", Scuola Superiore di Oncologia e Scienze Biomediche, Accademia Nazionale di Medicina, Milano (27-29/11/95)

1995 Vincitore premio per miglior lavoro presentato al congresso "Critical Care Medicine: anaesthesia, pain, intensive care and emergency medicine", Trieste (Direttore: Prof. A.Gullo) dal titolo: "The effects of prone position on lung volume, respiratory compliance and gas-exchange in ARDS patients"

1995 Vincitore premio per miglior lavoro presentato al congresso "Critical Care Medicine: anaesthesia, pain, intensive care and emergency medicine", Trieste (Direttore: Prof. A.Gullo) dal titolo: " A validation study of an automatic computation of work of breathing using CP-100 BICORE pulmonary monitor"

1995-2000

Membro dell' Advisory Editorial Board della rivista Respiratory Therapy International

1996-2005

Membro del Consiglio Direttivo della Societa' Italiana di Terapia Intensiva

1996-1999

Ricercatore Universitario confermato in Anestesiologia e Rianimazione, Istituto di Anestesia e Rianimazione, Universita' degli Studi di Milano

1996 Vincitore premio per miglior lavoro presentato al congresso "American Association for Respiratory Care, San Diego 1996) dal titolo: "Regulation of pressurization rate reduces inspiratory effort during pressure support ventilation: a bench study".

1997-2000

Membro dell'Advisory Editorial Board della rivista "Osservatorio Anestesiologico"

1997-1999

Qualifica di Aiuto medico-anestesista convenzionato presso il I° Servizio di Anestesia e Rianimazione, Ospedale Maggiore di Milano, IRCCS (Primario: Prof. L. Gattinoni)

1997 Research fellow presso la Section of Pulmonary and Critical Care, St Paul-Ramsey Medical Center, Ramsey Clinic, St Paul Minnesota (USA), Director: Prof. J.J. Marini.

1997 Coordinatore italiano del gruppo "International Visiting Study on mechanical ventilation" (Director: Dr. Esteban, Spain)

1997 ad oggi

Membro della European Society of Anesthesiologists (successivamente European Society of Anaesthesiology, ESA)

1997 ad oggi

Reviewer di numerose riviste nazionali ed internazionali nel campo della Anestesia e Terapia Intensiva (Eur Respir J, Am J Respir Crit Care Med, Anesthesia and Analgesia, Intensive Care Med, Anesthesiology, Crit Care Med, Crit Care, Respir Care, Respiration, Acta Anaesthesiol Scand, J Appl Physiol, Minerva Anestesiol, et al.)

1999 Vincitore premio per miglior lavoro presentato al congresso "Critical Care Medicine: anesthesia, pain, intensive care and emergency medicine, Trieste (Direttore: Prof. A. Gullo) dal titolo: "Chest wall

compartmental volume measurement by optoelectronic method in supine and prone position"

1999 - 2003

Chairman del Scientific sub-committee "Intensive Care Medicine", European Society of Anaesthesiologists

1999 Visiting Professor, Institut fur Anaesthesiologie und Operative Intensivmedizin, Mannheim, Universitat Heidelberg, Germany

1999-2010

Professore Associato in Anestesiologia e Rianimazione (F21X, MED/41), Universita' degli Studi dell'Insubria, Varese

1999-2010

Qualifica di Dirigente Medico Convenzionato presso il Servizio di Anestesia e Rianimazione B, Ospedale di Circolo, Fondazione Macchi, Varese (Primario: Dott. G. Minoja)

2000-2004

Rappresentante italiano presso l'European Society of Anesthesiologists

2000-2010

Co-direttore (con Prof. M. Chiaranda), Corsi di Aggiornamento Certificati Obbligatori, Varese

2000-2008

Membro Comitato Scientifico SMART, Milano

2000 Membro del Comitato Scientifico dell' Austrian International Conference 2001, Vienna, Austria

2000 Visiting Professor, Institut fur Anaesthesiologie und Operative Intensivmedizin, Mannheim, Universitat Heidelberg, Germany

2001 Membro Organizzatore XV Congresso Nazionale Societa' Italiana Terapia Intensiva, Varese (21-22/9/2001)

2001-2009

Referee ECM per la Disciplina Anestesia e Rianimazione (Commissione Ministeriale ECM, Ministero della Sanita', Dr R D'Ari)

- 2001 Visiting Professor, Institut fur Anaesthesiologie und Operative Intensivmedizin, Mannheim, Universitat Heidelberg, Germany
- 2002 Membro della Commissione Permanente SIAARTI per i rapporti con le Societa' Scientifiche estere (SIAARTI, prot n 491)
- 2002 Membro del Comitato Internazionale sulla sindrome compartimentale addominale (Directors: M Chang, M Malbrain, M Sugrue)
- 2003 Visiting Professor, Institut fur Anaesthesiologie und Operative Intensivmedizin, Mannheim, Universitat Heidelberg, Heidelberg, Germany
- 2003 Membro del Comitato Scientifico dell'Austrian International Conference, Vienna, Austria
- 2003-2005
Membro del Board in qualita' di Assistant Secretary, European Society of Anesthesiologists
- 2003 Membro del Scientific sub-commitee "Respiration" (Chairman Prof JF Brichant), European Society of Anesthesiologists
- 2003 ad oggi
Chairman del F1000 Project on "Perioperative Medicine" (Chair. Prof. M. Todd)
- 2003 ad oggi
Membro dell' Acute Respiratory Failure group presso la European Society of Intensive Care Medicine (ESICM)
- 2003-2004
Membro della Task Force, Fellowship Programme, European Society of Anesthesiologists
- 2003 ad oggi
Membro dell'Editorial Board di Intensive Care Medicine Journal
- 2003-2006
Chairman della Task Force, Fellowship programme, European Society of Anesthesiology

2004 Coordinatore Italiano del gruppo “International Study on Mechanical Ventilation” (Chair. Prof. A. Esteban)

2004 Editore sezione “Respiratory System” per Current Opinion Critical Care Medicine

2004 Identificato tra i “Leading investigators” nel campo della Critical Care Medicine (Respir Care 2004; 49: 276-281)

2004-2008

Membro dell’ OLEH Committee e dell’ Editorial Board, European Society of Anesthesiology

2004-2008

Membro del Subcommittee 5 “Respiration” (Chair Prof. J Canet), European Society of Anesthesiology

2005 Membro della Award Jury, ISICEM 2005 , Brussels, Belgium

2006-2009

Chairman del Research Committee, European Society of Anesthesiology.

2006 ad oggi

Membro dell’ Editorial Board, Best Practice and Research Clinical Anesthesiology

2006 Membro del Comitato scientifico APICE meeting, Trieste

2006 ad oggi

Membro dell’ Editorial Board dell’ International Journal of Intensive Care Medicine

2006 Visiting Professor, Institute of Anesthesiology and Intensive Care Medicine, University of Goettingen, Germany (Dir. Prof. M. Quintel)

2006 Vincitore del Research Grant Award 60.000 Euros in collaborazione con la Prof. D. Negrini sul tema: “ Effects of Mechanical ventilation on pulmonary extracellular matrix”, European Society of Anesthesiology

2006 ad oggi

Membro della European Respiratory Society (ERS)

2006-2009

Chairman del “Critical Care” Group, European Respiratory Society

2007 Membro Comitato scientifico del National Spanish Annual Congress in Anesthesia and Intensive Care Medicine

2007 Co-Direttore con il Dott. P. Severgnini del Modulo 3: 2 La corretta gestione dei disturbi respiratori e cardiocircolatori nell’anziano. Il medico di RSA. Progetto formativo integrato tra assistenza di base e medicina specialistica”. Casa Divina Provvidenza, Centro Formazione “Gerardo Cattaneo”, Como

2007 ad oggi

Visiting Professor, Istituto di Biofisica, Universita’ Federale di Rio de Janeiro (Dir. Prof. P.R. Rocco), Brazil

2007 Membro del comitato “Consensus definitions Conference on Abdominal Compartment Syndrome”, Antwerp, Belgium

2007 ad oggi

Membro dell’Advisory Board ISICEM, Brussels (Dir. Prof. J.L. Vincent), Belgium

2007 ad oggi

Membro della giuria ai “Posters Awards”, ISICEM, Brussels (Dir. Prof. J.L. Vincent), Belgium

2007 Membro della giuria ai “Poster Awards”, 11th State of Art, Athens, Greece

2007 Co-Direttore Subcommitté 5, Ventilacion mecanica, Anestesia, Reanimation y Fisiopatologia Aplicada, SEDAR, Valencia, Spain

2007 Editore del “The Respiratory System”, Current Opinion Critical Care Medicine

2007 Membro della “International Jury: Management and Prevention of Acute Kidney failure in Intensive Care Unit”, Montreal (Chair. Prof. L. Brochard), Canada

2007-2009

Membro del Board in qualita' di Non Officer, European Society of Anesthesiology

2007 ad oggi

Visiting Professor presso la University of Dresden, Institute of Anesthesia and Intensive Care Medicine, Dresden, Germany (Dir. Prof. T. Koch)

2007-2009

Membro del Comitato sicientifico associazione per il Bambino Nefropatico ABN-Onlus

2007 Editore di "Respiratory System and Artificial Ventilation", Springer Verlag, Milano, Italia

2008-2009

Co-Editor di Best Practice in Anesthesiology and Intensive Care Medicine, "Perioperative Respiratory Management"

2008 Chairman del Nomination Committee, European Society of Anesthesiology

2008-2009

Chairman del Guidelines Committee, European Society of Anesthesiology

2008-2012

Editor della Encyclopedia of Intensive Care Medicine: "ICU Procedures", Springer-Verlag (Chair. Prof. JL Vincent)

2008 Organizzatore, in collaborazione con Prof. Della Rocca e del Prof. C. Cohen, del "Thoracic and airway anesthesia workshop", ISICEM, Brussels, Belgium

2008 Membro onorario della Association of Anaesthetists of Malta

2008 Membro del "Global Professional Clinical Advisory Panel for airway management and applications", Covidien Europe

2008 Membro del "Monitoring systems Clinical Advisory Panel", Covidien, Europe

2008 Membro del “Mechanical Ventilation Clinical Advisory Panel”, Covidien, Europe

2008 Membro della Task force “ESC - ESA Guidelines for perioperative cardiac risk assessment and perioperative cardiac management in non cardiac surgery”, European Society of Anesthesiology

2008 Membro dell’Advisory Board, Moldovian International Congress

2009 Membro del National Organizing Committee (NOC), Euroanaesthesia Annual Meeting 2009, Milano, European Society of Anaesthesiology

2009 Presidente eletto (2010-2011) e Vice Presidente dell’ European Society of Anesthesiology

2009-2010

Segretario della “Respiratory Intensive Care “ Assembly 2, European Respiratory Society

2009 ad oggi

Co-Editor della rivista “ICU Management” (Editor in Chief, Prof. JL Vincent)

2009 Membro del Comitato Scientifico , ERCA, Stresa 2009

2009 Vincitore del Premio: “Ambasciatore della Citta’ di Milano” conferito dal Sindaco Sig.ra L. Moratti

2009 Membro dell’ Educational Committee, European Respiratory Society

2009-2013

Associate Editor di Anesthesiology

2009 ad oggi Membro dell’ Editorial Board dell’ European Critical Care and Emergency Medicine

2009-2013 Head della “Respiratory Intensive Care “, Assembly 2, European Respiratory Society (ERS)

2009-2013 Membro del Long Range Planning Committee (LRPC), Assembly 2, European Respiratory Society (ERS)

2009-2013 Membro dell' Executive e Scientific Committee, European Respiratory Society (ERS)

2009 Membro onorario della Society of Anesthesia and Resuscitation of Belgium

2009 Rappresentante della European Society of Anaesthesiology al First Forum of European Medical Academic Societies (Stockholm, Sweden, 1/12/2009)

2010-2011 Presidente della European Society of Anaesthesiology

2010 Firmatario della "Helsinki Declaration on Patient Safety in Anaesthesiology" con Prof. Jannicke Mellin-Olsen, President EBA, e Prof. Hugo Van Aken, Chair of ESA-NASC, ESA Annual meeting, Helsinki, Finland (12/06/2010)

2010 ad oggi Membro dell' Editorial Board Current Opinion in Critical Care

2010 ad oggi Membro Comitato di Riferimento Internazionale: Rassegna di Patologia dell'Apparato Respiratorio (Editore: Prof. Stefano Gasparini, AIPO)

2010 Membro della Award Jury, 14th State of Art. Pulmonary diseases, Critical Care, Emergency Medicine and Nursing Care, Athens, Greece

2010 Membro del Evaluation Committee for Fellowship and visiting professorships, European Respiratory Society

2010-2011 Membro del Nomination Committee, European Society of Anaesthesiology (ESA)

2010-2011 Co-Editor (con il Dr. M.Ferrer) della Respiratory Monograph "New developments in mechanical ventilation", European Respiratory Society

2010 ad oggi Associate Editor di Annals of Intensive Care

2010-2013 Professore Straordinario, Anestesiologia MED/41, presso la Facolta' di Medicina e Chirurgia, Universita' degli Studi di Genova (dal Novembre 1, 2010)

2010 ad oggi Direttore della Scuola di Specializzazione in Anestesia, Rianimazione e Terapia Intensiva, Universita' degli Studi di Genova, Genova (dal Novembre 1, 2010)

2010 ad oggi Membro del Dipartimento di Scienze Cliniche Chirurgiche e Diagnostiche Integrate, Universita' degli Studi di Genova, Genova (dal Novembre 1, 2010)

2010 ad oggi Direttore della Unita' Operativa Complessa Universitaria "Anestesia e Terapia Intensiva" (ex Anestesia e Terapia Intensiva Post-Operatoria), Azienda Ospedaliera Universitaria IRCCS San Martino - IST, Universita' degli Studi di Genova, Genova (dal Novembre 1, 2010)

2010 ad oggi Direttore Centro Antiveleni, Azienda Ospedaliera Universitaria IRCCS San Martino - IST, Universita' degli Studi di Genova, Genova (dal 15 Dicembre, 2010)

2010 ad oggi Membro dello Steering Committee (P.I. Prof. Marcus Schultz, NL) dello studio ProVhilo, European Society of Anaesthesiology (ESA)

2010-2011 Vincitore del Research Grant Award 60.000 Euros in collaborazione con il Prof. M-Schultz (P.I.) sul tema: "Protective Ventilation During General Anesthesia for Abdominal Surgery – a Randomized Controlled Trial", European Society of Anaesthesiology (ESA). Membro dello Steering Committee.

2010 ad oggi Membro dello Steering Committee (P.I. Prof. Robert Ruppert, UK) del progetto EuSOS, European Society of Anaesthesiology (ESA)

2010 ad oggi Membro dello Steering Committee (P.I. Prof. Jaume Canet, Spain) del progetto PERISCOPE, European Society of Anaesthesiology (ESA)

2010 ad oggi Membro dell' Editorial Board Current Opinion in Anesthesiology

2011 Membro della Task Force "Respiratory Road Map": Clinical Respiratory Medicine in the next decade, European Respiratory Society (ERS)

2011-2012 Membro della Task Force “ESA new by-Laws”, European Society of Anaesthesiology (ESA)

2011-2012 Guest Editor Best Practice and Research in Clinical Anesthesiology, “Safety in Anaesthesia”, issue 25, 2011 (con Prof. Gama de Abreu)

2011-2012 Guest Editor Best Practice and Research in Clinical Anesthesiology, “Delirium in Critically Ill Patients”, issue 26, 2012 (con Dr. C. Gregoretti)

2011-2012 Guest Editor (con Dr. Malbrain M, Dr. de Keulenaer B, Dr. Ivatury R; Dr. Ahmed Gado), Special Issue Developer, Hindawi Publishing Corporation), Special Issue on Abdominal Compartment Syndrome, Critical Care Research and Practice

2011-2012 Responsabile scientifico progetto: Role of pro-inflammatory markers in brain death signalling: correlation with ischemia/reperfusion injury and impact on cadaver donor graft outcome. Progetto di ricerca applicata nel settore trapianti (DGR 422)

2011 ad oggi Associate Editor di Curr Opinion in Anaesthesiology

2011-2012 Guest Editor (con Prof. Marcelo Gama de Abreu) di Intensive Care and Resuscitation, Curr Opinion in Anaesthesiology

2011 Direttore del Corso “Aggiornamento in ecografia pleuro-polmonare ed ecocardiografia in terapia Intensiva”. Azienda Ospedaliera Universitaria “San Martino”, Genova (6/4/2011 – 13/4/2011- 20/4/2011 – 10/11/2011)

2011 Responsabile scientifico del Corso: Bloccanti neuromuscolari. Genova Nervi (18/06/2011)

2011 ad oggi Membro del Comitato Scientifico SMART, Milano

2011 Membro Internazionale del Comitato Organizzatore per la Aanesthesists Association of Great Britain and Ireland (AAGBI) per il World Congress of Anaesthesiologists a Londra nel 2020

2011 Direttore del Corso: Le tracheotomie percutanee nel paziente critico, Centro di Simulazione, Universita' degli Studi di Genova, Genova (1-2 Dicembre 2011)

2011-2013 Membro della Task Force "HERMES: Respiratory Critical Care", European Respiratory Society

2012 Past (Vice) President, European Society of Anaesthesiology

2012 Chair of the Nomination Committee, European Society of Anaesthesiology

2012 Chair of the Media Committee, European Society of Anaesthesiology

2012 ad oggi Membro dello Steering Committee (P.I. Prof. Marcus Schultz, NL) dello studio LAS VEGAS, European Society of Anaesthesiology (ESA)

2012 Vincitore del Research Grant Award 60.000 Euros in collaborazione con il Prof. M-Schultz (P.I.) sul tema: " Local assessment of ventilator management during general anesthesia for surgery: a prospective observational international multicenter cohort study (LAS VEGAS) ", European Society of Anaesthesiology (ESA).

2012 Presidente della giuria ai "Posters Awards", ISICEM, 2012, Brussels (Dir. Prof. J.L. Vincent), Belgium

2012 ad oggi Segretario Tesoriere Collegio Professori Ordinari di Anestesia e Rianimazione (CPOAR), Presidente Prof. A Braschi

2012 Direttore del Corso "La Morte cerebrale e Donazione di Organo". Azienda Ospedaliera Universitaria "San Martino", Genova (4/4/2012 – 5/4/2012)

2012 Coordinatore Nazionale studio ViPS - Variable Pressure Support

2012 Direttore del Corso "Arresto cardiaco : trattamento dell sindrome post-anossica ed ipotermia terapeutica". Azienda Ospedaliera Universitaria "San Martino", Genova (23/4/2012 – 4/6/2012)

2012 Membro del Comitato Accademico, Academic Medical Center at the University of Amsterdam (Dr. Frederique Paulus, on the topic of manual hyperinflation of critically ill patients; Director Prof. Marcus Schultz

Professor of Intensive Care Medicine, MD PhD FCCP, Internist Critical Care Physician Department of Intensive Care Medicine & Laboratory of Experimental Intensive Care and Anesthesiology, Amsterdam, The Netherlands (25/4/2012)

2012 Membro Onorario del DGAI, Deutsche Gesellschaft fur Anaesthesiologie und Intensivmedizin, Societa' Tedesca di Anestesia e Terapia Intensiva (dal 5/5/2012)

2012 Membro del International Board, Pneumonologie, Official Journal of German Respiratory Society

2012 Membro dell' Internal Academic Board, progetto "Futuro in Ricerca 2012", Italian Ministry of Scientific Research and University.

2012 Chair del Congresso Nazionale: Hypothermia 2012: the cardiac arrest and post-resuscitation care. IRCCS AOU San Martino-IST, Universita' degli Studi di Genova, Genova (15-16 Novembre 2012)

2012 Vincitore del progetto dal titolo "Valutazione morfofunzionale dell'insufficienza respiratoria acuta mediante sviluppo di metodiche di analisi quantitativa ecografica" con finanziamento dalla Regione Liguria (Cristina Tubino Settore V° - Servizio Supporto alla Ricerca; interno 9439 email: tubcri@unige.it)

2012-2013 Membro della "ESA-ESICM Outcome Measures Task Force" per la European Society of Anaesthesiology (ESA)

2012 Membro dell'Expert Panel ITALIC: Italian Consensus on Invasive Candidiasis

2011-2012 Membro Giunta Dipartimento Scienze Chirurgiche e Diagnostiche Integrate (DISC), Università degli Studi di Genova

2012 -2015 Rappresentante Regionale per la Liguria, Società Italiana Anestesia Analgesia Rianimazione e Terapia Intensiva (SIAARTI)

2012 Partecipazione al Hospital Summit 2012 – Lubeck, Germany (30-31/10/2012)

2012 Membro Gruppo di Studio SIAARTI: Vie Aeree Difficili

2012 Membro del Comitato Accademico, Academic Medical Center at the University of Amsterdam (Dr. Hamid Aslami, on the topic of the

explorations of the therapeutic potentials of influencing metabolism during critical illness; Director Prof. Marcus Schultz, Professor of Intensive Care Medicine, MD PhD FCCP, Internist Critical Care Physician Department of Intensive Care Medicine & Laboratory of Experimental Intensive Care and Anesthesiology, Amsterdam, The Netherlands (01/3/2012)

2012-2013 Coordinatore del “Comitato ristretto SIAARTI per l'elaborazione delle regole per l'elaborazione e la sottomissione delle linee guida per l'endorsement della Società”

2012 Direttore: Congresso Nazionale “Hypothermia: the cardiac arrest and post-resuscitation care”, Genova (15-16/11/2012)

2012 Visiting Professor at Mayo Clinic, Rochester, Minnesota, USA (Host: Dr. Juraj Sprung) (dal 9/12/2012 al 11/12/2012)

2013 ad oggi Membro dell' Intensive Care Medicine Journal Board of Reviewers

2013 ad oggi Membro del Dottorato in Collegio Docenti del Corso di Dottorato in “Management del Trapianto d'organo e di Tessuto” (Prof. M Frascio), Universita' degli Studi di Genova

2013 ad oggi Membro dell' ERS Task force: Functional evaluation of lung and airways: building the framework of a comprehensive, multifaceted, evidence-based approach (Chairs: Prof. Andrea Aliverti e Prof. Wilfried de Backer)

2013 ad oggi Membro dell'Editorial Board Anesthesia-JARSS, the Official Journal of Anesthesiology and Reanimation Specialists Society

2013 Presidente Commissione di Valutazione “Finanziamento dalla Regione Liguria (Cristina Tubino Settore V° - Servizio Supporto alla Ricerca; interno 9439 email: tubcri@unige.it)”

2013 Editor “Respiratory System”, Current Opinion in Critical Care

2013 Coordinatore OLA (On-Line Assesment) Group, European Diploma in Anesthesiology and Intensive Care, European Society of Anesthesiology (ESA)

2013-2015 Coordinatore Scientifico Dipartimento Scienze Cliniche Chirurgiche e Diagnostiche Integrate (DISC), Universita' di Genova, (Direttore Prof. Carmignani)

2013 Membro della Commissione per l' Autovalutazione e Reclutamento del DISC, Universita' degli Studi di Genova, Direttore Prof. Carmignani

2013-2015 Referente Percorso di Formazione alla Ricerca Integrativo del Corso di Laurea Magistrale in Medicina e Chirurgia, Universita' degli Studi di Genova (Direttore Prof. Patrizio Oddetti)

2013 Member of the DSMB of the “International multi–center double–blind randomized placebo–controlled trial of nebulized heparin versus placebo in burn patients with confirmed inhalation trauma”, registered at clinicaltrials.gov - NCT01773083. Academic Medical Center at the University of Amsterdam, Amsterdam, the Netherlands (PI Prof. Marcus Schultz).

2013 Firmatario Principale “Helsinki Declaration on Patient Safety in Anesthesiology in Dubai”, 6th Dubai Anesthesia Conference (07/03/2013)

2013 Membro Commissione Esterna Valutazione Professore, University of Athens, Medical School, Greece (Prof. Antonia Koutsoukou)

2013 Membro Commissione Esterna Valutazione Professore, University of Athens, Medical School, Greece (Prof. Iraklis Tsagkaris)

2013 Membro commissione valutazione The Academy of Sciences for the Developing World TWAS Award per Prof. PR Rocco, UFRJ, Brazil (Direttore Prof Romain Murenzi, Executive Director TWAS)

2013 Membro DSMB Hepburn Study (Principal Investigator: Gerie J. Glas, MD; Trial Coordinator of HEPBURN; Chair: Prof. De Abreu MG)

2013 Direttore e Relatore, Corso per Infermieri di area Critica “Assistenza respiratoria nel paziente critico”, Azienda Ospedaliera Universitaria IRCCS San Martino IST, Genova (30 Aprile – 20 Maggio – 6 Giugno – 25 Giugno 2013)

2013 Membro dello Steering Committee PROBESE: A multicenter Prospective Randomized Trial on High and Low PEEP in morbidly obese patients undergoing surgery (P.I. Prof de Abreu MG, Germany)

2013 Coordinatore Nazionale studio PROBESE - PProtective ventilation of OBESEx patient

2013 Membro del Gruppo PLUG: Consensus Conference on the use of esophageal pressure in Critically Ill Patients, Chair: Prof. L. Brochard. Milano (07/05/2013)

2013 Membro del Gruppo “Update on Perioperative Monitoring”, Chair: Prof. JL Vincent. Moulins, Francia (26-29/05/2013)

2013 Responsabile: LINEA VERDE chiaro – Ventilazione, Complicanze e Follow up delle Tracheotomie, Percutanee eseguite in T.I.– Studio multicentrico. Gruppo di Studio Vie Aeree Difficili (VAD), SIAARTI

2013-2014 Membro del Long Range Planning Committee (LRPC), Assembly 2, European Respiratory Society (ERS) come Past Assembly 2 Head

2013 -2014 Board member of the European Patient Safety Foundation, European Society of Anaesthesiology (ESA) (www.eupsf.eu)

2013 ad oggi Co-Fondatore e Membro del PROVEnet (Protective Mechanical Ventilation Network), website: www.provenet.eu

2013 Reviewer Grant Program for Young Intensivists per la French Society of Intensive Care (SRLF)

2013 Direttore Corso “La tracheotomia percutanea nel paziente critico adulto”, Genova (26-27/09/ 2013)

2013 Membro Commissione Esterna Valutazione Professore, University of Athens, Medical School, Greece (Prof. Iraklis Tsagkaris)

2013 Membro Commissione Esterna Valutazione Professore, Pneumologie, University of Berne, Switzerland (Prof. Andreas Vogt)

2013 (1 Novembre) ad oggi Professore Ordinario confermato in Anestesiologia MED/41, presso Scuola di Medicina e Scienze Farmaceutiche, Universita' degli Studi di Genova

2013 ad oggi Membro Comitato scientifico del Congresso SIAARTI

2014-2016 Membro (Past Assembly 2 Head) Long Range Programme Committee, European Respiratory Society (ERS)

2014 Membro DSMB studio "EPALI": Preventive strategies in acute respiratory distress syndrome (Principal Investigator: Dr Candelaria de Haro Lopez, Spain)

2014-2015 Membro HERMES Respiratory Critical Care: Assessments Working Group, European Respiratory Society (ERS) (Chair: Prof. A. Artigas, Spain)

2014-2016 Responsabile del Comitato di Produzione e Ricerca Scientifica (CPRS), Società Italiana di Anestesia, Rianimazione e Terapia Intensiva (SIAARTI)

2014 Segretario e Membro commissione concorso a Professore di Seconda Fascia presso la Universita' degli Studi di Torino (25/02/2014)
2014 Valutatore della Dr Brigitte Pereira (Portogallo), per il reclutamento internazionale di Medicins Sans Frontieres (Responsabile del procedimento: Dr. Marina Coll, Recruiter Officer, Buenos Aires)

2014 Head WP7, Dissemination, European Community Project Marie Curie "PROLUNG" (Responsabile: Prof MJ Schultz, AMC, Amsterdam)

2014 Member of experts, University of Crete, School of Health Sciences, medical Faculty (Director Prof. A. Margioris, Dean of Medical School, University of Crete, Greece)

2014 Coordinatore Campagna SICURA SIAARTI presso l'IRCCS San Martino IST, Universita' degli Studi di Genova, Genova (03/03/2014)

2014 Membro del Panel "Round Table Conference: Evidence-based care: new directions" (Chairs: Marini JJ, Annane D), ICISEM Brussels (15-17/3/2014)

2014 Membro del Board Expert Input Forum MSD "Antifungini nel paziente critico: raccomandazioni in Terapia Intensiva. La classe delle echinocandine. Genova, (9/04/2014)

2014-2016 ERS Task Force (Chair. Prof. Aliverti A. and Prof. De Backer W.) "Functional evaluation of lung and airways: building a flow chart for a comprehensive, multifaceted, evidence-based use of the different techniques."

2014 DSMB member Studio: preventive nebulisation of mucolytics and bronchodilators in intubated and ventilated intensive care unit patients (Prof MJ, Schultz, Dr. F Paulus, AMC Amsterdam)

2014-2015 Member of the ESA Intensive Care Medicine Task Force

2014-2015 Chair del PROtective VEntilation Network (The PROVE Network) www.provenet.eu

2014 ad oggi Membro dell'Editorial Board della rivista Sanamed ISSN-1452-662X (Serbia)

2014 Membro del Past-Presidents Forum, European Society of Anaesthesiology (ESA)

2014 Coordinamento attivita' organizzativa del Dott. Simone Bazzurro (Medico in formazione presso la Scuola di Specialita' in Anestesia, Rianimazione e Terapia Intensiva, Universita' degli Studi di Genova), Operazione Costa Concordia (a bordo della nave Diciotti CP941)

2014 Coordinator European Diploma in Anesthesiology and Intensive Care, Part 1 a Genova (European Society of Anaesthesiology, ESA)

2014 Associate Editor Best Practice & Research Clinical Anaesthesiology. Elsevier, London UK (Editor in Chief. Prof. H. Van Aken)

2014 Award: Foundation Fellow of the European Respiratory Society (FERS)

2014 Membro Steering Committee studio LAMiNAR (Local Assessment of Management of Burn Patients (PI: Dr Gerie G Glas, AMC, The Netherlands)

2014 Chairman "Qualita' e sicurezza in Anestesia" Giornate AAROI EMAC, Roma (8/11/2014)

2014 Medaglia Onoraria della Turkish Society of Anesthesiology and Reanimation

2014 Member of the Advisory International Advisory Committee EuroNeuro 2016, Barcelona

2014 Guest Editor Special Issue for BioMed Research International, Glutamine use in critical care (Head Dr Gisele Pena de Oliveira)

2014 Coordinatore Corso LRA (Low Resource Anesthesia) in collaborazione con CRIMEDIM Medicina in ambienti a basse risorse, Università Degli Studi del Piemonte Orientale

2014-2015 Membro della Intensive Care Medicine ESA Task Force (Chair: Prof. Ilona Bobek)

2014-2015 Chair della SIAARTI Task Force “Riorganizzazione gruppi di studio SIAARTI”

2015 Coordinatore Campagna SICURA SIAARTI presso l’IRCCS AOU San Martino IST, Universita’ degli Studi di Genova, Genova (02/03/2015)

2015 Direttore del Corso Teorico Pratico La Tracheotomia percutanea nel paziente critico adulto, VI Edizione, Napoli (12-13 marzo 2015)

2015 Membro della Giuria Poster Awards, 35° International Symposium in Intensive care and Emergency Medicine (Dir. Prof. J. Takala), Brussels

2015 Prof. T. Cecil Gray Gold Medal Award, Liverpool Society of Anaesthetists (1930), Liverpool, UK (07/05/2015)

2015 ESA Drager prize 2015, European Society of Anaesthesiology per lo studio: High versus low positive end-expiratory pressure during general anaesthesia for open abdominal surgery (PROVHILO trial): a multicentre randomised controlled trial.’ Lancet. 2014; 384:495–503 (Prof. M Shultz, AMC The Netherlands; PI: Prof M Schultz, **Prof. P Pelosi**, Prof MG de Abreu, Dr S Hemmes)

2015 ESA Award 2015, European Society of Anaesthesiology per lo studio: PRotective Ventilation with Higher versus Lower PEEP during General Anesthesia for Surgery in OBESE Patients – The PROBESE Randomized Controlled Trial (Prof. MG. de Abreu; PI: Prof M Schultz, **Prof. P Pelosi**, Prof MG de Abreu, Dr S Hemmes)

2015 ad oggi Membro dell’Editorial Board del Romanian Journal of Anaesthesia and Intensive Care

2015-2016 Membro del Centro interdipartimentale universitario per la ricerca sui materiali avanzati e sulle nanotecnologie “NanoJanua”, DISC; Università degli Studi di Genova

2015 ad oggi Membro dell’Editorial Board di Critical Care (Editor in Chief: Prof. JL Vincent)

2015-2018 Council member alla World Federation of Societies of Critical Care Medicine (WFSICCM)

2015 Editor “Perioperative Problems”, Current Opinion in Critical Care

2015 Member of the WFCICCM Task Force: Triage in Intensive Care Unit

2015 Member of the WFCICCM Task Force: What is an Intensive Care unit

2015 Member of the WFCICCM Task Force: Requirements to be an Intensive Care Medicine Specialist

2015 ad oggi Membro Commissione valutazione corsi ECM, IRCCS AOU San Martino IST, Genova

2015-2016 Membro della Task Force “Optimizing Patients Undergoing Surgery (OPUS)”, European Patient Safety Foundation

2015 Membro dell’Editorial Board del Journal of Critical Care

2015 ad oggi Membro comitato scientifico ECM, IRCCS AOU San Martino IST, Genova

2015 Editor “Percutaneous Tracheostomy in Critically Ill Patients” (with prof. G. Servillo), Springer Verlag Cham Heidelberg New York Dordrecht London Springer International Publishing Switzerland 2016

2015 Editor “Critical Care” Oxford Textbook on Respiratory Critical Care, (with prof. M. Wise and S. Singh) and Oxford University Press.

2015 Editor “The current challenges of cardiac arrest: Post cardiac arrest management” (with Prof. Y. Sutherasan), Best Practice & Research Clinical Anaesthesiology. Elsevier, London, UK.

2015 Prof. Paolo Pelosi and Prof. Leo Heunks: The interview on ARDS. E-learining resources (Director: Dr F De Jongh), European Respiratory Society (Lausanne, Switzerland)

2015 Reviewer Resipedia project, ERS e-learning resources (Director: Dr F. De Jongh), European Respiratory Society

2016-2018 Membro Task Force: Respiratory Critical Care, Non invasive and invasive mechanical ventilation, HERMES project, European Respiratory Society

2016 Co- Editor (Prof Singh and Prof Wise), Oxford Textbook, Critical Care, Oxford Press, London, UK

2016 ad oggi Membro del Collegio Docenti della Commissione del XXXII Ciclo di Dottorato in “BIOTECNOLOGIE IN MEDICINA TRASLAZIONALE” (Prof. M Frascio), 2016, Universita’ degli Studi di Genova

2016 Membro Giuria Poster Awards (Chair Prof. J Takala), International Symposium Intensive Care and Emergency Medicine, Brussels, Belgium (15/03/2016)

2016 ad oggi Membro onorario della Accademia Nazionale di Medicina (ANM) del Brasile

2016 Diploma di Formazione Manageriale per Dirigenti di Struttura Complessa, Area Apprendimento Permanente, AMAS, Universita’ degli Studi di Genova, Genova (26/01/2016)

2016 Member dell’Advisory Board, MASIMO

2016 Course Director ERS cmeonline ARDS (<http://www.ers-education.org/cmeonline/selection/acute-respiratory-distress-syndrome/introduction.aspx>)

2016 ad oggi Editor member of Journal of Anesthesia and Perioperative Medicine

2016 -2018 Membro dell’Editorial Board of the Journal of Thoracic Disease

2016 Associate Editor Crit Care

2016 Membro del DSMB NAVA Study (PI: Prof Kacmarek RM, RT, Massachusset General Hospital, Boston, USA)

2016 Membro del “External Evaluators of the Research and Academic work”, for Prof. Spyridon Mentzelopoulos - University of Ioannina, Greece

2017 Membro della “SIAARTI Academy”, in qualita’ di Direttore della Scuola di Specializzazione in Anestesia, Rianimazione, Terapia Intensiva e del Dolore – Università degli Studi di Genova

2017 Revisore - Ministero della Salute - Bando Ricerca Finalizzata 2016

2017 Coordinamento scientifico – HiFi Simulation – gestione della Light Sedation con Dexmedetomidina, EMAC Campus, CISEF – Genova (16/05/2017)

2017 Membro del “External Evaluators of the Research and Academic work” Full Professorship for Prof. Antonia Koutsoukou – University of Athens, Greece

2017 Membro dell’Advisory Board PAION - Remimamzolam Advisory Board

2017 Membro dell’Advisory Board del EuMEC (European Medical College) – Founding members Prof. Dr. med. Andreas Hoeft, University of Bonn, Germany - Dr. Jürgen Laartz, Berlin, Germany - Mr Holm Keller, MPA (Harvard), Germany

2017 ad oggi Editorial Member - Journal of Emergency and Critical Care Medicine (JECCM)

2017 Membro commissione valutazione per promozione Dr Christina Routsi a Professore di “Intensive Care – Pulmonary”, Medical School of National and Kapodistrian University di Atene, Grecia

2017 Coordinamento scientifico – HiFi Simulation – gestione della Light Sedation con Dexmedetomidina, EMAC Campus, CISEF – Genova (16/05/2017)

2017 Coordinatore scientifico - Corso SIAARTI: Le tracheotomie percutanee nel paziente critico adulto

2017 Membro del Comitato Accademico e Promoter, Academic Medical Center at the University of Amsterdam (Dr. Ary Serpa Neto, on the topic Lung Protective Mechanical Ventilation in Intensive Care and Operating Room; Director Prof. Marcus Schultz, Professor of Intensive Care Medicine, MD PhD FCCP, Internist Critical Care Physician Department of Intensive Care Medicine & Laboratory of Experimental Intensive Care and Anesthesiology, Amsterdam, The Netherlands (15/9/2017)

2017 Guest Editor Annals of Translational Medicine –Special issue: Respiratory mechanics in mechanically ventilated patients with and without lung injury

2017 Vincitore Award “Premio Roberto Mario Clausi” come coautore dell' articolo (PI: Prof. Ary Serpa-Neto): Subphenotypes in patients undergoing general anesthesia for ventilation during open abdominal surgery: an unbiased cluster analysis from the PROVHILO trial. Congresso della World Federation of Societies of Intensive and Critical Care Medicine. Rio de Janeiro , Brasil (10/11/2017)

2017 Revisore - Ministero della Salute - Bando Ricerca Finalizzata 2016

2018 Membro della commissione SIAARTI- AAROI/EMAC

2018 Board member Anesthesia, Critical Care and Pain Medicine (EIC: Prof JY Lefrant)

2018 Membro della società Italiana di Anestesia, Rianimazione e Terapia Intensiva (SIAARTI) – European Society of Anaesthesiology (ESA) Task force

2018 – 2021 Presidente del Collegio dei Professori di Anestesia e Rianimazione (CPAR)

2018 Membro commissione “Ricerca” del Dipartimento DISC

2018 Membro del Acute respiratory Failure Translational Medicine Biology Group

2018 Membro della Giuria – Poster Award. International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium

2018 Membro della Intensive Care Task Force – European Society of Anaesthesiology (ESA)

2018 Coordinatore Nazionale studio AVATAR - Assessment of Ventilatory mAnagemenT during generAI anesthesia for Robotic surgery

2018 Coordinatore Nazionale studio PROTHOR - PROtective VENTilation during THORAX surgery

2018 Coordinatore Nazionale studio ENIO - Extubation strategies in neuro-ICU patients and associations with outcomes (ENIO)

2018 Coordinatore Nazionale studio Designation - The Driving prEsSure during GeNeral AnesThesiA for abdOmiNAL surgery (DESIGNATION) trial

2018 Coordinatore Nazionale studio ICONIC- Conservative versus Conventional Oxygenation in ICU patients – the ICONIC trial

2018 Coordinator ESA Trainee Exchange Programme – University of Genoa – IRCCS San Martino Hospital

2018-2019 Co-Coordinator Tracheostomy in adult critically ill patients – SIAARTI Guidelines

2018 Membro rappresentanza per incontro con commissione del Ministero della Salute riguardo alle problematiche della formazione post-laurea e la carenza di dirigenti medici specialisti, Ministero della Salute, Roma (30/08/2018)

2018 Membro del Comitato Accademico, Promoter, Academic Medical Center at the University of Amsterdam (Dr. Lorenzo Ball, on the topic of the Postoperative pulmonary complications: detection and management; Director Prof. Marcus Schultz, Professor of Intensive Care Medicine, MD PhD FCCP, Internist Critical Care Physician Department of Intensive Care Medicine & Laboratory of Experimental Intensive Care and Anesthesiology, Amsterdam, The Netherlands (01/12/2018)

2018 Membro del Comitato Accademico, Co promoter Academic Medical Center at the University of Amsterdam (Dr. Fabienne Danielle Simonis, on the topic of nebulization in critically ill patients; Director Prof. Marcus Schultz, Professor of Intensive Care Medicine, MD PhD FCCP, Internist Critical Care Physician Department of Intensive Care Medicine & Laboratory of Experimental Intensive Care and Anesthesiology, Amsterdam, The Netherlands (01/12/2018)

2018 Direttore Convegno: “The brain: Preventing Damage and Improving Outcome”, Genova (09/09/2018)

2018 Membro del “Lung Protective Ventilation Forum” Group

2018-2021 Membro del Direttivo della Societa' Italiana di Anestesia, Rianimazione, Terapia Intensiva e del Dolore (SIAARTI)

2018 Membro della commissione di valutazione progetti FRA – Dipartimento DISC, Universita' di Genova

2018 Membro Translational ARF Section Translational biology group, ESICM

2018 Conseguimento per la UOC Clinica Anestesiologica e Terapia Intensiva (Direttore Prof. Paolo Pelosi) della Occupational Health and Safety Assessment Series standard (OHSAS). La certificazione OHSAS attesta l'applicazione volontaria, all'interno di un'organizzazione, di un sistema che permette di garantire un adeguato controllo riguardo alla sicurezza e la salute dei lavoratori, oltre al rispetto delle norme cogenti. Tale certificazione pone l'IRCCS Policlinico San Martino IST e la UOC Clinica Anestesiologica e Terapia Intensiva e tra le eccellenze a livello italiano.

2018 Membro commissione valutazione progetti di ricerca FRA, Dipartimento Scienze Chirurgiche e Diagnostiche Integrate (DISC), Università degli Studi di Genova

2018 Direttore - Master di Fisioterapia e Riabilitazione Respiratoria di Milano - sede UOC Clinica Anestesiologica e Terapia Intensiva, Ospedale Policlinico San Martino, Genova

2018 Responsabile scientifico (insieme con Dottssa Chiara Robba), Sonography in Neuro Intensive Care (SoNIC), Genova (27/02/2018)

2018 Responsabile scientifico Meeting: The brain: preventing damage and improving outcome, Genova (02/03/2019)

2018 Idoneo alla selezione per Commissari all'Abilitazione Scientifica Nazionale 2018-2020 per il settore disciplinare 06/L1 – Anestesiologia

2019 Guest Editor – Editorial Board Anesthesia, Critical Care and Pain Medicine (Editor in Chief: Dr. Jean-Yves Lefrant)

2019 Associate Editor del Journal of Critical Care Medicine della Chinese Society of Critical Care Medicine (CSCCM)

2019 – 2021 Membro del Comitato scientifico della Società Italiana di Anestesia, Analgesia, Rianimazione e Terapia Intensiva (SIAARTI)

2019-2021 Membro del Direttivo della Società Italiana di Anestesia, Analgesia, Rianimazione e Terapia Intensiva (SIAARTI)

2019 Membro collegio docenti dei Dottorati per l'A.A. 2019/2020 - CICLO XXXV – Università degli Studi di Genova

2019 Associate Editor - Chinese Society of Critical Care Medicine journal
2019 Membro della Commissione ASN per il settore concorsuale 06/L1-Anestesiologia in esecuzione di provvedimenti giurisdizionali, Ministero dell'Istruzione, dell'Università e della Ricerca

2019 Presidente della Commissione (membro interno Università di Padova) per il settore concorsuale 06/L1-Anestesiologia, MED/41 per Professore di prima fascia, Università degli Studi di Padova, Ministero dell'Istruzione, dell'Università e della Ricerca

2019 Membro della Commissione per il settore concorsuale 06/L1-Anestesiologia, MED/41 per Professore di prima fascia, Università degli Studi Federico II, Napoli

2019 Membro della Commissione per il settore concorsuale 06/L1-Anestesiologia, MED/41 per Professore di prima fascia, Università degli Studi di Foggia, Foggia

2019 Attribuzione “una tantum” in attuazione al *dell'art. 1, comma 629, della legge n. 205/2017*, emanato con Decreto rettorale n. 5802 del 27/11/2018, dopo *positiva valutazione ottenuta ai sensi dell'art. 6, comma 14, della legge 30.12.2010, n. 240*.

2019 Membro Comitato Scientifico, 9th annual spring scientific symposium in anesthesiology and intensive care. Nis, Serbia (13-15 Aprile 2019)

2019 Membro della Commissione per il settore concorsuale 06/L1-Anestesiologia, MED/41 per Professore di seconda fascia, Università degli Studi di Foggia, Foggia

2019 Membro Consensus Workgroup titled Management of the Respiratory System and Mechanical Ventilation in Acute Brain Injury – European Society of Intensive Care Medicine (ESICM)

2019 Membro del LACCTIN collaborative research Team (Prof Sebastian Ugarte, Cile)

2019 Sir Robert Machintosh Award – Lecture “ Anesthesiology and Critical Care: a lifestyle profession”, Vienna, Austria (01/05/2019)

2019 Presidente commissione – procedura di valutazione professore associato, Università degli Studi di Foggia

2019 Membro Editorial Board of Expert Review of Respiratory Medicine

2019 Membro Editorial Board Ananaesthesia and Rescue Medicine (Editor in Chief Prof Krzysztof Kusza)

2019 Membro Board Master “Neurologia di urgenza” – Direttore Prof Luigi Mancardi – Dipartimento Neuroscienze, Riabilitazione, Oftalmologia, Genetica e Scienze Materno-Infantili, Università degli Studi di Genova

2019 Membro DSMB Management of post-operative respiratory failure after cardiac surgery: a multicenter randomized controlled trial – BREATHR, Coordinator Prof Jean Michel Constantin, Department of Anaesthesiology and Critical Care Medicine, La Pitié-Salpêtrière University Hospital, AP-HP - Sorbonne Université, Paris, France

ATTIVITA' DIDATTICHE

Titolare e/o collaboratore per la preparazione delle tesi di laurea, attivita' tutoriali o di assistenza agli studenti (esercitazioni e sviluppo di nuovi approcci didattici) ai seguenti corsi:

1993 Corso di "Terapia Intensiva", Corso di Laurea in Medicina e Chirurgia, Università degli Studi di Milano (Titolare: Prof. L. Gattinoni)

1993-1999

Scuola di Specialità in Anestesia e Rianimazione, Università degli Studi di Milano (Direttore: Prof. G. Damia)

1995-1999

Corso integrato: "Emergenze medico-chirurgiche", Corso di Laurea in Medicina e Chirurgia, Facolta' di Medicina e Chirurgia, Universita' degli Studi di Milano (Titolari: Prof. L. Gattinoni, Prof. G.Tiberio)

1996-1999

Titolare dell'insegnamento di "Terapia Intensiva, Rianimazione e pronto soccorso", Corso integrato "Medicina d'urgenza e del paziente critico", Corso di Diploma Universitario in Scienze Infermieristiche, Universita' degli Studi di Milano

1997-1999

Titolare dell'insegnamento di " Terapia Intensiva", Corso integrato "Emergenze medico-chirurgiche", Facolta' di Medicina e Chirurgia, Universita' degli Studi di Milano, (Polo Universitario, Ospedale Sacco).

1997 Titolare dei corsi di " Medicina delle catastrofi" e "Rianimazione metabolica", Scuola di Specialita' in Anestesia e Rianimazione, Universita' degli Studi di Milano

1998 Docente presso il 3° Corso di perfezionamento in Fisioterapia e Riabilitazione Respiratoria (Direttore: Prof. G. Cavallaro).

1999-2010

Titolare dell'insegnamento di Terapia Intensiva (Corso Integrato Emergenze Medico Chirurgiche), Corso di Laurea in Medicina e Chirurgia, Facolta' di Medicina e Chirurgia, Universita' degli Studi dell'Insubria, Varese

1999-2010

Docente presso la Scuola di Specializzazione in Anestesia e Rianimazione, Universita' degli Studi dell'Insubria, Varese (Direttore: Prof. M. Chiaranda)

2000-2001

Titolare dell'insegnamento di Scienze dell'alimentazione (Corso Integrato di Fisiologia e Scienze della alimentazione), Corso di Diploma Universitario in Scienze Infermieristiche, Universita' degli Studi dell'Insubria, Varese

2000-2001

Presidente del Corso Integrato di Fisiologia e Scienze della alimentazione e Nutrizione Umana, nell'ambito del Diploma Universitario in Scienze Infermieristiche, Universita' degli Studi dell'Insubria, Varese.

2001 Membro della commissione Esami di Stato alla abilitazione alla professione di medico-chirurgo, Universita' degli Studi dell' Insubria, Varese

2002 Membro della commissione giudicatrice per l'esame finale del corso di Dottorato di ricerca in Fisiopatologia, farmacologia e terapia del dolore, Universita' degli Studi di Milano, Milano

2005-2010

Titolare dell'Insegnamento di Tecniche anestesiologiche in odontoiatria, (Corso Integrato Anestesiologia e Farmacologia Generale), Corso di laurea Specialistica in Odontoiatria e Protesi Dentaria, Facolta' di Odontoiatria, Universita' degli Studi dell'Insubria, Varese

2009-2012

Membro Commissione del XXV ciclo del Dottorato di Fisiologia Sperimentale e Clinica, Universita' degli Studi dell'Insubria, Varese (Dir. Prof. D. Negrini)

2009 -2010

Titolare dei seguenti Corsi Opzionali, Corso di Laurea in Medicina e Chirurgia, Facolta' di Medicina e Chirurgia, Universita' degli Studi dell'Insubria,Varese:

- "Fisiologia del sistema respiratorio di base: anatomia e funzione"
- "Fisiologia di base. La meccanica respiratoria in condizioni statiche"

- “Fisiologia di base: la meccanica respiratoria in condizioni dinamiche”
- “Gli scambi respiratori durante processi patologici polmonari”
- “Monitoraggio e diagnostica delle infezioni polmonari”
- “L’equilibrio acido-base”
- “I ventilatori meccanici, modalita’ di ventilazione e loro potenzialita”
- “Fisiologia di base: monitoraggio della emodinamica”
- “Fisiologia di base: monitoraggio del condizionamento dei gas inspirati”
- Monitoraggio della funzione renale e metabolica nel paziente critico”

2010 ad oggi

Titolare del Corso: Anestesiologia. Corso Integrato Emergenze e Traumatologia, Corso di Laurea in Medicina e Chirurgia, Facolta’ di Medicina e Chirurgia, Universita’ degli Studi di Genova, Genova.

2010 ad oggi

Titolare e Coordinatore del Corso: Anestesiologia e Primo soccorso. Corso di Laurea in Medicina e Chirurgia, Facolta’ di Medicina e Chirurgia, Universita’ degli Studi di Genova, Genova. Dal 2013, Il Corso BLS-D, parte applicativa, e’ stato ufficialmente certificato ed accreditato dal Servizio 118 Regione Liguria.

2010

Docente presso il Corso ADE “Anestesia”, Corso di Laurea in Medicina e Chirurgia, Facolta’ di Medicina e Chirurgia, Universita’ degli Studi di Genova, Genova

2010

Docente presso il Corso ADE “Terapia del Dolore”, Corso di Laurea in Medicina e Chirurgia, Facolta’ di Medicina e Chirurgia, Universita’ degli Studi di Genova, Genova

2010 ad oggi

Titolare Corso ADE “Terapia Intensiva”, Corso di Laurea in Medicina e Chirurgia, Facolta’ di Medicina e Chirurgia, Universita’ degli Studi di Genova, Genova

2010 ad oggi

Titolare del Corso, Anestesiologia e Trattamento delle Emergenze, (Corso Integrato Anestesiologia e Farmacologia Generale), Corso di laurea Specialistica in Odontoiatria e Protesi Dentaria, Universita' degli Studi di Genova, Genova

2010 ad oggi

Docente presso la Scuola di Specializzazione in Anestesia e Rianimazione, Universita' degli Studi di Genova, Genova

2010 ad oggi

Docente presso la Scuola di Specializzazione in Medicina di Emergenza-Urgenza, Universita' degli Studi di Genova, Genova

2010 ad oggi

Docente presso la Scuola di Specializzazione in Chirurgia Generale, Universita' degli Studi di Genova, Genova

2010 ad oggi

Docente presso la Scuola di Specializzazione in Tossicologia Medica, Universita' degli Studi di Genova, Genova

2010 ad oggi

Docente presso la Scuola di Specializzazione in Urologia, Universita' degli Studi di Genova, Genova

2010 ad oggi

Docente presso la Scuola di Specializzazione in Allergologia ed immunologia clinica, Universita' degli Studi di Genova, Genova

2010 ad oggi

Docente presso la Scuola di Specializzazione in Malattie dell'Apparato Respiratorio, Universita' degli Studi di Genova, Genova

2010 ad oggi

Docente presso la Scuola di Specializzazione in Chirurgia per l' Apparato Digerente, Universita' degli Studi di Genova, Genova

2010 ad oggi

Docente presso la Scuola di Specializzazione in Malattie Infettive e Medicina Tropicale, Universita' degli Studi di Genova, Genova

2011 ad oggi

Docente presso la Scuola di Specializzazione in Cardiochirurgia, Universita' degli Studi di Genova, Genova

2011 ad oggi

Docente presso la Scuola di Specializzazione in Farmacologia, Università degli Studi di Genova, Genova

2011 ad oggi

Docente presso la Scuola di Specializzazione in Chirurgia Plastica, Ricostruttiva ed Estetica, Università degli Studi di Genova, Genova

2011 ad oggi

Docente presso la Scuola di Specializzazione in Ortopedia e Traumatologia, Università degli Studi di Genova, Genova

2011 ad oggi

Docente presso la Scuola di Specializzazione in Oftalmologia, Università degli Studi di Genova

2011 ad oggi

Docente presso la Scuola di Specializzazione in Otorinolaringoiatria, Università degli Studi di Genova, Genova

2011 ad oggi

Docente presso la Scuola di Specializzazione in Neurochirurgia, Università degli Studi di Genova, Genova

2013 ad oggi

Docente presso la Scuola di Specializzazione in Ginecologia ed Ostetricia, Università degli Studi di Genova, Genova

2013 ad oggi

Docente presso la Scuola di Specializzazione in Chirurgia pediatrica, Università degli Studi di Genova, Genova

2013 ad oggi

Docente presso la Scuola di Specializzazione in Geriatria, Università degli Studi di Genova, Genova

2013 ad oggi

Docente presso la Scuola di Specializzazione in Medicina fisica e riabilitativa, Università degli Studi di Genova, Genova

2013 ad oggi

Docente presso la Scuola di Specializzazione in Malattie della'apparato cardiovascolare, Università degli Studi di Genova, Genova

2013 ad oggi

Docente presso la Scuola di Specializzazione in Ematologia, Università degli Studi di Genova, Genova

2013 ad oggi

Docente presso la Scuola di Specializzazione in Nefrologia, Università degli Studi di Genova, Genova

2013 ad oggi

Docente presso la Scuola di Specializzazione in Oncologia Medica, Università degli Studi di Genova, Genova

2013 ad oggi

Docente presso la Scuola di Specializzazione in Radioterapia Medica, Università degli Studi di Genova, Genova

2013 ad oggi

Docente presso la Scuola di Specializzazione in Radiodiagnostica, Università degli Studi di Genova, Genova

2013 ad oggi

Docente presso la Scuola di Specializzazione in Medicina Legale, Università degli Studi di Genova, Genova

2011 al 2020

Titolare del Corso, Rianimazione e Terapia Intensiva, Corso di Studio in Scienze infermieristiche, Universita' degli Studi di Genova, Genova (sede ASL 3)

2011 al 2016

Titolare del Corso, Rianimazione e Terapia Intensiva, Corso di Studio in Scienze infermieristiche, Universita' degli Studi di Genova, Genova (sede Galliera)

2011 ad oggi

Titolare del Corso: Emergenza e Primo Soccorso, Anestesiologia, Corso di Studio in Assistenza Sanitaria, Universita' degli Studi di Genova, Genova

2011 ad oggi

Titolare del Corso: Anestesiologia, Corso Integrato di Primo Soccorso e di Scienze Chirurgiche, Corso di Studio in Igiene dentale, Universita' degli Studi di Genova, Genova.

2011 ad oggi

Titolare del Corso: Riabilitazione in Ambiente Critico. Corso Integrato Prevenzione, Assistenza e Innovazione in Riabilitazione, Corso di Studio in Scienze delle Professioni Sanitarie della Riabilitazione., Universita' degli Studi di Genova, Genova.

2011 ad oggi

Titolare del Corso: Anestesiologia. Corso Integrato Primo soccorso, Corso di Studio in Tecniche di Fisiopatologia Cardiocircolatoria e Perfusione Cardiovascolare, Universita' degli Studi di Genova, Genova.

2011 a oggi

Titolare del Corso ADE "Anestesia", Corso di Laurea in Medicina e Chirurgia, Facolta' di Medicina e Chirurgia, Universita' degli Studi di Genova, Genova

2011 ad oggi

Titolare del Corso ADE "Terapia del Dolore", Corso di Laurea in Medicina e Chirurgia, Facolta' di Medicina e Chirurgia, Universita' degli Studi di Genova, Genova

2013 ad oggi

Docente presso il CdL in Tecniche di Neurofisiopatologia (Direttore Prof. Famà)

2013 ad oggi

Membro del Dottorato in Collegio Docenti del Corso di Dottorato in Management del Trapianto d'organo e di Tessuto (Prof. M Frascio), Universita' degli Studi di Genova

2013-2015

Referente Percorso di Formazione alla Ricerca Integrativo del Corso di Laurea Magistrale in Medicina e Chirurgia, Universita' degli Studi di Genova (Direttore Prof. Patrizio Oddetti)

2013 ad oggi

Docente presso la Scuola di Specializzazione in Oncologia Medica, Universita' degli Studi di Genova

2013

Membro del Comitato Ordinatore, Scuola di Specialita' in Otorinolaringoiatria, Universita' degli Studi di Genova

2013

Titolare Corso Titolare del Corso, Rianimazione e Terapia Intensiva, Corso di Studio in Scienze infermieristiche, Universita' degli Studi di Genova, Genova (Polo Galliera)

2013 ad oggi Coordinatore Corso Integrato "Corso Integrato di Primo Soccorso e di Scienze Chirurgiche", Corso di Studio in Igiene dentale, Universita' degli Studi di Genova, Genova.

2013 ad oggi Membro del Comitato Ordinatore Scuola di Specializzazione in Otorinolaringoiatria (Direttore Prof. G. Peretti)

2013 ad oggi Attivita' accreditata presso la Scuola di Specializzazione di Anestesia, Rianimazione e Terapia Intensiva, Università degli Studi di Genova di Umanitarian Medic, in collaborazione con Medici Senza Frontiere-Italia e CRIMEDIM (Centro di Ricerca Interdipartimentale in Medicina d'Emergenza e dei Disastri e di Informatica applicata alla didattica e alla pratica Medica)

2013 ad oggi Titolare Corso ADE "BLSD", Corso di Laurea in Igiene Dentale, Facoltà di Odontoiatria e Protesi Dentaria, Università degli Studi di Genova, Genova

2014 ad oggi Coordinamento Corso ALS (Advanced Life Support) nell'ambito della Scuola di Specializzazione in Anestesia, Rianimazione, e Terapia Intensiva, Università degli Studi di Genova

2014 ad oggi Titolare Corso Anestesiologia, Corso Integrato Terapia Medica Applicata e Cure Palliative, Università degli Studi di Genova.

2014 ad oggi Coordinatore corso BLS Scuola di Specializzazione in Urologia, Università degli Studi di Genova (Direttore: Prof. G. Carmignani)

2014 ad oggi Coordinatore corso BLSD certificato presso Corso di Odontoiatria, Corso di laurea Specialistica in Odontoiatria e Protesi Dentaria, Universita' degli Studi di Genova, Genova

2014 ad oggi Coordinatore corso BLSD presso Scuola di Specializzazione in Oculistica, Università degli Studi di Genova, Genova

2014 Coordinatore Corso LRA (Low Resource Anesthesia) in collaborazione con CRIMEDIM Medicina in ambienti a basse risorse, Università Degli Studi del Piemonte Orientale

2015 ad oggi Docente Master in Infermieristica in Area Critica, disciplina “Anestesiologia e Rianimazione” (MED/41, 8 ore di lezione, 1 CFU), Università degli Studi di Genova

2015 Membro Commissione per Tesi Finale di Dottorato, Dr Sabrine Hemmes (Tutor Prof. Marcus Schultz), Amsterdam Medical Center, University of Amsterdam (12/1272015)

2015 Coordinamento Sede Tirocinio Master di 1 livello in “Area critica ed emergenza infermieristica”, Università degli Studi di Genova

2016 ad oggi Docente Dottorato in Medicina Translazionale XXXII ciclo, Università degli Studi di Genova (Responsabile Prof M. Frascio, DISC)

2016 ad oggi Membro del Collegio Docenti della Commissione del XXXII Ciclo di Dottorato in “BIOTECNOLOGIE IN MEDICINA TRASLAZIONALE” (Prof. M Frascio), 2016, Università degli Studi di Genova

2017 ad oggi Membro della “SIAARTI Academy”, in qualità di Direttore della Scuola di Specializzazione in Anestesia, Rianimazione, Terapia Intensiva e del Dolore – Università degli Studi di Genova

2018 ad oggi Coordinatore Corso Integrato – Scienze Mediche II (primo semestre – quarto anno) – Corso di Laurea in Odontoiatria, CLOPD, Università degli studi di Genova

2018 ad oggi Coordinatore Corso Integrato – Anestesiologia e Trattamento della Emergenza– quarto anno - Corso di Laurea in Odontoiatria, CLOPD, Università degli studi di Genova

2018 ad oggi Coordinatore ADE Cure Palliative – Università degli Studi di Genova

2019 Referente Corso “Cure palliative e in Terapia del Dolore” – Università degli Studi di Genova

2019 2019 Membro collegio docenti dei Dottorati per l'A.A. 2019/2020 - CICLO XXXV – Universita' degli Studi di Genova

2019 Coordinamento per Anestesiologia MED/41 studenti ERASMUS, Università degli Studi di Genova

2019 Membro Board Master “Neurologia di urgenza” – Direttore Prof Luigi Mancardi – Dipartimento Dipartimento Neuroscienze, Riabilitazione, Oftalmologia, Genetica e Scienze Materno-Infantili, Università degli Studi di Genova

2020 Titolare del Corso, Rianimazione e Terapia Intensiva, Corso di Studio in Scienze infermieristiche, Universita' degli Studi di Genova, Genova (sede San Martino, Genova)

Interscambio Nazionale ed Internazionale Didattico, di Training e/o di Ricerca

I seguenti Dottori hanno frequentato la UOC Anestesia e Terapia Intensiva Post-Operatoria, AOU San Martini IST, Genova (Direttore Prof. Paolo Pelosi) per un periodo Didattico, di Ricerca e/o di Training:

Dott.ssa Maria Vargas (Gennaio 1, 2012 – Ottobre 30, 2012) Scuola di Specializzazione in Anestesia, Rianimazione e Terapia Intensiva, Universita' degli Studi di Napoli, Italia

Dott.ssa Yuda Sutherasan (Gennaio 15, 2013 – Settembre 30, 2014) Pulmonary Critical Care, Division of Pulmonary and Critical Care Medicine, Ramathibodu Hospital. Mahidol University, Bangkok, Thailand

Dott.ssa Andrea Serrano Reynal, European Society of Anaesthesiology (ESA) Trainee Exchange Programme (Aprile 1, 2013, - Giugno 30, 2013)

Dott. Davide D'Antini (Maggio 1, 2013 – Maggio 1, 2014), Scuola di Specializzazione in Anestesia, Rianimazione e Terapia Intensiva, Universita' degli Studi di Foggia, Italia

Dott. Raquel Rodriguez (Gennaio 1, 2014 – Giugno 30, 2014), Molecular Biology, University of Santiago de Compostela, Spain

Dott. Vincenzo De Falco, Scuola di Specializzazione in Anestesia, Rianimazione e Terapia Intensiva, Universita' degli Studi di Chieti, Italia (Gennaio 1, 2014 –Gennaio 31, 2014)

Dott. Pasquale Foglia, Scuola di Specializzazione in Anestesia, Rianimazione e Terapia Intensiva, Universita' degli Studi di Foggia, Italia (Gennaio 1, 2014 – Luglio 30, 2014)

Dott.ssa Anete Eklona, Department of Anesthesiology and Intensive Care, Rigas Stradina Universitat, Latvia (Giugno 21, 2014 – Giugno 28, 2014)

Dott.ssa Agnese Ozolina, Department of Anesthesiology and Intensive Care, Rigas Stradina Universitat, Latvia (Giugno 21, 2014 – Giugno 28, 2014)

Dott.ssa Bruna Scarpa, Department of Intensive Care, Albert Einstein Hospital, Sao Paulo, UFSP, Brasile (Luglio 3, 2015 –Agosto 3, 2015)

Dott.ssa Giuliana Calice, Department of Intensive Care, Einstein Hospital, Sao Paulo, Brasile (30 gennaio 2017 – 28 febbraio 2017)

Dott. Lars Ringlstetter, pediatric ICU at the university hospital in Gothenburg, as a part of a Nordic Intensivist Training program (The SSAI-ICU Training Program) (28 aprile 2017 – 30 maggio 2017)

Dott. Raphael Neisseragan, Einstein Institute Hospital, Sao Paulo, Brasil (1 Settembre 2017- 30 Ottobre 2017)

Dott.ssa Dorota Siwicka – Poland – ESA Trainee Exchange Programme (1 Settembre 2018 – 30 Novembre 2018)

Dott.ssa Titina Lopez, resident in Anesthesiology – Regional Hospital of high Specialty – El Bajio – Guanajuato Mexico – (1 gennaio 2019 – 28 febbraio 2019)

Dott. Glenn Abela, resident in Anesthesiology, University of Malta – European Society of Anaesthesiology - Trainee Exchange Programme, TEP (1 settembre 2019 – 31 novembre 2019)

Dott. Matteo Tajana, resident in Anesthesiology, University of Verona (22 aprile 2019 – 30 settembre 2019)

Dott.ssa Roberta Meinardi, resident in Anesthesiology, University of XXXXX (1 maggio 2019 – 1 luglio 2019)

Dott, Sarah Fernandez Ponce, Hospital Fundacion Clinica Medica, Mexico City, Mexico (1 Settembre 2019 – 31 dicembre 2019)

Dott Carmen Abela, ESA Trainee Exchange (1 Settembre 2019 – 31 dicembre 2019)

I seguenti Dottori afferenti alla Scuola di Specializzazione in Anestesia, Rianimazione e Terapia Intensiva, Universita' degli Studi di Genova (Direttore Prof. Paolo Pelosi) hanno frequentato all'estero per un periodo Didattico, di Ricerca e/o di Training:

Dott. Alessandro Sergi presso la Unita' di Terapia Intensiva dell'Ospedale 12 Octubre, Madrid, Direttore Prof Juan Carlo Montejo Gonzales (Settembre 1, 2012 – Giugno 30, 2013)

Dott. Fabio Tarantino presso Pulmonary Engineering Group Klinik für Anästhesie und Intensivtherapie Universitätsklinikum Carl Gustav Carus, Dresden (Germany), Responsabile Prof. De Abreu GM, Direttore Prof. T Koch (Marzo 1, 2013 – 30 Luglio, 2013)

Dott. Angelo Insorsi presso Pulmonary Engineering Group Klinik für Anästhesie und Intensivtherapie Universitätsklinikum Carl Gustav Carus, Dresden (Germany), Responsabile Prof. De Abreu GM, Direttore Prof. T. Koch (1 Agosto 2013 – 31, Dicembre, 2013)

Dott. Stefano Pezza, ESA Fellowship Training Programme, presso Anesthesia and Intensive Care, Lyon, France, Direttore Prof. JJ Lehot (1 Marzo 2013 -31 Maggio 2013)

Dott. Lorenzo Ball presso Pulmonary Engineering Group Klinik für Anästhesie und Intensivtherapie Universitätsklinikum Carl Gustav Carus, Dresden (Germany), Responsabile Prof. De Abreu GM, Direttore Prof. T Koch (Gennaio 1, 2014 – Dicembre 31, 2014)

Dott. Simone Bazzurro, Fellow presso Anaesthesia and Intensive Care St George's Hospital and Medical School SW17 0QT London, Direttore Prof. M Cecconi (Luglio, 2014 – Luglio 2015)

Dott.ssa Francesca Simonassi presso Pulmonary Engineering Group Klinik für Anästhesie und Intensivtherapie Universitätsklinikum Carl Gustav Carus, Dresden (Germany), Responsabile Prof. De Abreu GM, Direttore Prof. T Koch (Gennaio 1, 2015 – Luglio 31, 2015)

Dott.ssa Alessia Montaguti presso Pulmonary Engineering Group Klinik für Anästhesie und Intensivtherapie Universitätsklinikum Carl Gustav Carus, Dresden (Germany), Responsabile Prof. De Abreu GM, Direttore Prof. T Koch (Luglio 1, 2015 – Dicembre 31, 2015)

Dott.ssa Elena Antonucci presso Experimental Research Center, University of Ulm, Ulm, Germany, Responsabile Prof. Peter Radermacher (15 settembre 2015 – 30 Giugno 2015)

Dott. Tarek Senoussi presso Department of Pulmonology, Hospital Clinic of Barcelona, Institut D'investigacions August Pi I Sunyer (IDIBAPS), University of Barcelona, Ciber de Enfermedades Respiratorias (CIBERES), Barcelona, Spain, Responsabile Prof. Toni Torres (15 Settembre 2015 – 15 Settembre 2016)

Dott. Lorenzo Ball presso Amsterdam Medical Center, Amsterdam, Olanda, Responsabile Prof. Marcus Schultz (17 Dicembre 2015- 23 Dicembre 2015)

Dott. Francesco Pagliara presso Hospital Clinic of Barcelona, Institut D'investigacions August Pi I Sunyer (IDIBAPS), University of Barcelona, Ciber de Enfermedades Respiratorias (CIBERES), Barcelona, Spain, Responsabile Prof. Toni Torres (15 Settembre 2016 – 15 Settembre 2017)

Dott. Marco Millone presso Pulmonary Engineering Group Klinik für Anästhesie und Intensivtherapie Universitätsklinikum Carl Gustav Carus, Dresden (Germany), Responsabile Prof. De Abreu GM, Direttore Prof. T Koch (30 Maggio, 2016 – 30 Maggio 2017)

Dott. Maurizio Loconte presso Experimental Research Center, University of Ulm, Ulm, Germany, Responsabile Prof. Peter Radermacher (30 Settembre 2016 – 30 Settembre 2017)

Dott.ssa Francesca Rapetti - Klinik für Anästhesiologie - Universitätsmedizin Göttingen, Germany, Responsabile Prof. M. Quintel – supervisor Prof. L. Gattinoni (30 Settembre 2016 – 30 Settembre 2017)

Dott.ssa Veronica Vercesi, presso Amsterdam Medical Center, Amsterdam, Olanda, Responsabile Prof. Marcus Schultz (30 Novembre 2016- 30 Maggio 2017)

Dott. Fabio Pino presso Hedenstierna Laboratory, Uppsala, Sweden, Responsabile Prof. Anders Larrsson (30 Novembre 2016 – 30 Settembre 2017)

Dott. Andrea Dolcino presso University Hospital Necker Enfants Malades, Parigi, Francia, Responsabile - Dott. Claudio Barbanti (30 Maggio 2016 – 30 Maggio 2017)

Dott.ssa Denise Battaglini presso Hospital Clinic of Barcelona, Institut D'investigacions August Pi I Sunyer (IDIBAPS), University of Barcelona, Ciber de Enfermedades Respiratorias (CIBERES), Barcelona, Spain, Responsabile Prof. Toni Torres (1 Dicembre 2017 – 1 Dicembre 2018)

Dott. Gicomo Tanzella presso Hospital Clinic of Barcelona, Institut D'investigacions August Pi I Sunyer (IDIBAPS), University of Barcelona, Ciber de Enfermedades Respiratorias (CIBERES), Barcelona, Spain, Responsabile Prof. Toni Torres (1 Dicembre 2018 – 1 Dicembre 2019)

Dott. Lorenzo Maiello presso Pulmonary Engineering Group Klinik für Anästhesie und Intensivtherapie Universitätsklinikum Carl Gustav Carus, Dresden (Germany), Responsabile Prof. De Abreu GM, Direttore Prof. T Koch (1 gennaio, 2020 – 3 marzo 2020)

Dott.ssa Annalisa Garre presso Pulmonary Engineering Group Klinik für Anästhesie und Intensivtherapie Universitätsklinikum Carl Gustav Carus, Dresden (Germany), Responsabile Prof. De Abreu GM, Direttore Prof. T Koch (1 gennaio, 2020 – 3 marzo 2020)

Dottorandi:

Dott Lorenzo Ball – dottorato in Anestesiologia e Terapia Intensiva, Università di Amsterdam (Promoter Prof Marcus Schultz, Copromoter Prof Paolo Pelosi)

Dott. Simone Bazzurro – dottorato in Biotecnologie in Medicina Transizionale (Promoter Prof. Paolo Pelosi)

Dott.ssa Denise Battaglini – dottorato in Neuroscienze (Promoter Prof. Antonio Torres - Copromoter Prof. Paolo Pelosi)

PARTECIPAZIONE A CONGRESSI IN QUALITA' DI CHAIRMAN O RELATORE SU INVITO

1991

1. Resistenza inspiratoria ed espiratoria. In: Rianimazione Respiratoria, recenti acquisizioni. Scuola Superiore di Oncologia e Scienze Biomediche, S. Margherita Ligure (24/9/91)

1993

2. Variazioni della meccanica respiratoria e degli scambi gassosi durante colecistectomia laparoscopica. In: Problemi anestesiologici in chirurgia laparoscopica, INRCA-IRCCS, Ancona (16/4/93)
3. Problemi anestesiologici durante colecistectomia laparoscopica. Seminario svolto presso l'Università degli studi di Pavia, Pavia (13/1/93)
4. Distribuzione dell'edema polmonare nel corso di ARDS e conseguenze cliniche. In: XVII Corso di Aggiornamento in Fisiopatologia Respiratoria. L'interstizio polmonare e la funzione respiratoria, 11th International Meeting on new trends in Medicine, Milano Medicina '93, Milano (23/11/93)
5. Stato ottimale e prospettive future in anestesia per tecniche laparoscopiche. In: One day surgery; La chirurgia ambulatoriale in diretta", Milano (24/6/93)
6. Uso degli scambiatori di calore ed umidità in terapia intensiva. In: Umidificazione a lungo termine con HME, Simposio Mostra Anestesia Rianimazione e Terapia Intensiva 1993, Milano (27/5/93)
7. Respiratory mechanics evaluation during PSV. In: Mechanical Ventilation Symposium. Simposio Mostra Anestesia Rianimazione e Terapia Intensiva 1993, Milano (27/5/93)
8. Chairman Sessione Posters "Insufficienza respiratoria acuta" in Simposio Mostra Anestesia Rianimazione e Terapia Intensiva 1993, Milano (27/5/93)

1994

9. Ventilation distribution in acute respiratory failure. In: 14th International Symposium on Intensive Care and Emergency Medicine, Bruxelles (17/3/94)
10. Chairman Sessione "Respiratory muscle fatigue". In: 14th International Symposium on Intensive Care and Emergency Medicine, Bruxelles (18/3/94)
11. Chairman Sessione "Meccanica respiratoria". In: Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (27/5/94)
12. Posizionamento e mobilizzazione del paziente in Terapia Intensiva. In: Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (27/5/94)
13. L'anestesia in laparoscopia. In: Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (27/5/94)
14. Regional compliance and distribution of ventilation in adult respiratory distress syndrome: effects of positive end-expiratory pressure. In: Diagnostic principles in acute respiratory failure. 7th European Congress in Intensive Care Medicine, Innsbruck (16/6/94)
15. Mezzi meccanici e posizionamento nella insufficienza respiratoria acuta. In: Utilizzazione dei mezzi di supporto fluidizzati e dei sistemi per il posizionamento del paziente in terapia intensiva, Firenze (13/4/94)
16. Prototipo per l'interpretazione dei dati di meccanica respiratoria in terapia intensiva. In: Novita' in tema di monitoraggio strumentale. 48° Congresso Nazionale Societa' Italiana Anestesia Analgesia Rianimazione e Terapia Intensiva, Rimini (29/9/94)
17. Sedazione ed analgesia in Terapia Intensiva. In: Corso di formazione regionale per medici, Lugano (9/9/94)
18. Chairman Sessione "Anesthesia in laparoscopic abdominal surgery". In: Recent advances in anaesthesia, pain, intensive care and emergency medicine, Trieste (19/9/94)
19. Preliminary report on coelioscopic cholecystectomy trial. In: Anaesthesia in laparoscopic abdominal surgery. Recent advances in

anaesthesia, pain, intensive care and emergency medicine, Trieste
(19/9/94)

1995

20. Lung and chest wall mechanics during mechanical ventilation. In: 15th International Symposium on Intensive Care and Emergency Medicine, Bruxelles (22/3/95)
21. Distribution of ventilation in COPD. In: 15th International Symposium on Intensive Care and Emergency Medicine, Bruxelles (23/3/95)
22. Chairman Sessione "ARDS". In: 15th International Symposium on Intensive Care and Emergency Medicine, Bruxelles (22/3/95)
23. Lung and chest wall mechanics in patients with acute respiratory failure. Seminario svolto presso l'Universita' di Trieste, Trieste (11/4/95)
24. L'umidificazione delle vie aeree in terapia intensiva. In: Sessione nursing. Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (2/6/95)
25. Applicazioni cliniche della posizione prona. In: Variazioni posturali nell'ARDS. Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (2/6/95)
26. Effetti meccanici e clinici delle variazioni di flusso inspiratorio. In: Variazioni della velocita' di flusso durante pressure support: strumento clinico o esercizio tecnologico? Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (31/5/95)
27. Importanza clinica e fisiopatologica della valutazione dell'acqua polmonare in pazienti con insufficienza respiratoria acuta. In: Monitoraggio emodinamico: volumi o pressioni? Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (31/5/95)
28. Chairman Sessione "Ventilazione meccanica". Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (1/6/95)

29. Il ruolo del posizionamento in terapia intensiva. Seminario svolto presso l'Ospedale San Giovanni di Dio, Firenze (12/7/95)
30. GiLAP (Gruppo italiano Laparoscopia). Studio multicentrico controllato sull'anestesia in chirurgia laparoscopica: stato attuale. In: Workshop on gasless laparoscopy. Ospedale San Carlo Borromeo, Milano (23/9/95)
31. Valutazione della meccanica respiratoria nel paziente sedato e curarizzato. In: Monitoraggio della meccanica respiratoria nel paziente ventilato in rianimazione. Scuola Superiore di Oncologia e Scienze Biomediche, Accademia Nazionale di Medicina, Milano (25/9/95)
32. Chairman Sessione "Quali parametri di meccanica respiratoria sono da utilizzare durante lo svezzamento dei nel paziente ventilato in rianimazione. In: Monitoraggio della meccanica respiratoria nel paziente ventilato in rianimazione. Scuola Superiore di Oncologia e Scienze Biomediche, Accademia Nazionale di Medicina, Milano (26/9/95)
33. Chairman Sessione "E' utile la valutazione della meccanica respiratoria in terapia intensiva? In: Monitoraggio della meccanica respiratoria nel paziente ventilato in rianimazione. Scuola Superiore di Oncologia e Scienze Biomediche, Accademia Nazionale di Medicina, Milano (27/9/95)
34. Posizionamento prono in terapia intensiva. In: Novita' in ventilazione meccanica. 49° Congresso Nazionale Societa' Italiana Anestesia Analgesia Rianimazione e Terapia Intensiva, Sorrento (15/10/95)
35. Accuracy of mechanics determined in ICU. In: Mechanical ventilation. 8th European Congress in Intensive Care Medicine, Atene (20/10/95)
36. Obesity and coexisting diseases: anesthesiological point of view. In: Recent advances in anaesthesia, pain, intensive care and emergency medicine, Trieste (15/11/95)
37. Total respiratory system, lung and chest wall mechanics in sedated-paralyzed morbidly obese patients. In: Anesthesiological problems in obesity. Recent advances in anaesthesia, pain, intensive care and emergency medicine, Trieste (16/11/95)

38. Applicazione del naso artificiale in corso di ventilazione controllata ed assistita. Seminario presso l'Ospedale Civico di Lugano (23/11/95)
39. Valutazione della meccanica respiratoria nel paziente sedato e curarizzato. In: Monitoraggio della meccanica respiratoria nel paziente ventilato in rianimazione. Scuola Superiore di Oncologia e Scienze Biomediche, Accademia Nazionale di Medicina, Milano (27/11/95)
40. Ventilazione assistita: regolazione a volume o a pressione?. In: Nuovi Orientamenti in corso di ventilazione assistita: aspetti tecnologici e clinici, Torino (11/12/95)

1996

41. Adjustable rise time during inspiration. Seminario presso il centro ricerche Allied HealthCare Products Inc., Zug (1/3/96)
42. The use of the Bicore data. Seminario presso il centro ricerche Allied HealthCare Products Inc., Zug (1/3/96)
43. La ventilazione meccanica: aspetti tecnologici e clinici. In: Corso sulla ventilazione meccanica, Busto Arsizio (4/3/95)
44. La misura della meccanica respiratoria nel paziente critico. In: Corso sulla ventilazione meccanica, Busto Arsizio (11/3/96)
45. Terapia ventilatoria assistita. In: La sindrome delle apnee nel sonno: attualita' e terapie, Milano (16/3/96)
46. Effects of PEEP on respiratory mechanics, hemodynamics and gas-exchange. In: 16th International Symposium on Intensive Care and Emergency Medicine, Bruxelles (20/3/96)
47. Role of bronchodilators in the treatment of ARDS. In: 16th International Symposium on Intensive Care and Emergency Medicine, Bruxelles (20/3/96)
48. Heat and moisture exchangers: are they useful or dangerous?. In: 16th International Symposium on Intensive Care and Emergency Medicine, Bruxelles (20/3/96)

49. Measurement of extravascular lung water: is it useful?. In: 16th International Symposium on Intensive Care and Emergency Medicine, Bruxelles (21/3/96)
50. The importance of positioning. In: 16th International Symposium on Intensive Care and Emergency Medicine, Bruxelles (21/3/96)
51. Chairman Sessione "Respiratory failure". In: 16th International Symposium on Intensive Care and Emergency Medicine, Bruxelles (21/3/96)
52. Managing of the obese ICU patient, In: 16th International Symposium on Intensive Care and Emergency Medicine, Bruxelles (22/3/1996)
53. Modificazioni della funzione polmonare e respiratoria in Corso di anestesia generale nei pazienti affetti da broncopneumopatia cronica ostruttiva (BPCO) ed asma. In: Corso postuniversitario in anestesiologia (nuovo ciclo), FEEA, Lignano Pineta (30/3/96)
54. Tecniche di weaning nel paziente critico. In: Corso sulla ventilazione meccanica, Busto Arsizio (3/4/96)
55. Rapporti fisiologici tra consumo e trasporto di ossigeno. In: XI Congresso della Societa' Italiana di Terapia Intensiva, Montecatini (26/4/96)
56. Uso della PEEP durante ventilazione meccanica controllata in pazienti con BPCO riacutizzati ed iperinflazione dinamica. In: XI Congresso della Societa' Italiana di Terapia Intensiva, Montecatini (26/4/96)
57. Imaging nel paziente critico. In: XI Congresso della Societa' Italiana di Terapia Intensiva, Montecatini (27/4/96)
58. Il ruolo della rianimazione nelle affezioni broncopolmonari. In: Corso primaverile di aggiornamento professionale per medici, Cuggiono (10/5/96)
59. Chairman sessione Meccanica Respiratoria I. In: Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (28/5/96)
60. Distribuzione di pressione e volume nella COPD. In: Il broncopneumopatico cronico ostruttivo: vecchie e nuove strategie

terapeutiche. Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (29/5/96)

61. Alterazioni respiratorie nell'anestesia del paziente grande obeso. In: Aggiornamenti in anestesia. Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (29/5/96)
62. Applicazioni cliniche della CPAP in ambiente non intensivo. Problemi e soluzioni. In: La CPAP oggi. Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (30/5/96)
63. Sedazione del paziente ventilato. In: SMART nursing. Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (30/5/96)
64. Chairman Sessione SMART Nursing. In: SMART nursing. Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (30/5/96)
65. L'anestesia in laparoscopia. 50° Congresso Nazionale Societa' Italiana Anestesia Analgesia Rianimazione e Terapia Intensiva, Ancona (3/10/96)
66. Chairman Sessione comunicazioni libere sulla anestesia in laparoscopia. 50° Congresso Nazionale Societa' Italiana Anestesia Analgesia Rianimazione e Terapia Intensiva, Ancona (3/10/96)
67. Terapia fluidica in corso di shock emorragico. In: Il paziente critico: aspetti clinici e tecniche avanzate di monitoraggio. 50° Congresso Nazionale Societa' Italiana Anestesia Analgesia Rianimazione e Terapia Intensiva, Ancona (4/10/96)
68. Fisiopatologia della insufficienza respiratoria acuta. In: Basi fisiopatologiche della insufficienza respiratoria e della ventilazione artificiale. I° Corso di aggiornamento in Rianimazione e Terapia Intensiva, La ventilazione artificiale, Portovenere (18/10/96)
69. PCV e APCV. In: Modalita' di ventilazione meccanica: caratteristiche e regolazione dei parametri, indicazioni. I° Corso di aggiornamento in Rianimazione e Terapia Intensiva, La ventilazione artificiale, Portovenere (18/10/96)
70. Monitoraggio della meccanica respiratoria nel paziente sedato e curarizzato. In: monitoraggio della ventilazione meccanica. I° Corso di aggiornamento in Rianimazione e Terapia Intensiva, La ventilazione artificiale, Portovenere (18/10/96)

71. Il weaning dal punto di vista clinico. In: Weaning dalla ventilazione meccanica. I° Corso di aggiornamento in Rianimazione e Terapia Intensiva, La ventilazione artificiale, Portovenere (19/10/96)
72. Tomodensitometric aspects of ARDS. Seminario presso la Faculte' de Medicine Paris IV, Groupe Hospitalier Pitie-Salpetriere, Parigi (21/10/96)
73. Actual investigation on CT scan aspects of ARDS. Seminario presso la Faculte' de Medicine Paris IV, Groupe hospitalier Pitie-Salpetriere, Parigi (22/10/96)
74. ARDS: homogeneous or non homogeneous impairment of the lung?. In: Respiratory mechanics from mathematical analysis to clinical application. 11th International postgraduate course on critical care medicine, Trieste (15/11/96)
75. Imaging nella insufficienza respiratoria acuta. In: Aspetti generali ed organizzativi. Pneumologia 96, 5° Corso internazionale di aggiornamento, Trieste (18/11/96)
76. Insufficienza respiratoria acuta da alterazione degli scambi gassosi. Pneumologia 96, 5° Corso internazionale di aggiornamento, Trieste (19/11/96)
77. Chairman Sessione "Insufficienza respiratoria acuta da alterazione degli scambi gassosi. Pneumologia 96, 5° Corso Internazionale di aggiornamento, Trieste (19/11/96)

1997

78. Dependency of CT densities during ARDS. In: Tomodensitometric aspects of ARDS. 5th European Society of Anaesthesiologists meeting, Losanna (5/5/97)
79. Thoracopulmonary compliance. In: Measurement of respiratory mechanics during mechanical ventilation. 5th European Society of Anaesthesiologists meeting, Losanna (5/5/97)
80. Importanza della valutazione dei flussi respiratori durante ventilazione meccanica. In: IX Riunione regionale di rianimazione, Ospedale civico, Lugano (6/5/97)

81. Pathophysiological response to prone positioning. In : Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (28/5/97)
82. Ansia nel personale della terapia intensiva: metodi e strumenti. In: Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (28/5/97)
83. Chairman "Sessione Meccanica respiratoria". In: Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (28/5/97)
84. Ventilatory strategies in the management of ARDS. In: Acute respiratory distress syndrome: cellular and molecular mechanisms and clinical management. NATO Advanced Study Institute, Corfu', Greece (19/6/97)
85. Effetti fisiopatologici della postura in anestesia. In: XX Congresso Nazionale Societa' Italiana Anestesia Analgesia Rianimazione e Terapia Intensiva, Torino (3/8/97)
86. Chairman "Sessione meccanica respiratoria". In: XX Congresso Nazionale Societa' Italiana Anestesia Analgesia Rianimazione e Terapia Intensiva, Torino (3/8/97)
87. Measurements of pulmonary compliance: technical aspects. In: International symposium on Critical Care Medicine, Trieste (21/11/97)
88. Alveolar recruitment and ventilatory dysfunction in ARDS, clinical application. In: "International Symposium on Critical Care Medicine, Trieste (21/11/97)
89. Primitive vs secondary ARDS: same syndrome?. In: International Meeting "The Anesthesiologists' way from IXIth to XXIst, Santiago di Compostela, Spain (4/8/97)
90. Prone position in ARDS. In: Developments in respiratory management. Glasgow, UK (11/11/97)

1998

91. To sigh or not to sigh. In: 18th International Symposium on Intensive Care and Emergency Medicine, Bruxelles, Belgium (18/3/98)

92. From the ventilatory circuit to tracheostomy. In: 18th International Symposium on Intensive Care and Emergency Medicine, Bruxelles, Belgium (18/3/98)
93. Resistance of HME and ventilatory circuit. In: 18th International Symposium on Intensive Care and Emergency Medicine, Bruxelles, Belgium (19/3/98)
94. Chairman "Sessione ventilator-induced lung injury". In: 18th International Symposium on Intensive Care and Emergency Medicine, Bruxelles, Belgium (19/3/98)
95. Chairman "Pro-con debate on work of breathing. In: 18th International Symposium on Intensive Care and Emergency Medicine, Bruxelles, Belgium (19/3/98)
96. Prone position. In: 18th International Symposium on Intensive Care and Emergency Medicine, Bruxelles, Belgium (20/3/98)
97. Lung recruitment in ARDS. In: 18th International Symposium on Intensive Care and Emergency Medicine, Bruxelles, Belgium (20/3/98)
98. La ventilazione monopolmonare. In: Corso post-universitario FEEA, Lignano (28/3/98)
99. Interest of CT scanner in patients with acute lung injury. In: 6th European Society of Anaesthesiologists meeting, Barcellona, Spain (25/4/98)
100. Chairman "Session on respiratory mechanics". In: 6th European Society of Anaesthesiologists meeting, Barcellona, Spain (26/4/98)
101. Prone position in acute lung injury. In: 6th European Society of Anaesthesiologists meeting, Barcellona, Spain (27/4/98)
102. Tac del torace: indicazioni ed informazioni deducibili. In: 3° Corso nazionale teorico pratico Associazione Italiana Pneumologi Ospedalieri, Milano (14/5/98)
103. To sigh or not to sigh. In: 2nd State of the art, Interdisciplinary review course on infections, thoracic and critical care medicine, Athens, Greece (16/5/1998)

104. Pathophysiology of ARDS. In: Respiratorbehandling og akutt respirasjonssrikt, Bergen, Norway (19/5/1998)
105. Prone position in ARDS. In: Respiratorbehandling og akutt respirasjonssrikt, Bergen, Norway (19/5/1998)
106. Sedazione: rassegna nelle terapie intensive. In: Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (27/5/98)
107. Misurazione dei movimenti e dei volumi polmonari. In: Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (27/5/98)
108. Un nuovo umidificatore attivo a vaporizzazione: esperienze preliminari. In: Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (28/5/98)
109. La pressione addominale: considerazioni tecniche. In: Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (29/5/98)
110. Le conseguenze delle alterazioni della parete toracica nella insufficienza respiratoria acuta. In: Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (29/5/98)
111. Ansia e stress nel personale infermieristico? Risultati di uno studio multicentrico. In: Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (29/5/98)
112. Meccanica polmonare: principi, tecnica, dati clinici. In: XIII Congresso Societa' Italiana Terapia Intensiva, Bologna (21/6/98)
113. Kinetic therapy versus prone position: does it matter?. In: 10th European Congress of Anesthesiology, Frankfurt, Germany (2/7/98)
114. Tidal volume and PEEP interactions. In: 11th European Congress of Intensive Care Medicine. Stockholm, Sweden (7/9/98)
115. To sigh or not to sigh. Seminario presso l'Universita' di Trieste (10/9/98)
116. Insufficienza respiratoria acuta in terapia intensiva: dalla meccanica respiratoria all'imaging. Giornate Associazione Anestesisti Rianimatori Ospedalieri Italiani, Roma (19/9/98)

117. CT scan in ARDS. In: European Respiratory Society meeting, Geneva, Switzerland (23/9/98)
118. ARDS primitiva e secondaria. In: Rianimazione e Terapia intensiva respiratoria, Accademia Nazionale di Medicina, Santa Margherita Ligure (29/9/98)
119. Posizionamento del paziente e manipolazioni della meccanica della parete toracica. In: Rianimazione e Terapia intensiva respiratoria, Accademia Nazionale di Medicina, Santa Margherita Ligure (29/9/98)
120. Sigh nella insufficienza respiratoria acuta. In: 52° Congresso Nazionale Societa' Italiana Anestesia Analgesia Rianimazione e Terapia Intensiva, Udine (15/10/98)
121. CPAP: aspetti tecnologici. In: 52° Congresso Nazionale Societa' Italiana Anestesia Analgesia Rianimazione e Terapia Intensiva, Udine (16/10/98)
122. Umidificatore DAR HC 2000: un nuovo sistema di umidificazione. In: 52° Congresso Nazionale Nazionale Societa' Italiana Anestesia Analgesia Rianimazione e Terapia Intensiva, Udine (16/10/98)
123. PEEP-Tidal volume interactions. Consensus Conference on ARDS, Critical Care Meeting Symposium, Toronto, Canada (30/10/98)
124. Respiratory mechanics in healthy subjects. In: Respiratory mechanics course, International Symposium on Critical Care Medicine, Trieste (16/11/98)
125. Respiratory mechanics in diseased lungs. In: Respiratory mechanics course, International Symposium on Critical Care Medicine, Trieste (17/11/98)
126. Weaning strategies in critically ill patients. In: International symposium on long-term critically ill patients. Louven (19/11/98)
127. Effetti dei farmaci analgesici e sedativi sulla funzione respiratoria. In: L'anestesia "out of the room" e per outpatients. Camposampiero, Padova (12/12/98)

1999

128. Principi di terapia e tecniche di ventilazione nel trauma toracico. In: I traumi del torace, Lido di Camaiore (16/1/99)
129. Meccanica respiratoria nell'ARDS. In: Corso residenziale: ventilazione artificiale meccanica, Milano (1/2/99)
130. Influence of intra on respiratory mechanics. In: Dialogues on Anesthesia and Intensive Care, Napoli (5/2/99)
131. Prone position in ARDS. In: Dialogues on Anesthesia and Intensive Care, Napoli (5/2/99)
132. Modalita' invasive di assistenza respiratoria. In: Supporto ventilatorio in Anestesia, Padova (6/3/99)
133. Prone position in ARDS. In: XXXI International Meeting of Anesthesiology and Critical Care, Paris, France (14/3/99)
134. Ventilazione artificiale e barotrauma. In: Corso postuniversitario in anestesiologia e medicina intensiva (FEEA), Lignano (10/4/99)
135. Tecniche di ventilazione nel paziente obeso. In: Corso postuniversitario in anestesiologia e medicina intensiva (FEEA), Lignano (10/4/99)
136. Non ventilatory strategies in ARDS. In: College scientific meeting on "The respiratory system in anesthesia and intensive care" (Royal College of anesthetists), London (7/5/99)
137. Chairman Sessione "La funzione respiratoria in anestesia". In: Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (26/5/99)
138. Chairman Sessione " Sedation in Intensive care". In: Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (27/5/99)
139. Il "respirone nell'ARDS". In: Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (28/5/99)
140. Ansia e stress del personale infermieristico: analisi comparata tra reparti di terapia intensiva e reparti di base. In: Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (28/5/99)

141. Rationale for reducing tidal volume. In: 7th European Society of Anaesthesiologists congress, Amsterdam, The Netherlands (30/5/99)
142. Chairman Session "Benefits and risks of heat and moisture exchangers". In: 7th European Society of Anaesthesiologists congress, Amsterdam (30/5/99)
143. Chairman Poster Session "Respiratory mechanics in anesthesia". In: 7th European Society of Anaesthesiologists congress, Amsterdam, The Netherlands (1/6/99)
144. The rationale of the prone position in patients with acute respiratory distress syndrome. In: 7th European Society of Anaesthesiologists congress, Amsterdam, The Netherlands (1/6/99)
145. Meccanica respiratoria nei bambini. In: La ventilazione meccanica in età pediatrica, Milano (7/6/99)
146. Update in acute lung injury. In: 2nd annual meeting on "New strategies in critical care", Firenze (12/6/99)
147. L'ipossia tissutale nello shock emorragico. In: 53°Congresso Nazionale della Società di Anestesia Analgesia Rianimazione e Terapia Intensiva, Roma (24/9/99)
148. The prone position. In: 41°Congrès National d'Anesthesia et de Réanimation, Parigi (25/9/99)
149. Mechanical properties of the lung: importance and visualization. In: Austrian International Congress, Vienna, Austria (2/10/99)
150. Sigh and recruitment. In: ESICM Congress, Berlin, Germany (5/10/99)
151. Alveolar recruitment in ARDS: old and new strategies, University of Heidelberg, Mannheim, Germany (18/10/99)
152. Mechanisms of ARDS. International Symposium on Critical Care Medicine, Trieste (17/11/99)
153. CT scan in ARDS. In: International Symposium on Critical Care Medicine, Trieste (17/11/99)

154. Chairman: The chest. In: International Symposium on Critical Care Medicine, Trieste (17/11/99)
155. L'uso dei bloccanti neuromuscolari in terapia intensiva. In: La sedazione in terapia intensiva, Padova (20/11/99)
156. Alterazioni dell'equilibrio acido base. V Corso annuale in rianimazione ed anestesia cardiotoracica, Milano (26/11/99)

2000

157. Confronto tra tecniche ventilatorie. In: Insufficienza respiratoria acuta e cronica riaccutizzata in terapia intensiva, Lucca (10/1/2000)
158. Ventilazione artificiale: moderno orientamenti. In: XXVIII giornata di anestesia e rianimazione in terra di lavoro, Caserta (29/1/2000)
159. Tecniche di ventilazione in terapia intensiva, Seminario presso l'Istituto di Anestesia e Rianimazione, Universita' degli Studi di Padova
160. The prone position during anesthesia. In: ESA meeting, Vienna (2/4/2000)
161. Prone position: impact on morbidity and mortality. In: ESA meeting, Vienna, Austria (2/4/2000)
162. Chairman: Lung injury and strategies of ventilation. In: ESA meeting, Vienna, Austria (3/4/2000)
163. Chairman: Weaning. In: ESA meeting, Vienna, Austria (4/4/2000)
164. Keynote lecture: ARDS, new strategies for the future. Austrian International Congress, Vienna, Austria (4/4/2000)
165. Strategie di supporto ventilatorio nell'ARDS. In: Corso post universitario in anestesiologia e rianimazione (FEEA), Lignano (14/4/2000)
166. Monitoraggio della meccanica respiratoria. In: Corso post universitario in anestesiologia e rianimazione (FEEA), Lignano (14/4/2000)

167. Physiological approach to the “open lung approach”. In: German Congress of Anesthesia, Monaco, Germany (8/5/2000)
168. Chairman: Airway humidification during mechanical ventilation. In: SMART Congress, Milano (25/5/2000)
169. Chairman: ARDS. In: Smart Congress, Milano (26/5/2000)
170. Chairman: Sessione posters IV. In: SMART Congress, Milano (26/5/2000)
171. Umidificazione delle vie aeree in ventilazione artificiale: problemi e possibili soluzioni. In: SMART Congress, Corso avanzato di ventilazione meccanica, Milano (25/5/2000)
172. La ventilazione artificiale in corso di anestesia. In: SMART Congress, Corso avanzato di ventilazione meccanica, Milano (26/5/2000)
173. Siemens 300 C. In: SMART Congress, Milano (24/5/2000)
174. PEEP in anesthesia: when and how. In: SMART Congress, Milano (24/5/2000)
175. La PEEP nei bambini sottoposti a trapianto di fegato. In: XIV Congresso SITI, Genova (24/6/2000)
176. La meccanica respiratoria in terapia intensiva. In: XIV Congresso SITI, Genova (24/6/2000)
177. Ventilazione artificiale: moderni orientamenti. In: XIV Simposio meridionale di anestesiologia e rianimazione, Lamezia Terme (30/6/2000)
178. Imaging techniques for assessment of lung function. In: 13° ESICM, Congress, Roma (1/10/2000)
179. Measurement of the bladder pressure: pathophysiological and clinical insights. In: 13° ESICM Congress, Roma (2/10/2000)
180. Chairman: Physiotherapy of the respiratory system. In: 13° ESICM Congress, Roma (2/10/2000)
181. Chairman: Acute lung injury. In: 13° ESICM Congress, Roma (2/10/2000)

182. Chairman: How to manage the airways. In: 13° ESICM Congress, Roma (2/10/2000)
183. Scelta della PEEP e del volume corrente nell'ARDS. In: 54° Congresso SIAARTI, Napoli (26/10/2000)
184. Funzione respiratoria nel paziente obeso nel periodo perioperatorio. In: 54° Congresso SIAARTI, Napoli (28/10/2000)
185. Anesthesia monitoring and management in morbidly obese patients. In: International Symposium on Critical Care Medicine, Trieste (19/11/2000)
186. Monitoring and modalities at the bedside. In: International Symposium on Critical Care Medicine, Trieste (20/11/2000)
187. Chairman: Respiration-monitoring. In: International Symposium on Critical Care Medicine, Trieste (20/11/2000)
188. Chairman: Challenges for perioperative management of obese patients, International Symposium on Critical Care Medicine, Trieste (20/11/2000)
189. Chairman: Respiratory muscle fatigue. International Symposium on Critical Care Medicine, Trieste (20/11/2000)
190. L'importanza della misura della pressione addominale in terapia intensiva, Busto Arsizio (25/11/2000)

2001

191. Prone position in ARDS. 21° Congres de la Societe de rianimation de langue francaise, Paris, France (19/1/2001)
192. Mechanical ventilation strategies to avoid typical complications of long term mechanical ventilation. 11° Internationales Symposium Intensivmedizin und intensivpflege, Bremen, Germany (9/2/2001)
193. Paziente prono-supino: risultati del trial italiano. Giornate di aggiornamento in anestesia, rianimazione e terapia intensiva, Ferrara (17/2/2001)
194. ARDS polmonare ed extrapolmonare. Corso Postuniversitario in Anestesiologia e Terapia intensiva, "Trauma", Lignano (31/3/2001)

195. L'insufficienza respiratoria nei pazienti con lesione cerebrale. Corso Postuniversitario in Anestesiologia e Terapia intensiva, "Trauma", Lignano (31/3/2001)
196. Chairman "Special problems in the postoperative period in ICU" ESA meeting, Goteborg, Sweden (9/4/2001)
197. Chairman "Intensive Care Medicine poster presentation" ESA meeting, Goteborg, Sweden (9/4/2001)
198. Chairman "ESA Trainee Research Prize Competition Winners" ESA meeting, Goteborg, Sweden (9/4/2001)
199. Respiratory mechanics in neurological patients. ESA meeting, Goteborg, Sweden (9/4/2001)
200. Use of PEEP and CPAP. In: What is new in mechanics of breathing: implications for diagnosis and treatment, Como (11/4/2001)
201. Respiratory mechanics in ARDS: usefull tool or siren for physicians?. APA meeting, Vienna, Austria (28/4/2001)
202. Prone positioning: pathophysiological basics and clinical impact. APA meeting, Vienna, Austria (28/4/2001)
203. Prone positioning in ARDS. Aachner anaesthetic symposium, Aachen, Germany (11/5/2001)
204. Chairman "Respiratory mechanics: measuring techniques and clinical meaning. SMART Congress, Milano (31/5/2001)
205. Chairman "Iatrogenicity of mechanical ventilation", SMART Congress, Milano (1/6/2001)
206. Assessing and managing airway resistance in the mechanically ventilated patients, SMART Congress, Milano (1/6/2001)
207. Comparison between free flow and flow generator techniques, SMART Congress, Milano (1/6/2001)
208. Pathophysiology of prone positioning in the healthy lung and in ARDS, SMART Congress, Milano (1/6/2001)

209. Problematiche anestesiologiche in corso di interventi per via laparoscopica. 55 Congresso SIAARTI, Firenze (6/6/2001)
210. "Chairman Session" Anesthesiological implications during Laparoscopic Techniques, European Congress of anesthesiology, Firenze (7/6/2001)
211. Artificial management of chest wall and sigh. European Congress of Anesthesiology, Firenze (8/6/2001)
212. Chairman Session "Obesity and anesthesia". European Congress of Anesthesiology, Firenze (9/6/2001)
213. How to intubate and ventilate morbidly obese patients. European Congress of Anesthesiology, Firenze (9/6/2001)
214. Ventilazione meccanica durante anestesia generale. Seminario presso l'Università degli Studi di Milano (Polo Ospedale Sacco), Milano (19/6/2001)
215. Fisiopatologia e risultati clinici della ventilazione non invasiva con "casco". Seminario presso l'Università degli Studi di Bologna, Bologna (11/9/2001)
216. Non invasive ventilation in Emergency Department. 1st Mediterranean Emergency Medicine Congress, Stresa (4/9/2001)
217. PEEP to stabilize the lung. Austrian International Congress, Vienna, Austria (12/9/2001)
218. Recruitment strategies during general anesthesia.Austrian International Congress, Vienna, Austria (14/9/2001)
219. Recruitment during general anesthesia:a case report. Austrian International Congress, Vienna, Austria (14/9/2001)
220. Ventilazione meccanica ed assistita in corso d'insufficienza respiratoria. XX Scuola Annuale di Bioingegneria del sistema respiratorio, Bressanone (19/9/2001)
221. Los riegos de la ventilacion mecanica: volutrauma, barotrauma y mas. V Reunion internacional de medicina del paciente criticamente enfermo. Mexico City, Mexico (3/10/2001)

222. Reclutamiento alveolar: a quien? Cuando? Como y cuando? V Reunion internacional de medicina del paciente criticamente enfermo. Mexico City, Mexico (4/10/2001)
223. Efecto de la posicion prona sobre la perfusion, ventilacion e intercambio de gases en nel pulmon normal, y lesionado. V Reunion internacional de medicina del paciente criticamente enfermo. Mexico City, Mexico (4/10/2001)
224. Alternative measures to improbe oxygenation in ARDS. 14th Annual Congress of European Society of Intensive Care Medicine, Geneva, Switzerland (29/9/2001)
225. Imaging techniques for assessment of lung function. 14th Annual Congress of European Society of Intensive Care Medicine, Geneva, Switzerland (29/9/2001)
226. Chairman Session “Using spontaneous breathing as a lung recruitment maneuvre. 14th Annual Congress of European Society of Intensive Care Medicine, Geneva, Switzerland (29/9/2001)
227. Aspetti Clinici e Sperimentali della ventilazione meccanica. Corso itinerante AAROI, Palermo (27/10/2001)
228. Strategie ventilatorie nella ARDS. Corso itinerante AAROI, Palermo (27/10/2001)
229. La ventilazione artificiale non invasiva. Azienda Sanitaria Locale della Provincia di Lodi, Casalpusterlengo (6/11/2001)
230. Umidita' e temperatura. Laboratori di Anestesia, Tirrenia (10/11/2001)
231. Chairman Sessione “Ischemia and reperfusion in lung injury”. International Symposium on Critical Care Medicine, Trieste (17/11/2001)
232. Chairma Sessione “Advances in artificial ventilation”. International Symposium on Critical Care Medicine, Trieste (17/11/2001)
233. Chairman Sessione “Monitoring of abdominal pressure and clinical changes in ICU patients”. International Symposium on Critical Care Medicine, Trieste (17/11/2001)

234. Monitoring intraabdominal pressure. International Symposium on Critical Care Medicine, Trieste (18/11/2001)
235. Reversal of respiratory muscle fatigue. International Symposium on Critical Care Medicine, Trieste (18/11/2001)
236. Intraoperative open lung management. International Symposium on Critical Care Medicine, Trieste (18/11/2001)
237. Monitoring the clinical course of ARDS. International Symposium on Critical Care Medicine, Trieste (18/11/2001)
238. Ventilation during the perioperative period. International Symposium on Critical Care Medicine, Trieste (19/11/2001)
239. Ventilatory support in the early phase of brain injury. International Symposium on Critical Care Medicine, Trieste (19/11/2001)
240. Appropriate use of artificial ventilation during anesthesia. International Symposium on Critical Care Medicine, Trieste (19/11/2001)
241. Ventilatory strategies in the perioperative period. Lung and anesthesia, Locarno (24/11/2001)
242. Meccanica respiratoria. Corso AAROI Aspetti clinici e sperimentali della ventilazione artificiale meccanica, Bologna (15/12/2001)
243. Principi di ventilazione nella ARDS. Corso AAROI Aspetti clinici e sperimentali della ventilazione artificiale meccanica, Bologna (15/12/2001)
244. Ventilatory management in the perioperative period. University of Heidelberg, Mannheim, Germany (17/12/2001)

2002

245. Ventilazione non invasiva nei pazienti con insufficienza respiratoria. Recenti acquisizioni in tema di ventilazione non invasiva, Brescia (26/1/2002)
246. Ventilatory management in the perioperative period. Seminario presso l'Università degli Studi di Ferrara, Ferrara (22/2/2002)
247. Ventilatory management in the perioperative period. Seminario presso l'Università degli Studi di Pavia, Pavia (26/2/2002)

248. La Procalcitonina nel monitoraggio delle infezioni in Terapia Intensiva. Nuovi Marcatori proteici: sieroamiloide A, procalcitonina, brain netriuretic peptide, Pavia (1/3/2002)
249. Primary and secondary are different. JEPU, Paris, France (23/3/2002)
250. Perioperative respiratory management of the obese patients. 10th ESA Meeting, Nice, France (7/4/2002)
251. Chairman Session “What is new on assisted ventilation. 10th ESA Meeting, Nice, France (7/4/2002)
252. Chairman Session “Postoperative apnea. An important risk”. 10th ESA Meeting, Nice, France (7/4/2002)
253. Chairman “Trainee Prize Competition Winner Presentation. 10th ESA Meeting, Nice, France (7/4/2002)
254. How to assess recruitment at the bedside. 8th International Conference on Mechanical Ventilation, Valencia, Spain (11/4/2002)
255. Recruitment: critical therapy or dangerous therapy? 8th International Conference on Mechanical Ventilation, Valencia, Spain (12/4/2002)
256. Problemi respiratori durante anestesia nel paziente obeso. Funzione respiratoria ed anestesia, Ferrara (4/5/2002)
257. Ventilatory management in the perioperative period. Seminario presso Ospedale S.Raffaele, Universita' Vita e Salute, (Dir. Prof G Torri), Milano (9/5/2002)
258. Respiratory function in brain injured patients. SMART, Milano (30/5/2002)
259. Intraabdominal pressure in critically ill patients. SMART, Milano (30/5/2002)
260. Chairman sessione “Pressure support ventilation”. SMART, Milano (30/5/2002)
261. PEEP in obese patients during general anesthesia. SMART, Milano (31/5/2002)

262. Prone position in ARDS. Fortbildungveranstaltungen in sommersemester 2002, Universitat Klinik fur Anesthesiologie, Universitätsklinikum, Ulm, Germany (17/6/2002)
263. Management ventilatorio nel periodo perioperatorio. Corso di Aggiornamento per Anestesisti e Rianimatori, Legnano (20/6/2002)
264. Alveolar recruitment in ARDS: the CT scan. 3er Curso International de ventilacion Mecanica. Monterrey, Mexico (27/6/2002)
265. Prone position in critically ill patients. 3er Curso International de ventilacion Mecanica. Monterrey, Mexico (29/6/2002)
266. Alveolar recruitment is useful in ARDS. 3er Curso International de ventilacion Mecanica. Monterrey, Mexico (29/6/2002)
267. Uso dell'elmetto nei pazienti con insufficienza respiratoria acuta e cronica. CPAP: approfondimenti teorici e pratici, Chiavari (13/7/2002)
268. Chairman "Session The most important clinical trials 2001/2002. In: Austrian International Congress 2002, Vienna, Austria (11/9/2002)
269. Prone position in acute respiratory distress syndrome. In: Austrian International Congress 2002, Vienna, Austria (13/9/2002)
270. Advantages of tracheal and esophageal pressure measurements. In: 15th ESICM Annual Congress, Barcelona, Spain (2/10/2002)
271. Trattamento respiratorio nei pazienti con lesione cerebrale traumatica e non traumatica. In: L'Emergenza intraospedaliera, Savona (4/10/2002)
272. Nuovi approcci per la ventilazione non invasiva nelle emergenze intraospedaliere. In: L'Emergenza intraospedaliera, Savona (4/10/2002)
273. ESA: una nuova opportunita' per l'anestesista italiano. In: 56 Congresso SIAARTI, Milano (11/10/2002)
274. Open lung nel periodo perioperatorio. In: 56 Congresso SIAARTI, Milano (11/10/2002)

491. Ventilatory management of morbidly obese patients. TISAC meeting, Toronto , Canada (25/10/2006)
492. Is intraabdominal pressure measurement important ?. TISAC meeting, Toronto , Canada (25/10/2006)
493. Tecniche clinic diagnostiche in corso di VAP. Convegno “Ventilator Associated Pneumonia”, Padova (4/11/2006)
494. Chairman session “Lung, respiratory mechanics, artificial ventilation”. APICE, Venezia Mestre (11/11/2006)
495. Different experimental models of ALI: do they affect the results ?. APICE, Venezia Mestre (11/11/2006)
496. Ventilation in obese patients. APICE, Venezia Mestre (11/11/2006)
497. Prone position in critically patients. Simposio presso l’Ospedale Civile di Cesena, Cesena (18/11/2006)

498. Spontaneous ventilation in ARDS. 10th Mediterranean Meeting on non invasive ventilation, Estoril, Spain (23/11/2006)
499. Mechanical ventilation in brain injury patients. 10th Mediterranean Meeting on non invasive ventilation, Estoril, Spain (23/11/2006)
500. Terapia non antibiotic nell'ARDS. Le III Giornate pisane del Torace, Pisa (30/11/2006)
501. CT scan in ARDS. Assistance ventilatoire dans le SDRA, Lyon, France (11/12/2006)

2007

502. La corretta gestione dei disturbi respiratori e cardiovascolari nell'anziano. Progetto formativo integrato tra assistenza di base e medicina sperimentale. Como (20/7/2007)
503. Interazione tra matrice e ventilazione meccanica. V Forum Internazionale "From bedside to the bench", Milano (17/2/2007)
504. Prone position in critically ill patients. Symposium at the University of Getafe, Spain (17/2/2007)
505. Airway conditioning during mechanical ventilation: old and new techniques. STAT, Udine (2/3/2007)
506. Chairman session "Surviving sepsis campaign", STAT, Udine (2/3/2007)
507. Como ventilar o paciente obeso morbid in intraoperatorio. Symposio de Protesao Organica perioperatoria, Sao Paolo , Brazil (10/372007)
508. Manovra de reclutamento alveolar com pressoes elevados nos via aereas: contras. Symposio de Protesao Organica perioperatoria, Sao Paolo , Brazil (10/372007)
509. Recruitment and high PEEP in ARDS: show me the money !. Symposio de ventilacion mecanica in SDRA, Rio de Janeiro, Brazil (13/372007)

510. Role of abdominal imaging in ACS. 3rd World Congress Abdominal Compartment Syndrome, Antwerp, Belgium (22/3/2007)
511. Chair session “Imaging in ACS”. 3rd World Congress Abdominal Compartment Syndrome, Antwerp, Belgium (22/3/2007)
512. Chair session “Pathophysiology of organ failure related to ACS, poster”. 3rd World Congress Abdominal Compartment Syndrome, Antwerp, Belgium (23/3/2007)
513. Effect of IAP on respiratory mechanics. 3rd World Congress Abdominal Compartment Syndrome, Antwerp, Belgium (23/3/2007)
514. Chair session “Pathophysiology of organ failure related to ACS, oral”. 3rd World Congress Abdominal Compartment Syndrome, Antwerp, Belgium (23/3/2007)
515. Wrap it up in ACS: anesthesia. 3rd World Congress Abdominal Compartment Syndrome, Antwerp, Belgium (24/3/2007)
516. A place for open lung approach during surgery. 27th International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (27/3/2007)
517. Is mechanical ventilation ever safe ? 27th International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (27/3/2007)
518. Interstitial injury. 27th International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (27/3/2007)
519. A new BiPAP strategy for NIV. 27th International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (28/3/2007)
520. Chairman session “Airway obstruction”. 27th International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (28/3/2007)
521. Tracheostomy: how early ? 27th International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (28/3/2007)
522. Time vs flow cycling. 27th International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (28/3/2007)

523. How I do recruit the lung ? 27th International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (28/3/2007)
524. Role of BiPAP. 27th International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (29/3/2007)
525. Humidification systems. 27th International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (29/3/2007)
526. Chairman session “ALI/ARDS: new strategies”. 27th International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (29/3/2007)
527. Optoelectronic systems. 27th International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (30/3/2007)
528. Mechanical ventilation in healthy lungs: is ever safe ?. 11th State of art, Athens, Greece (21/4/2007)
529. Ventilatory management of morbidly obese patients. SEDAR, Valencia, Spain (28/4/2007)
530. Perioperative ventilator management. SEDAR, Valencia, Spain (28/4/2007)
531. Mechanical ventilation in neurologic intensive care. 16th International Intensive Care Symposium, Istanbul, Turkey (29/4/2007)
532. BiPAP in acute respiratory failure: the good and the bad. 16th International Intensive Care Symposium, Istanbul, Turkey (29/4/2007)
533. The lymphatics are the hydraulics of the lung. 16th International Intensive Care Symposium, Istanbul, Turkey (29/4/2007)
534. Respiratory system compliance: a useful tool to optimize the ventilatory setting. 16th International Intensive Care Symposium, Istanbul, Turkey (29/4/2007)
535. Stellenwert des open lung approach in Op saal. Seminario presso la Klinik fur Anesthesiologie und Intensivtherapie, Dresden, Germany (15/5/2007)

536. Seminario “Tecniche di ventilazione assistita nel trattamento della insufficienza respiratoria grave. Scuola di Specializzazione in Anestesia e Rianimazione, Universita’ Vita e Salute, San Raffaele, Milano (22/5/2007)
537. Non invasive ventilation in critically ill patients. 16th Mednarodni Kongres Intensivne Medicine. Bled, Slovack (29/5/2007)
538. Postoperative care. SMART, Milano (30/5/2007)
539. Positioning. SMART, Milano (30/5/2007)
540. Fluids for trauma resuscitation. SMART, Milano (30/5/2007)
541. Time cycling during assisted ventilation. SMART, Milano (30/5/2007)
542. Chairman session “Partial vs controlled mechanical ventilation”. SMART, Milano (30/5/2007)
543. Lung interstitium and mechanical ventilation. SMART, Milano (1/6/2007)
544. The importance of IAP in critically ill patients. ESA Annual meeting, Munchen, Germany (12/6/2007)
545. Prone positioning in acute respiratory failure. ESA Annual meeting, Munchen, Germany (12/6/2007)
546. How to get an ESA Research grant. ESA Annual meeting, Munchen, Germany (12/6/2007)
547. How to treat post-operative hypoxemia. ESA Annual meeting, Munchen, Germany (12/6/2007)
548. Corticosteroids in acute respiratory distress syndrome. 1st International Congress of the Society of Anesthesiology and Reumatology of the Republic of Moldova, Chisinau, Moldova (27/8/2007)
549. Mechanical ventilation and extracellular matrix: back to baro/volutrauma ?. Satellite symposium, SSAICCM, Goteborg, Sweden (4/9/2007)
550. Interactive educational session: managing a patient with severe respiratory failure. SSAICCM, Goteborg, Sweden (5/9/2007)

551. The importance of IAP in critically ill patients. SSAICCM, Goteborg, Sweden (6/9/2007)
552. Quantitative CT scan analysis of the brain. SSAICCM, Goteborg, Sweden (8/9/2007)
553. Difficult intubation in patients affected by respiratory disease. ERS Annual meeting, Stockholm, Sweden (15/9/2007)
554. NIV in all postoperative patients after high risk surgery: Pro. ERS Annual meeting, Stockholm, Sweden (15/9/2007)
555. Chairman session “Acute Respiratory Failure “.ERS Annual meeting, Stockholm, Sweden (16/9/2007)
556. Ventilatory management in ARDS: what’s new ?. ERS Annual meeting, Stockholm, Sweden (18/9/2007)
557. Chairman session “Corticosteroids and respiratory failure”. ERS Annual meeting, Stockholm, Sweden (18/9/2007)
558. How to use the helmet in clinical practice ?. Delavnico Mehanske Ventilacje, Ljubljana, Slovenia (24/09/2007)
559. The role of intraabdominal pressure on alveolar recruitment. 2nd International master class, Acute Respiratory Failure, Rotterdam, The Netherlands (4/10/2007)
560. Ventilation in specific situations: obesity. 20th Annual Congress, ESICM, Berlin , Germany (8/10/2007)
561. Chairman session “Acute Lung Injury, oral”. 20th Annual Congress, ESICM, Berlin , Germany (8/10/2007)
562. Chairman session “What’s new in percutaneous tracheostomy ?”. 20th Annual Congress, ESICM, Berlin , Germany (8/10/2007)
563. Chairman: risk management after surgery. 20th Annual Congress, ESICM, Berlin , Germany (9/10/2007)
564. Chairman session “La ventilazione meccanica in anesthesia”. SIAARTI, Torino (18/10/2007)

565. Ruolo del volume corrente e della PEEP in anestesia. SIAARTI, Torino (18/10/2007)
566. NIV: an update. 6th Symposium on Intensive Care, Bruges, Belgium (20/10/2007)
567. Non invasive ventilation in critically ill patients. XXXI Reunion de la Asociacion Mexicana de Medicina Critica y Terapia Intensiva, Mexico City, Mexico (1/11/2007)
568. Recruitment in ARDS. XXXI Reunion de la Asociacion Mexicana de Medicina Critica y Terapia Intensiva, Mexico City, Mexico (2/11/2007)
569. Chairman session “Respiratory system and artificial ventilation. APICE, Venezia Mestre (9/11/2007)
570. Prone ventilation: pathophysiology. APICE, Venezia Mestre (9/11/2007)
571. Chairman session “Research advances“.APICE, Venezia Mestre (10/11/2007)
572. High PEEP or low PEEP in ARDS?. APICE, Venezia Mestre (10/11/2007)
573. Chairman session “Monitoring the respiratory system”. APICE, Venezia Mestre (10/11/2007)
574. Ventilacao nao invasiva. Congreso International de Anestesia, medicina dador, emergencia y cuidados intensivos, Porto, Portugal (21/11/2007)
575. Chairman session “La gestione delle vie aeree in condizioni critiche”. Congresso Nazionale AIPO, Firenze (6/12/2007)
576. La ventilazione meccanica nell’obeso. Update in medicina perioperatoria, Napoli (7/12/2007)
577. Uso extraospitalario del Helmet. Ventilacion mecanica no invasiva y cuidados respiratorios. Zamora, Spain (14/12/2007)
578. Taller de interfaces y Helmet. Ventilacion mecanica no invasiva y cuidados respiratorios. Zamora, Spain (14/12/2007)

579. Nuevos modos en VMNI y nuevas interfaces, Helmet. Ventilacion mecanica no invasiva y cuidados respiratorios. Zamora, Spain (15/12/2007)
580. VMNI: Nuevas perspectivas y nuevos limites. Ventilacion mecanica no invasiva y cuidados respiratorios. Zamora, Spain (15/12/2007)
581. Control de la respuesta en VMNI , factores predictivos de exito y fracas, monitorizacion en VMNI. Ventilacion mecanica no invasiva y cuidados respiratorios. Zamora, Spain (15/12/2007)
- 2008**
582. PEEP and recruitment in ALI/ARDS. Lecture presso il Tan Tock Seng Hospital, Singapore, Singapore (23/1/2008)
583. Assisted ventilation in ALI/ARDS. Lecture presso il Siriraj Hospital, Bangkok, Thailand (24/1/2008)
584. Assisted ventilation in ALI/ARDS. Lecture presso il Siriraj Hospital, Bangkok, Thailand (25/1/2008)
585. PEEP and recruitment in ALI/ARDS. Lecture presso il Siriraj Hospital, Bangkok, Thailand (25/1/2008)
586. Do we need high PEEP in ALI/ARDS? Asia Ventilation forum, Bangkok, Thailand (26/1/2008)
587. Assisted ventilation in ALI/ARDS. Asia Ventilation forum, Bangkok, Thailand (26/1/2008)
588. The brain and the lung: do you want to talk with me ? STAT, Udine (28/2/2008)
589. Ossido nitric per via inalatoria: luci e ombre. STAT, Udine (28/2/2008)
590. Mechanical ventilation in ALI/ARDS after 40 years. 50th years ICU Ster, Antwerpen, Belgium (15/3/2008)
591. The extracellular matrix and lymphatics. ISICEM meeting, Brussels, Belgium (18/3/2008)

592. NIV in respiratory failure: when and how ? ISICEM meeting, Brussels, Belgium (19/3/2008)
593. Extrapulmonary vs pulmonary ARDS. ISICEM meeting, Brussels, Belgium (19/3/2008)
594. Modes of weaning. ISICEM meeting, Brussels, Belgium (19/3/2008)
595. Is barotraumas more than inflammation ? ISICEM meeting, Brussels, Belgium (19/3/2008)
596. Mechanical ventilation in ALI/ARDS: chaotic vs uniform. ISICEM meeting, Brussels, Belgium (20/3/2008)
597. Mechanical ventilation in ALI/ARDS. ISICEM meeting, Brussels, Belgium (20/3/2008)
598. Airway workshop. ISICEM meeting, Brussels, Belgium (20/3/2008)
599. Chair session “Monitoring ARDS”. ISICEM meeting, Brussels, Belgium (20/3/2008)
600. Chair session “Airways”. ISICEM meeting, Brussels, Belgium (21/3/2008)
601. Airway closure. ISICEM meeting, Brussels, Belgium (21/3/2008)
602. La ventilazione in BiPAP. Fornmazione continua in cure intense. Lugano, Switzerland (27/3/2008)
603. Mechanical ventilation in ALI/ARDS: chaos is better. 12th State of art, Athens, Greece (12/4/2008)
604. Mechanical ventilation in obese patients. IV Corso Sindrome metabolica, Genova (29/4/2008)
605. The lung and the brain: do you want to talk with me ? Arena meeting, Napoli (8/5/2008)
606. Non invasive ventilation in critically ill patients. XIII Curso de ventilacion mecanica. Valencia, Spain (12/5/2008)
607. Non invasive ventilation in critically ill patients. 15th Slovenian Congress in Anesthesiology and Intensive Care Medicine, Piestani, Slovenia (22/5/2008)

608. Ventilazione meccanica nella ARDS. Sepsi grave e Shock settico, Varese (24/5/2008)
609. Pulmonary and extrapulmonary ARDS are different. 19th SMART, Milano (28/5/2008)
610. Is there a rationale for open lung approach during general anesthesia ? 19th SMART, Milano (28/5/2008)
611. Chairman session “Obstructive pulmonary disease”, ESA Annual meeting, Copenaghen, Denmark (1/6/2008)
612. Respiratory mechanics monitoring. ESA Annual meeting, Copenaghen, Denmark (1/6/2008)
613. Ventilatory management in obese patients. ESA Annual meeting, Copenaghen, Denmark (2/6/2008)
614. Traslating ICU ventilatory modes to the operating room. ESA Annual meeting, Copenaghen, Denmark (2/6/2008)
615. Do we need weaning strategies. ESA Annual meeting, Copenaghen, Denmark (3/6/2008)
616. When prone ARDS patients ? ESA Annual meeting, Copenaghen, Denmark (3/6/2008)
617. Non invasive ventilation in the pre-hospital emergencies. ESA Annual meeting, Copenaghen, Denmark (3/6/2008)
618. Respiratory mechanics in critically ill patients. 6th Simposio International de ventilacao mecanica, Rio de Janeiro, Brazil (26/6/2008)
619. Controlled vs assisted ventilation. 6th Simposio International de ventilacao mecanica, Rio de Janeiro, Brazil (26/6/2008)
620. Non invasive ventilation: interfaces and modes. 6th Simposio International de ventilacao mecanica, Rio de Janeiro, Brazil (26/6/2008)
621. Recruitment maneuvres in ALI/ARDS ,con. 6th Simposio International de ventilacao mecanica, Rio de Janeiro, Brazil (27/6/2008)

623. Extracellular matrix of the lung: what the clinicians whould know about. Aachen Symposium on natural and artificial mechanical ventilation, Aachen, Germany (18/7/2008)
624. Mechanical damage of the extracellular matrix. XXIII FESBE, Agua de Lindoia, Brazil (21/8/2008)
625. Monitoring of respiratory mechanics in spontaneously breathing and paralyzed subjects. XXIII FESBE, Agua de Lindoia, Brazil (22/8/2008)
626. Conventional ventilation techniques. 22th EACTS Meeting, Lisbon, Portugal (23/09/2008)
627. Protective ventilation vs ECMO. 22th EACTS Meeting, Lisbon, Portugal (23/09/2008)
628. Management of complex medical surgical patients: pulmonary disease. 2nd International meeting re-engeneering the perioperative process, Abano Terme (16/09/2008)
629. Ventilating the patient with traumatic brain injury: protective ventilation should be used. ESICM Annual meeting, Lisbon, Portugal (22/09/2008)
630. The morbidly obese post-surgical patient. ESICM Annual meeting, Lisbon, Portugal (22/09/2008)
631. Chairman session “Poster: Perioperative hormones and metabolic problems”. ESICM Annual meeting, Lisbon, Portugal (23/09/2008)
632. Influences of anesthesia and surgery on respiratory function. ESICM Annual meeting, Lisbon, Portugal (24/09/2008)
633. Management of COPD and asthma in the perioperative period. ESICM Annual meeting, Lisbon, Portugal (24/09/2008)
634. Non invasive ventilation in Intensive Care Unit: state of art. International Symposium on mechanical ventilation, Ljubjana, Slovenia (26/09/2009)

635. Mechanical ventilation in obese patients. International Symposium on mechanical ventilation, Ljubljana, Slovenia (26/09/2009)
636. Chairman session “Postgraduate course, Respiratory failure: skills needed to treat an episode of acute respiratory failure. ERS meeting, Berlin, Germany (4/10/2008)
637. Lung imaging in critically ill patients. ERS meeting, Berlin, Germany (5/10/2008)
638. Chairman session “Lung imaging in critically ill patients”. ERS meeting Berlin, Germany (5/10/2008)
639. Tracheostomy in critically ill patients. ERS meeting Berlin, Germany (7/10/2008)
640. Chairman session “Tracheostomy in critically ill patients”. ERS meeting Berlin, Germany (7/10/2008)
641. The importance of the extracellular matrix of the lung. Seminar at the Pasteur Institute, Lille, France (13/10/2008)
642. Is there a rationale for open lung approach in anesthesia ? 62nd SIAARTI, Palermo (17/10/2008)
643. Chairman session “Open lung nel perioperatorio”. 62nd SIAARTI, Palermo (17/10/2008)
644. Non invasive ventilation in critically ill patients: state of art. Meeting of the Association of Anaesthesiologists of Malta, Malta (21/10/2008)
645. Perioperative respiratory management of morbidly obese patients. Meeting of the Association of Anaesthesiologists of Malta, Malta (21/10/2008)
646. Dalla intubazione tracheale alla tracheotomia: il punto di vista del rianimatore. La tracheotomia oggi, Fondazione Maugeri, Pavia (24/10/2008)
647. Respiratory management of morbidly obese patients in the perioperative period. XXXV Reunion Annual de la asociacion Mexicana de medicina critica y terapia intensiva, Merida, Mexico (29/10/2008)

648. Corticosteroids in ALI/ARDS. XXXV Reunion Annual de la asociacion Mexicana de medicina critica y terapia intensiva, Merida, Mexico (29/10/2008)
649. Controlled vs assisted ventilation. XXXV Reunion Annual de la asociacion Mexicana de medicina critica y terapia intensiva, Merida, Mexico (30/10/2008)
650. Pulmonary vs extrapulmonary ALI/ARDS: the end of the myth ? XXXV Reunion Annual de la asociacion Mexicana de medicina critica y terapia intensiva, Merida, Mexico (30/10/2008)
651. Low tidal volume and PEEP: better in healthy lungs ? Kolner Anaesthesiokolloquien, Kolin, Germany (25/11/2008)
652. Ventilator induced lung injury. Teaching course, Lyon, France (1/12/2008)
653. Non invasive ventilation in critically ill patients. PGA Course, New York, USA (15/12/2008)
654. Non invasive ventilation in the post-operative period. PGA Course, New York, USA (15/12/2008)

2009

655. Controlled vs assisted ventilation in ALI/ARDS?. Seminar presso la Universita' di Linz, Linz, Austria (27/1/2009)
656. Recruitment and PEEP in ALI/ARDS. 7th UAE International Conference on Anesthesia Critical Care and Pain Medicine, Dubai, Emirates (31/1/2009)
657. Non invasive ventilation in critically ill patients. . 7th UAE International Conference on Anesthesia Critical Care and Pain Medicine, Dubai, Emirates (1/2/2009)
658. Mechanical ventilation during general anesthesia. 7th UAE International Conference on Anesthesia Critical Care and Pain Medicine, Dubai, Emirates (1/2/2009)

659. Chair session “Mechanical Ventilation”. 7th UAE International Conference on Anesthesia Critical Care and Pain Medicine, Dubai, Emirates (1/2/2009)
660. How to prevent postoperative pulmonary complications. STAT, Udine (27/02/2009)
661. Imaging techniques in Abdominal compartment syndrome. Pre-symposium on Abdominal Compartment Syndrome, ISICEM, Brussels, Belgium (23/3/2009)
662. Lung in the Abdominal Compartment Syndrome. Pre-symposium on Abdominal Compartment Syndrome, ISICEM, Brussels, Belgium (23/3/2009)
663. ACS: its influence on chest mechanics. ISICEM, Brussels, Belgium (24/3/2009)
664. Maintaining spontaneous breathing to reduce VILI. ISICEM, Brussels, Belgium (24/3/2009)
665. How I set PEEP in ALI/ARDS. ISICEM, Brussels, Belgium (24/3/2009)
666. Alveolar recruitment in ARDS: different in pulmonary and extrapulmonary ALI ?. ISICEM, Brussels, Belgium (25/3/2009)
667. Chairman session “Monitoring ARDS”. ISICEM, Brussels, Belgium (25/3/2009)
668. Optoelectronic systems. ISICEM, Brussels, Belgium (25/3/2009)
669. Role of extracellular matrix of the lung. ISICEM, Brussels, Belgium (26/3/2009)
670. Non invasive ventilation in respiratory failure: when and how ?. ISICEM, Brussels, Belgium (26/3/2009)
671. Airway management workshop (TLT). ISICEM, Brussels, Belgium (26/3/2009)
672. Mechanical ventilation in ARDS. ISICEM, Brussels, Belgium (27/3/2009)

673. Variable ventilation to protect the lungs. ISICEM, Brussels, Belgium (27/3/2009)
674. The role of intraoperative mechanical ventilation. ERCA, Stresa (3/09/2009)
675. Low tidal volume and PEEP in healthy lungs ? 13th State of art, Athens (4/4/2009)
676. PEEP and tidal volume during general anesthesia. SMART, Milano (6/05/2009)
677. Physiotherapy, incentive spirometry or non invasive CPAP to prevent postoperative pulmonary complications ? SMART, Milano (6/05/2009)
678. Chairman session “Ventilazione non invasive postoperatoria”. SMART, Milano (6/05/2009)
679. Chair session “Acute respiratory failure”. 17th International Intensive Care Symposium, Istanbul, Turkey (8/05/2009)
680. Physiotherapy, Incentive spirometry and CPAP in the perioperative setting. 17th International Intensive Care Symposium, Istanbul, Turkey (8/05/2009)
681. The extracellular matrix and the lung. 17th International Intensive Care Symposium, Istanbul, Turkey (9/05/2009)
682. Corticosteroids in ALI/ARDS. 17th International Intensive Care Symposium, Istanbul, Turkey (9/05/2009)
683. Glutamine to prevent organ injury. 17th International Intensive Care Symposium, Istanbul, Turkey (9/05/2009)
684. Mechanical ventilation during general anesthesia to prevent postoperative pulmonary complications. 35th International Congress Romanian Society of Anesthesia and Intensive Care, Sinaia, Romania (16/05/2009)
685. Recruitment and PEEP in ALI/ARDS. 35th International Congress Romanian Society of Anesthesia and Intensive Care, Sinaia, Romania (16/05/2009)

686. Non invasive ventilation in critically ill patients. 35th International Congress Romanian Society of Anesthesia and Intensive Care, Sinaia, Romania (16/05/2009)
687. Chair session “Mechanical ventilation in Anesthesia and Intensive Care Medicine. 35th International Congress Romanian Society of Anesthesia and Intensive Care, Sinaia, Romania (16/05/2009)
688. Mechanical ventilation during general anesthesia to prevent postoperative pulmonary complications ? 29th Congreso de la Sociedad espanola de anestesiologia, reanimacion y terapeutica del dolor, SEDAR, Salamanca, Spain (17/5/2009)
689. European Society of Anesthesiology and the future. 29th Congreso de la Sociedad espanola de anestesiologia, reanimacion y terapeutica del dolor, SEDAR, Salamanca, Spain (17/5/2009)
690. Chair session “Intraoperative respiratory complications “. ESA Euroanesthesia Annual Meeting, Milan, Italy (7/06/2009)
691. Chairman session “Update on mechanical ventilation in ALI/ARDS”. ESA Euroanesthesia Annual Meeting, Milan, Italy (7/06/2009)
692. Non invasive ventilation in ALI/ARDS. ESA Euroanesthesia Annual Meeting, Milan, Italy (7/06/2009)
693. WHO Guidelines risk check. ESA Euroanesthesia Annual Meeting, Milan, Italy (7/06/2009)
694. Perioperative respiratory optimization: intraoperative. ESA Euroanesthesia Annual Meeting, Milan, Italy (8/06/2009)
695. Update on postoperative ventilation support. ESA Euroanesthesia Annual Meeting, Milan, Italy (8/06/2009)
696. How to manage ventilation in severe ARDS. 30th Scandinavian Society of Anesthesiology and Intensive Care Medicine, Odense, Denmark (10/06/2009)
697. Chairman session “Hystopathology and pathophysiology of ARDS”. VIII International Symposium of mechanical ventilation from bench to bedside. Rio de Janeiro, Brazil (19/06/2009)

698. Round table “The role of esophageal pressure in titrating PEEP”. VIII International Symposium of mechanical ventilation from bench to bedside. Rio de Janeiro, Brazil (19/06/2009)
699. The role of CT scan in monitoring mechanically ventilated patients with ALI/ARDS. VIII International Symposium of mechanical ventilation from bench to bedside. Rio de Janeiro, Brazil (19/06/2009)
700. Gas exchange in patients with ALI/ARDS. VIII International Symposium of mechanical ventilation from bench to bedside. Rio de Janeiro, Brazil (19/06/2009)
701. Round table “Which is the best ventilator strategy for ARDS patients with refractory hypoxemia ? VIII International Symposium of mechanical ventilation from bench to bedside. Rio de Janeiro, Brazil (19/06/2009)
702. Open discussion on “What really happens related to ARDS patient ?”. VIII International Symposium of mechanical ventilation from bench to bedside. Rio de Janeiro, Brazil (19/06/2009)
703. Respiratory monitoring. 4th World Congress on Abdominal Compartment Syndrome, Dublin, Ireland (25/06/2009)
704. Case scenario: ARDS patient with ACS. 4th World Congress on Abdominal Compartment Syndrome, Dublin, Ireland (25/06/2009)
705. Is there a role for paralysis in ACS ?. 4th World Congress on Abdominal Compartment Syndrome, Dublin, Ireland (25/06/2009)
706. Chairman session “Mini papers presentations” .?. 4th World Congress on Abdominal Compartment Syndrome, Dublin, Ireland (25/06/2009)
707. Respiratory care in ACS. 4th World Congress on Abdominal Compartment Syndrome, Dublin, Ireland (26/06/2009)
708. You should give inotropes not fluids in hypotensive patients to avoid ACS. 4th World Congress on Abdominal Compartment Syndrome, Dublin, Ireland (27/06/2009)
709. Chair session “Short papers presentation”. 4th World Congress on Abdominal Compartment Syndrome, Dublin, Ireland (27/06/2009)

710. Optimization of artificial ventilation in prone position. 10th World Congress of the WFSICCM, Firenze (31/10/2009)
711. Chairman session “The extracellular matrix in healthy and diseased lungs”. ERS Annual Meeting, Vienna, Austria (14/09/2009)
712. The extracellular matrix in Acute Lung Injury: effects of mechanical ventilation. ERS Annual Meeting, Vienna, Austria (14/09/2009)
713. When endotracheal intubation is mandatory. ERS Annual Meeting, Vienna, Austria (14/09/2009)
714. I like Clinical Pulmonary Infection Score. ERS Annual Meeting, Vienna, Austria (14/09/2009)
715. Non invasive ventilation in critically ill patients: state of art. XVI-th National Congress in Anesthesiology and Intensive Care Medicine with international participation, Sofia, Bulgaria (02/10/2009)
716. Respiratory system mechanics and esophageal pressure monitoring revisited. Postgraduate course “From severe acute respiratory failure to ICU discharge: diagnosis, monitoring and treatment”. ESICM meeting, Vienna, Austria (10/10/2009)
717. Chairman session “The morbidly obese patients in the ICU”. ESICM meeting, Vienna, Austria (12/10/2009)
718. The role of pulmonary matrix in lung injury: does the concept of barotraumas come back ?. ESICM meeting, Vienna, Austria (13/10/2009)
719. Chairman “Poster session: Ventilatory modes and positioning”. ESICM meeting, Vienna, Austria (13/10/2009)
720. WHO guidelines risk check. ESICM/ESA joint session: continuity of care in high risk surgery. ESICM meeting, Vienna, Austria (14/10/2009)
721. Chairman ”Poster session: Lung recruitment, PEEP and open lung approach”. ESICM meeting, Vienna, Austria (13/10/2009)
722. Management and prevention of postoperative pulmonary complications. TARK, Antalya, Turchia (27/10/2009)
723. Non invasive ventilation in the Intensive Care Unit. TARK, Antalya, Turchia (27/10/2009)

724. Mechanical ventilation in ALI/ARDS: what's new?. TARK, Antalya, Turchia (27/10/2009)
725. Chairman "Session: ICU Topics 1". TARK, Antalya, Turchia (27/10/2009)
726. Chairman "Session: ICU Topics 2". TARK, Antalya, Turchia (27/10/2009)
727. Protective ventilation during general anesthesia. TARK, Antalya (28/10/2009)
728. Mechanical Ventilation in morbidly obese patients. The European Society for Perioperative Care of the Obese Patients, Annual Meeting Ostende, Belgium (14/11/2009)
729. Variable ventilation in ALI/ARDS: chaos is better. Congresso Internacional de Anestesia, Medicina da dor, Emergência e Ciados Intensivos, Porto, Portugal (20/11/2009)
730. Perioperative management of morbidly obese patients. Congresso Internacional de Anestesia, Medicina da dor, Emergência e Ciados Intensivos, Porto, Portugal (20/11/2009)
731. Atelettasia perioperatoria. Giornata dedicata alla anestesia. Giornate AAROI, Roma, Italy (28/11/2009)
732. Funzione cerebrale e respiratoria. L'ischemia cerebrale acuta: eventi, criticita' ed interventi. Varese, Italy (11/11/2009)
733. Opportunita' formative ed educazionali nella European Society of Anaesthesiology. Sperimentazione ed Organizzazione didattica, CPOAR-CPAAR, Pisa, Italy (15/12/2009)

2010

734. What's new in mechanical ventilation in critically ill patients. WSM The Association of Anaesthetists of Great Britain and Ireland. London, England (21/01/2010)
735. Prone position in ALI/ARDS. STAT, Udine, Italy (25/02/2010)

736. A new concept: the compartment syndrome, does it exist ? Update on abdominal compartment syndrome. ISICEM Meeting, Brussels, Belgium (08/03/2010)
737. What's new in the medical management of the abdominal compartment syndrome ? Update on abdominal compartment syndrome. ISICEM Meeting, Brussels, Belgium (08/03/2010)
738. Primary and secondary ARDS are different. ISICEM Meeting, Brussels, Belgium (09/03/2010)
739. PEEP and tidal volume: a literature review. ISICEM Meeting, Brussels, Belgium (10/03/2010)
740. Recruitment in ARDS, Pro. ISICEM Meeting, Brussels, Belgium (10/03/2010)
741. Chest physiotherapy, Con. ISICEM Meeting, Brussels, Belgium (10/03/2010)
742. Mask vs Helmet in children. ISICEM Meeting, Brussels, Belgium (10/03/2010)
743. Lower pressures are not always better. ISICEM Meeting, Brussels, Belgium (11/03/2010)
744. Effects of brain injury on the lung. ISICEM Meeting, Brussels, Belgium (11/03/2010)
745. Airway management workshop. ISICEM Meeting, Brussels, Belgium (11/03/2010)
746. Sistema nervoso centrale e polmone. New STAR, Roma (18/03/2010)
747. Ventilator Induced Lung Injury: from bench to bedside. Seminar at the Laboratory of Pulmonary Investigation, Federal University of Rio de Janeiro, Brazil (26/03/2010)
748. Anesthesia for patients with respiratory failure. CEEA Course, Moscow, Russia (07/04/2010)
749. Non invasive respiratory support. CEEA Course, Moscow, Russia (07/04/2010)

750. Mechanical ventilation in ALI/ARDS: what have we learned in the last 10 years ? ALI/ARDS and respiratory support 2010: current concepts and prospects. Moscow, Russia (09/04/2010)
751. Non invasive respiratory support by helmet. ALI/ARDS and respiratory support 2010: current concepts and prospects. Moscow, Russia (09/04/2010)
752. Recruitment in ALI/ARDS:old and new techniques. ALI/ARDS and respiratory support 2010: current concepts and prospects. Moscow, Russia (09/04/2010)
753. Recruitment in ALI/ARDS:old and new techniques. Symposium “Intensive Care 2010”. Utrecht, The Netherlands (15/04/2010)
754. Partitioning of respiratory mechanics in acute respiratory failure. Grand Millenium Symposium. Beijing, China (26/04/2010)
755. Technical issues in mechanical ventilation. Grand Millenium Symposium. Beijing, China (26/04/2010)
756. Partitioning of respiratory mechanics in acute respiratory failure. Huana Symposium. Shanghai, China (27/04/2010)
757. Technical issues in mechanical ventilation. Huana Symposium. Shanghai, China (27/04/2010)
758. Mechanical ventilation in ALI/ARDS: what have we learned in the last 10 years ? Taichung Hospital, Taichung, Taiwan (28/04/2010)
759. Technical issues in mechanical ventilation. Taichung Hospital, Taichung, Taiwan (28/04/2010)
760. Mechanical ventilation in ALI/ARDS. Symposium at the Queen Elizabeth Hospital, Hong Kong (29/04/2010)
761. Applied respiratory mechanics in acute respiratory failure. Symposium at the Queen Elizabeth Hospital, Hong Kong (29/04/2010)
762. Mechanical ventilation in ALI/ARDS: what have we learned in the last 10 years ? Symposium at the Intensive Care Medicine Society of Singapore, Singapore (30/04/2010)

763. Applied respiratory mechanics in acute respiratory failure.
Symposium at the Intensive Care Medicine Society of Singapore,
Singapore (30/04/2010)
764. Mechanical ventilation in ALI/ARDS. 5th Central European
Congress of Intensive Care Medicine. Poznan, Poland (14/05/2010)
765. Non invasive respiratory support in critically ill patients. 5th Central
European Congress of Intensive Care Medicine. Poznan, Poland
(14/05/2010)
766. The ESA: almost two decades later !. Irish Congress of Anaesthesia.
Dublin, Ireland (20/05/2010)
767. Mechanical ventilation in ALI/ARDS: chaos is better !!. Irish
Congress of Anaesthesia. Dublin, Ireland (21/05/2010)
768. Chairman sessione “ARDS”. SMART, Milano (27/5/2010)
769. Abdominal compartment syndrome e meccanica respiratoria.
SMART, Milano (27/5/2010)
770. ARDS: Como podemos diagnosticar correttamente ? Simposio
International de Ventilacao Mecanica, Rio de Janeiro, Brazil (04/06/2010)
771. Monitorizacao emodinamica: quais os melhores ? Simposio
International de Ventilacao Mecanica, Rio de Janeiro, Brazil (04/06/2010)
772. Baixo volume corrente e' o parametro mas importante en ARDS.
Simposio International de Ventilacao Mecanica, Rio de Janeiro, Brazil
(05/06/2010)
773. Manobras de reclutamento devem ser utilizadas. Pro. Simposio
International de Ventilacao Mecanica, Rio de Janeiro, Brazil (05/06/2010)
774. Chairman session “The first Plenary Lecture at ESA. Prof J. Hunter.
You will never walk alone: contribution of the Liverpool School of
Anaesthesia. ESA Annual meeting, Helsinki, Finland (12/06/2010)
775. The Helsinki Declaration on Patient Safety in Anaesthesiology.
Round Table. ESA Annual meeting, Helsinki, Finland (13/06/2010)

776. Ventilator induced lung injury : pressure limit ? ESA Annual meeting, Helsinki, Finland (14/06/2010)
777. Ventilator Associated pneumonia and lung injury in head-injured patients. ESA Annual meeting, Helsinki, Finland (14/06/2010)
778. Clinical research in anesthesiology: in search of randomized controlled trials. ESA Annual meeting, Helsinki, Finland (15/06/2010)
779. The intraabdominal pressure and response to PEEP in ALI/ARDS. 14th State of Art. Pulmonary diseases, Critical Care, Emergency Medicine and Nursing Care, Athens, Greece (19/06/2010)
780. Mechanical ventilation in ALI/ARDS: what have we learned from randomized controller trials. 14th State of Art. Pulmonary diseases, Critical Care, Emergency Medicine and Nursing Care, Athens, Greece (19/06/2010)
781. Polmone e cervello. Lombardia Stroke Update, Morimondo, Pavia (11/09/2010)
782. Conventional and non conventional interfaces for non invasive ventilation. European Respiratory Society Meeting, Barcelona, Spain (18/09/2010)
783. Chair Post-Graduate Course “Techniques for non invasive ventilation”, European Respiratory Society Meeting, Barcelona, Spain (18/09/2010)
784. The European Society of Anaesthesiology (ESA): the present and the future. Study Day at Nottingham University, Nottingham , UK (25/09/2010)
785. The European Society of Anaesthesiology: the present and the future. XI Serbian International Meeting, Belgrad, Serbia (8/10/2010)
786. Corticosteroids in ALI/ARDS. XI Serbian International Meeting, Belgrad, Serbia (8/10/2010)
787. Who is supposed to be an intensive care medicine specialist ? XI Serbian International Meeting, Belgrad, Serbia (8/10/2010)

788. Physiotherapy: what the RCTs tell us ?. 23th Annual Meeting European Society of Intensive Care Medicine, Barcelona, Spain (11/10/2010)
789. Physiotherapy and respiratory Therapy in ICU. TV Interview. 23th Annual Meeting European Society of Intensive Care Medicine, Barcelona, Spain (11/10/2010)
790. Mesenchymal stem cells in ALI/ARDS. 23th Annual Meeting European Society of Intensive Care Medicine, Barcelona, Spain (12/10/2010)
791. Variable tidal volume in ALI/ARDS. 23th Annual Meeting European Society of Intensive Care Medicine, Barcelona, Spain (12/10/2010)
792. Chair Poster session: H1N1 influenza. 23th Annual Meeting European Society of Intensive Care Medicine, Barcelona, Spain (12/10/2010)
793. Chair ESICM/ESA moine session. Intraoperative check list: impact on morbidity and mortality. 23th Annual Meeting European Society of Intensive Care Medicine, Barcelona, Spain (12/10/2010)
794. Ventilazione nel paziente obeso. 64° Congresso SIAARTI, Parma (14/10/2010)
795. Opportunita' educazionali e formative della European Society of Anaesthesiology (ESA). 64° Congresso SIAARTI, Parma (14/10/2010)
796. Monitoraggio della pressione intraaddominale. 64° Congresso SIAARTI, Parma (15/10/2010)
797. Determinanti della ipossiemia. 64° Congresso SIAARTI, Parma (15/10/2010)
798. Tidal volume in ALI/ARDS: where we stand in 2010 ?. 5° International Baltic Congress of Anaesthesiology and Intensive Care Medicine, Tartu, Estonia (22/10/2010)
799. Is alveolar recruitment different in primary or secondary ALI/ARDS ? 5° International Baltic Congress of Anaesthesiology and Intensive Care Medicine, Tartu, Estonia (22/10/2010)

800. Postoperative pulmonary complications. 5° International Baltic Congress of Anaesthesiology and Intensive Care Medicine, Tartu, Estonia (22/10/2010)
801. Opening speech. ESA Autumn Meeting, Budapest, Hungary (5/11/2010)
802. Non invasive ventilation in the perioperative period. ESA Autumn Meeting, Budapest, Hungary (5/11/2010)
803. Mechanical Ventilation in ALI/ARDS: state of art. ESA Autumn Meeting, Budapest, Hungary (5/11/2010)
804. Dieci anni di progressi in Terapia Intensiva: la ventilazione meccanica. Convegno “Dieci anni di Terapia Intensiva”. Chiavari, Dipartimento di Emergenza e Accettazione, ASL Chiavarese (5/11/2010)
805. Pressure Volume Curve, Round Table. Update on Respiratory Monitoring, Rome (6/11/2010)
806. Monitoring of neurologically mechanically ventilated patient. Update on Respiratory Monitoring, Rome (7/11/2010)
807. Non invasive ventilation: state of art. Post Graduate Course in Anaesthesiology (PGA), New York, USA (12/12/2010)
808. Optimization of perioperative respiratory support. Post Graduate Course in Anaesthesiology (PGA), New York, USA (12/12/2010)
809. Chair ESA Session “Interventions to prevent postoperative complications: early is better !”. Post Graduate Course in Anaesthesiology (PGA), New York, USA (12/12/2010)
810. Situation in Italy. Arztemangel im krankenhaus, consequenzen fur die anestesiologie. Klausur-tagung. Hamburg, Germany (14/02/2011)
811. Il Benessere in Sala Operatoria, Tavola Rotonda. Progetto Benessere Organizzativo e Rischio Psicosociali nelle Aziende Sanitarie. Giornata formativa per dirigenti e preposti alla sicurezza dipartimenti chirurgici. Castello Simon Boccanegra, Genova (17/02/2011)

812. Respiratory Critical Care. Break-out session 2, "Clinical Respiratory Medicine in the next decade, The ERS Summit on priorities in respiratory medicine. Leuven, Belgium (5/02/2011)
813. The impact of increased IAP on VILI and recruitment. 3rd Update on Abdominal Compartment Syndrome. Brussels, Belgium (21/03/2011)
814. What's new in medical treatment of IAP ? 3rd Update on Abdominal Compartment Syndrome. Brussels, Belgium (21/03/2011)
815. Respiratory Strategies in neurologic patients. 31st International Symposium on Intensive Care and Emergency Medicine. Brussels, Belgium (22/03/2011)
816. Chairman: Prone positioning: who, when and how ? 31st International Symposium on Intensive Care and Emergency Medicine. Brussels, Belgium (22/03/2011)
817. Intraabdominal hypertension can worsen VILI. 31st International Symposium on Intensive Care and Emergency Medicine. Brussels, Belgium (23/03/2011)
818. Noisy Ventilation. 31st International Symposium on Intensive Care and Emergency Medicine. Brussels, Belgium (23/03/2011)
819. Recruitment: looking for the optimal maneuver. 31st International Symposium on Intensive Care and Emergency Medicine. Brussels, Belgium (23/03/2011)
820. High Flow BiPAP. 31st International Symposium on Intensive Care and Emergency Medicine. Brussels, Belgium (23/03/2011)
821. Use of helmet in children. 31st International Symposium on Intensive Care and Emergency Medicine. Brussels, Belgium (23/03/2011)
822. Perioperative management: the obese patient. 31st International Symposium on Intensive Care and Emergency Medicine. Brussels, Belgium (23/03/2011)
823. La ventilazione nella ipertensione addominale. Pressione intraaddominale in Terapia Intensiva: La gestione dell'addome aperto, Tuscany. Firenze, (02/04/2011)

824. Respiratory management in IAH and ACS. 15th State of art, Interdisciplinary review course on pulmonary disease, critical care, emergency medicine and nursing care. Athens, Greece (09/04/2011)
825. Non invasive respiratory support in the post-operative period. 15th State of art, Interdisciplinary review course on pulmonary disease, critical care, emergency medicine and nursing care. Athens, Greece (09/04/2011)
826. CT scan nella ALIA/ARDS. In Aggiornamento in ecografia pleuro polmonare ed ecocardiografia in terapia Intensiva. Azienda Ospedaliera Universitaria “San Martino”, Genova (13/04/2011)
827. Reclutamiento alveolar: cuando y como los hacemos, y como lo monitorizamos. XXX Congreso Nacional de la Sociedad Espanola de Anestesiologia, Reanimacion y Terapeutica del dolor. Madrid, Spain (05/05/2011)
828. Fisiopatologia della respirazione artificiale e danno polmonare. Lung and heart: protective ventilation and extracorporeal supports. 2nd Update and critical care and emergency medicine, Milano, (06/05/2011)
829. Noisy ventilation. Lung and heart: protective ventilation and extracorporeal supports. 2nd Update and critical care and emergency medicine, Milano, (06/05/2011)
830. Chair Sessione Anesthesia and concurrent diseases. SMART meeting, Milano (25/05/2011)
831. Perioperative management of morbidly obese patients. SMART meeting, Milano (25/05/2011)
832. Glutamine decreases lung and distal organ injury. SMART meeting, Milano (26/05/2011)
833. Variable pressure support to minimize ventilator induced lung injury. SMART, Milano (27/05/2011)
834. Intraabdominal hypertension increases Ventilator Induced Lung Injury. SMART, Milano (27/05/2011)
835. PEEP and recruitment in morbidly obese patients during general anesthesia. SMART, Milano (27/05/2011)

836. PEEP and perioeprative outvome. Can PEEP help to imporve outcome ? 26th Annual Conference of teh European Association of Cardiovascular Anaesthesiologists (EACTA). Vienna, Austria (03/06/2011)
837. Abdominal problems: an increasing challange for all critical care physicians. Euroanaesthesia, Amsterdam, The Netherlands (12/06/2011)
838. Chair: The new Guidelines for cardiopulmonary resuscitation 2010. Euroanaesthesia, Amsterdam, The Netherlands (12/06/2011)
839. Chair: Should non-anaesthesiologists be allowed to administer propofol for procedural sedation ?. Euroanaesthesia, Amsterdam, Holland (12/06/2011)
840. Chair: Nuove linee guida ILCOR 2010 e aspetti attuali della rianimazione cardiorespiratoria. Aspetti organizzativi e di contesto. Corso di Aggiornamento ECM, Azienda Ospedaliera Universitaria San Martino, Genova (18/06/2011)
841. PERISCOPE trial: predicting postoperative pulmonary complications. Protective the brain during ventilatory support: what is important ? 6th International Symposium on Intensive Care and Emergency Medicine for Latin America. Sao Paolo, Brazil (22/06/2011)
842. Dyspnea evaluation algorithms: a proposal. 6th International Symposium on Intensive Care and Emergency Medicine for Latin America. Sao Paolo, Brazil (23/06/2011)
843. Protective the brain during ventilatory support: what is important ? 6th International Symposium on Intensive Care and Emergency Medicine for Latin America. Sao Paolo, Brazil (24/06/2011)
844. Noisy ventilation: clinical applications. 6th International Symposium on Intensive Care and Emergency Medicine for Latin America. Sao Paolo, Brazil (24/06/2011)
845. Recruitment maneuvres in ARDS: doing it at the clinical practice. 6th International Symposium on Intensive Care and Emergency Medicine for Latin America. Sao Paolo, Brazil (24/06/2011)

846. Which is the best recruitment maneuvre strategy for obese patients ?
X International Symposium of Mechanical Ventilation. Rio de Janeiro, Brazil (01/06/2011)
847. Round table: ARDS. How to set mechanical ventilation with IAH ?
X International Symposium of Mechanical Ventilation. Rio de Janeiro, Brazil (01/06/2011)
848. Round table: How to achieve better results with mechanical ventilation. X International Symposium of Mechanical Ventilation. Rio de Janeiro, Brazil (01/06/2011)
849. Intraabdominal pressure measurement: clinical or research tool ?
13th Capital City Conference of the DGAI Congress of Anesthesiology and Surgical Intensive Care Medicine. Berlin, Germany (12/09/2011)
850. Future prospectives of Anesthesia and Intensive Care Medicine in Europe. 13th Capital City Conference of the DGAI Congress of Anesthesiology and Surgical Intensive Care Medicine. Berlin, Germany (13/09/2011)
851. Chair Poster Session “Acute Respiratory Failure” Annual Meeting European Respiratory Society, Amsterdam, The Netherlands (26/09/2011)
852. Clinical use of non invasive ventilation. Annual Meeting European Respiratory Society, Amsterdam, The Netherlands (26/09/2011)
853. Acute Critical Care. Clinical Year in Review. Annual Meeting European Respiratory Society, Amsterdam, The Netherlands (27/09/2011)
854. Chair “ECMO and CO2 removal in lung disease: back to the future ? . Annual Meeting European Respiratory Society, Amsterdam, The Netherlands (27/09/2011)
855. High PEEP and lung recruitment is the trick. Annual Meeting European Society of Intensive Care Medicine, Berlin, Germany (3/10/2011)
856. Chair “Optimizing gas exchange in severe ARDS patient”. Annual Meeting European Society of Intensive Care Medicine, Berlin, Germany (3/10/2011)

857. Chair “Ventilatory synchronicity and weaning”. Annual Meeting European Society of Intensive Care Medicine, Berlin, Germany (3/10/2011)
858. Altered physiology, morbidity and mortality in the morbidly obese patients. Caring for the morbidly obese. The German Nursing track session. Annual Meeting European Society of Intensive Care Medicine, Berlin, Germany (4/10/2011)
859. Chair “Pathophysiology and innovative therapies in ARDS”. Annual Meeting European Society of Intensive Care Medicine, Berlin, Germany (4/10/2011)
860. Chair “New modes of mechanical ventilation: let the ventilator decide. Annual Meeting European Society of Intensive Care Medicine, Berlin, Germany (4/10/2011)
861. Chair “Perioperative hemodynamic management”, ESA ESICM Session. Annual Meeting European Society of Intensive Care Medicine, Berlin, Germany (5/10/2011)
862. Chair “Therapeutic goals in the ventilated patients”. Annual Meeting European Society of Intensive Care Medicine, Berlin, Germany (5/10/2011)
863. Therapeutic goals in COPD patients. Annual Meeting European Society of Intensive Care Medicine, Berlin, Germany (5/10/2011)
864. Noisy ventilation: le meraviglie della variabilita’. 65° Congresso Nazionale SIAARTI, Torino, Italia (6/10/2011)
865. Chair “Guidelines which changed the practice in anesthesia or will change in the next future. SIAARTI ESA Task Force. 65° Congresso Nazionale SIAARTI, Torino, Italia (6/10/2011)
866. Il ruolo delle cellule staminali e protezione di organo. 65° Congresso Nazionale SIAARTI, Torino, Italia (7/10/2011)
867. Ventilatory management in patients with severe brain injury. XXXVIII Annual meeting of the Asociacion Mexicana de medicina Critica y Terapia Intensiva, Cancun, Mexico (28/10/2011)

868. Lung recruitment: looking for the perfect maneuvre. XXXVIII Annual meeting of the Asociacion Mexicana de medicina Critica y Terapia Intensiva, Cancun, Mexico (28/10/2011)
869. Round table: Prone position in who, when and why ? XXXVIII Annual meeting of the Asociacion Mexicana de medicina Critica y Terapia Intensiva, Cancun, Mexico (28/10/2011)
870. Lung recruitment increases the risk of VILI ? XXXVIII Annual meeting of the Asociacion Mexicana de medicina Critica y Terapia Intensiva, Cancun, Mexico (28/10/2011)
871. What's new in the management of abdominal compartmental syndrome ? Medical and surgical aspects. XXXVIII Annual meeting of the Asociacion Mexicana de medicina Critica y Terapia Intensiva, Cancun, Mexico (28/10/2011)
872. Quo vadis European Anaesthesiology. XXXV Simpozij intenzivne medicine. Zabreb, Croatia (4/11/2011)
873. Welcome speech: President of the European Society of Anaesthesiology. ESA Autumn meeting, Kracow, Poland (11/11/2011)
874. Early, pre and intrahospital non invasive ventilation. The International Congress “Norte de Anestesia”, Oporto, Portugal (19/11/2011)
875. Anesthesia for the morbidly obese patients. Perioperative management in metabolic surgery. Leipzig, Germany (25/11/2011)
876. Equilibrio acido base. L'emogasanalisi in laboratorio. Corso ECM, Azienda Ospedaliera Universitaria IRCCS, San Martino Genova (1/12/2011)
877. Le tracheotomie percutanee nel paziente critico: evidenza clinica. Le tracheotomie percutanee nel paziente critico. Centro di Simulazione Universita' degli Studi di Genova, Genova (1/12/2011)
878. Chair, Tavola Rotonda: Analisi comparativa e peculiarita' delle varie metodiche di tracheotomia percutanea. Le tracheotomie percutanee nel paziente critico, Centro di Simulazione Universita' degli Studi di Genova, Genova (2/12/2011)

879. Interpretazione della gas-analisi nel paziente critico. L'emogasanalisi in laboratorio. Corso ECM, Azienda Ospedaliera Universitaria IRCCS, San Martino Genova (1/12/2011)
880. Perioperative medicine in obese patients. APICE masterclass, 24th Annual International Meeting, Mediterranean school of Intensive Care and Critical Care Medicine, Catania (10/12/2011)
881. Old and new strategies on artificial ventilation in ARDS patients. 24th Annual International Meeting, Mediterranean school of Intensive Care and Critical Care Medicine, Catania (11/12/2011)
882. Lung imaging useful to understand mechanical ventilation in ICU. Course of Mechanical Ventilation, Lyon (13/12/2011)
883. Type I respiratory failure. Respiratory Critical Care work-shadowing. Genova (14/11/2011)
884. Characteristics of respiratory mechanics in ventilated patients. Postgraduate International Course on Mechanical ventilation, Goteborg, Sweden (13/1/2012)
885. Characteristics of the derecruited lung. Postgraduate International Course on Mechanical ventilation, Goteborg, Sweden (13/1/2012)
886. Relation between pressure and volume in the diseased lung. Postgraduate International Course on Mechanical ventilation, Goteborg, Sweden (13/1/2012)
887. New therapies for acute lung injury. 17th International Symposium on Infections in the critically ill patient. Barcelona, Spain (3/2/2012)
888. Ventilatory strategies to improve perioperative outcome. 27th Winter Symposium University Hospitals Leuven, Leuven, Belgium (10/2/2012)
889. Challenges and prospectives of European Anaesthesiology. West Ireland Anesthesia Symposium, Galway, Ireland (2/3/2012)
890. Mechanical ventilation in ARDS. West Ireland Anesthesia. Symposium, Galway, Ireland (3/3/2012)
891. Recruitment in ALI/ARDS. International Symposium on Mechanical Ventilation, Valencia, Spain (8/3/2012)

892. Sepsi: Quando inizia la competenza rianimatoria ? Quali i cardini della Terapia ? Corso Teorico Pratico “L’Accademia del Saper Fare. Percorso diagnostico terapeutico della sepsi”. Genova (12/3/2012)
893. I piu importanti articoli sulla gestione della sepsi sono stati in qualche modo smentiti: quali criteri per ancora considerarli validi ? Corso Teorico Pratico “L’Accademia del Saper Fare. Percorso diagnostico terapeutico della sepsi”. Genova (12/3/2012)
894. Noisy Ventilation. 32nd International Symposium of Intensive Care Medicine and Emergency Medicine (ISICEM), Brussels, Belgium (20/3/2012)
895. Effects of mechanical ventilation on the extracellular matrix. 32nd International Symposium of Intensive Care Medicine and Emergency Medicine (ISICEM), Brussels, Belgium (21/3/2012)
896. Respiratory mechanics (Moderator). 32nd International Symposium of Intensive Care Medicine and Emergency Medicine (ISICEM), Brussels, Belgium (22/3/2012)
897. Cell therapy in ARDS. 32nd International Symposium of Intensive Care Medicine and Emergency Medicine (ISICEM), Brussels, Belgium (22/3/2012)
898. Poster awards. 32nd International Symposium of Intensive Care Medicine and Emergency Medicine (ISICEM), Brussels, Belgium (22/3/2012)
899. Renal doppler to recognize occult hemorrhage. 32nd International Symposium of Intensive Care Medicine and Emergency Medicine (ISICEM), Brussels, Belgium (23/3/2012)
900. The beneficial effects of variable stress and strain. 32nd International Symposium of Intensive Care Medicine and Emergency Medicine (ISICEM), Brussels, Belgium (23/3/2012)
901. Lung recruitment in ARDS. 9th Journees Reanimation et Urgences Respiratoires. Marseille, France (12/4/2012)
902. Mechanical ventilation of obese patients. 9th Journees Reanimation et Urgences Respiratoires. Marseille, France (12/4/2012)

903. Chair “Arresto cardiaco: trattamento della sindrome post-anossica ed ipotermia terapeutica”. Corso ECM, San Martino, Genova (23/04/2012)
904. Ventilazione meccanica nel paziente con lesione cerebrale. Corso “Emorragia cerebrale spontanea”, IRCCS Azienda Ospedaliera Universitaria San Martino – IST, Genova, Italy (03/05/2012)
905. Should we use lung protective ventilation also in normal lungs ? 23rd SMART, Milano, Italy (10/5/2012)
906. Tidal volume, recruitment and PEEP in general anesthesia. 23rd SMART, Milano, Italy (10/5/2012)
907. Respiratory problems in obese patient anesthesia. 23rd SMART, Milano, Italy (10/5/2012)
908. Chair “Gestione dello Stato di Male epilettico nell’adulto”. IRCCS Azienda Ospedaliera Universitaria San Martino – IST, Genova, Italy (18/05/2012)
909. Thoracic Trauma. ESICM Summer Conference, Trauma Update 2012. London (25/5/2012)
910. Chair “Arresto cardiaco: trattamento della sindrome post-anossica ed ipotermia terapeutica”. Corso ECM, San Martino, Genova (04/06/2012)
911. Chair: New techniques for advanced respiratory support. Euroanaesthesia 2012, Paris, France (10/6/2012)
912. Chair: Controversies in emergency medicine. Euroanaesthesia 2012, Paris, France (10/6/2012)
913. Chair: The European Surgical Outcomes Study – Joint Symposium ESICM-ESA. Euroanaesthesia 2012, Paris, France (10/6/2012)
914. Intraoperative ventilation. Euroanaesthesia 2012, Paris, France (11/6/2012)
915. Abdominal problems: challenges for the anesthesiologist. Euroanaesthesia 2012, Paris, France (11/6/2012)
916. Complicanze post-operatorie: realta’ o fantasia ? Convegno: Terapia Intensiva, Semintensiva, Subintensiva, Post-operatoria, Recovery room o

alta intensita' per il paziente post-operatorio ? Ospedale di Niguarda, Milano, Italia (19/06/2012)

917. Tavola rotonda: modelli gestionali: proposte e soluzioni a confronto. Terapia Intensiva, Semintensiva, Subintensiva, Post-operatoria, Recovery room o alta intensita' per il paziente post-operatorio ? Ospedale di Niguarda, Milano, Italia (19/06/2012)
918. ARDS: which questions require further investigation ? XI International Symposium on Mechanical Ventilation. Rio de Janeiro, Brazil (29/6/2012)
919. Which is the best strategy to titrate PEEP after lung recruitment ? XI International Symposium on Mechanical Ventilation. Rio de Janeiro, Brazil (29/6/2012)
920. Lung ultrasound. XI International Symposium on Mechanical Ventilation. Rio de Janeiro, Brazil (29/6/2012)
921. Round table: Pro-Con: Neurumuscular blocking drugs to treat ARDS. XI International Symposium on Mechanical Ventilation. Rio de Janeiro, Brazil (29/6/2012)
922. Mechanical Ventilation in brain injured patients. 18th International Symposium on Mechanical Ventilation of Hospital Nossa Senhora de Lourdes, Sao Paolo, Brazil (18/08/2012)
923. The helmet for non invasive respiratory support in acute respiratory failure. 18th International Symposium on Mechanical Ventilation of Hospital Nossa Senhora de Lourdes, Sao Paolo, Brazil (18/08/2012)
924. Impact of intraabdominal pressure on lung mechanics. Seminar at the Universidad Federal de Rio de Janeiro (UFRJ). Rio de Janeiro, Brazil (21/08/2012)
925. Chairman: New advances in ICU aquired weakness. European Respiratory Society Annual Meeting, Vienna , Austria (02/09/2012)
926. Chairman: How to use technology to provide better critical care. European Respiratory Society Annual Meeting, Vienna, Austria (02/09/2012)

927. Chairman: Making sense of non invasive ventilation in acute patients: Morning seminar. European Respiratory Society Annual Meeting, Vienna, Austria (04/09/2012)
928. Ground Round. Severe Respiratory Infection: when Intensive Care Unit is Mandatory ? European Respiratory Society Annual Meeting, Vienna, Austria (04/09/2012)
929. Chair. Products of outstanding interest. European Respiratory Society Annual Meeting, Vienna, Austria (04/09/2012)
930. Products of outstanding interest: PB 500 series. European Respiratory Society Annual Meeting, Vienna, Austria (04/09/2012)
931. Expert panel: ITALIC: Italian Consensus on Invasive Candidiasis. Roma (25-26/09/2012)
932. La European Society of Anaesthesiology (ESA): una nuova opportunità per l' Anestesista – Rianimatore italiano. 13° Congresso Regionale Anesthesia e Rianimazione, AAROI – EMAC Sardegna, SIARED, AIMOS, Castello dei Doria Castelsardo (13/10/2012)
933. Ventilazione meccanica protettiva durante anestesia generale: dagli studi sperimentali alla evidenza clinica. 13° Congresso Regionale Anesthesia e Rianimazione, AAROI – EMAC Sardegna, SIARED, AIMOS, Castello dei Doria Castelsardo (13/10/2012)
934. Complicanze polmonari post-operatorie: mito o realtà ? 13° Congresso Regionale Anesthesia e Rianimazione, AAROI – EMAC Sardegna, SIARED, AIMOS, Castello dei Doria Castelsardo (13/10/2012)
935. The brain is the conductor, the organs are musicians 25° European Society of Intensive Care Medicine, Lisbon, Portugal (15/10/2012)
936. Chairman: How do I manage chest trauma ? 25° European Society of Intensive Care Medicine, Lisbon, Portugal (16/10/2012)
937. Translating to clinical setting: potential and pitfalls in stem cells therapy. 25° European Society of Intensive Care Medicine, Lisbon, Portugal (17/10/2012)

938. Chairman: Regenerative medicine: the future of ARDS ? 25° European Society of Intensive Care Medicine, Lisbon, Portugal (17/10/2012)
939. Chairman: ARDS : New trends and Treatment. 25° European Society of Intensive Care Medicine, Lisbon, Portugal (17/10/2012)
940. Clinical trials in Anaesthesiology and surgical outcome in Europe. 66° Congresso Nazionale SIAARTI, Napoli (25/10/2012)
941. Chairman: Condizionamento dei gas inspirati: quali le giuste proposte ? 66° Congresso Nazionale SIAARTI, Napoli (25/10/2012)
942. Fisiologia degli scambi respiratori in anestesia generale. 66° Congresso Nazionale SIAARTI, Napoli (25/10/2012)
943. Complicanze delle diverse tecniche tracheotomiche. 66° Congresso Nazionale SIAARTI, Napoli (26/10/2012)
944. PEEP e Reclutamento nei pazienti obesi. 66° Congresso Nazionale SIAARTI, Napoli (26/10/2012)
945. Le complicanze polmonari nel paziente politraumatizzato: prevenzione e approcci terapeutici. 66° Congresso Nazionale SIAARTI, Napoli (26/10/2012)
946. Surgical Outcome in Europe. CEEA Course, Zagreb (9/11/2012)
947. ARDS. CEEA Course, Zagreb, Croatia (9/11/2012)
948. Intraabdominal hypertension. XXXVI Intensive Care Symposium. Zagreb, Croatia (10/11/2012)
949. Perioperative respiratory management in morbidly obese patients (Zagreb, Croatia (10/11/2012)
950. The brain and peripheral organs: do you want to talk with me ? Congresso Nazionale “Hypothermia: the cardiac arrest and post-resuscitation care”, Genova (15-16/11/2012)
951. Discussant Caso clinico. Miglioramento in pronto soccorso: le decisioni e i percorsi. Congresso interregionale, Genova (17/11/2012)

952. Le complicate polmonari nel periodo perioperatorio: mito o realtà ? Corso Teorico Pratico: Complicazioni polmonari in pazienti sottoposti a chirurgia non cardiaca: valutazione e trattamento. Genova (20/11/2012)
953. Scores di rischio per la valutazione preoperatoria del paziente chirurgico. Corso Teorico Pratico: Complicazioni polmonari in pazienti sottoposti a chirurgia non cardiaca: valutazione e trattamento. Genova (20/11/2012)
954. Fisioterapia respiratoria in tutti i pazienti ? Corso Teorico Pratico: Complicazioni polmonari in pazienti sottoposti a chirurgia non cardiaca: valutazione e trattamento. Genova (20/11/2012)
955. La CPAP nel periodo periooperatorio. Corso Teorico Pratico: Complicazioni polmonari in pazienti sottoposti a chirurgia non cardiaca: valutazione e trattamento. Genova (20/11/2012)
956. Postoperative respiratory complications. APICE Masterclass 2012, Catania (30/11/2012)
957. Tidal volume optimization. APICE Masterclass 2012, Catania (01/12/2012)
958. Mechanical ventilation and lung ultrasound. APICE Masterclass 2012, Catania (01/11/2012)
959. Perioperative ventilatory management and protective ventilation of surgical patients. Anesthesiology Grand Rounds Lecture, Mayo Clinic, Rochester, Minnesota, USA (10/12/2012)
960. A clinical case of respiratory failure and non invasive ventilation. Resident Luncheon Lecture, Mayo Clinic, Rochester, Minnesota, USA (10/12/2012)
961. Ultrasonography in critically ill patients. Metric Show and Tell & Lecture, Mayo Clinic, Rochester, Minnesota, USA (11/12/2012)
962. The future of Anaesthesiology. Networks in Anaesthesiology. Rome (7/02/2013)
963. Helsinki declaration. Opening Ceremony Speech. 6th Dubai Anesthesia Conference, Dubai (07/03/2013)

964. Moderator: Anesthesia in remote areas. 6th Dubai Anesthesia Conference, Dubai (07/03/2013)
965. The role of Intensive Care to improve perioperative mortality. 6th Dubai Anesthesia Conference, Dubai (07/03/2013)
966. Perioperative respiratory management in morbidly obese patients. 6th Dubai Anesthesia Conference, Dubai (07/03/2013)
967. Postoperative non invasive ventilation modes: benefits and limits. 6th Dubai Anesthesia Conference, Dubai (08/03/2013)
968. Non invasive ventilation in the post operative period. STAR, Rome (14/03/2013)
969. Mechanical Ventilation: the obese patient. 32rd International Symposium on Intensive Care and Emergency Medicine. Brussels, Belgium (19/03/2013)
970. Recruitment maneuvres in ARDS. 32rd International Symposium on Intensive Care and Emergency Medicine. Brussels, Belgium (19/03/2013)
971. Cross talk between the brain and other organs. 32rd International Symposium on Intensive Care and Emergency Medicine. Brussels, Belgium (19/03/2013)
972. Moderator: Safer intubation. 32rd International Symposium on Intensive Care and Emergency Medicine. Brussels, Belgium (20/03/2013)
973. Renal and splenic doppler to evaluate fluid status. 32rd International Symposium on Intensive Care and Emergency Medicine. Brussels, Belgium (20/03/2013)
974. Spontaneous ventilation for ARDS: pro. 32rd International Symposium on Intensive Care and Emergency Medicine. Brussels, Belgium (20/03/2013)
975. HES can have protective effects. 32rd International Symposium on Intensive Care and Emergency Medicine. Brussels, Belgium (21/03/2013)
976. Moderator: ARDS: Clinical standard presentation. 32rd International Symposium on Intensive Care and Emergency Medicine. Brussels, Belgium (22/03/2013)

977. Oxygenation in the ambulance. 32rd International Symposium on Intensive Care and Emergency Medicine. Brussels, Belgium (22/03/2013)
978. Optimal humidification. 32rd International Symposium on Intensive Care and Emergency Medicine. Brussels, Belgium (22/03/2013)
979. The Morbidly Obese patient and Post-Operative Pulmonary Complications. 10th International Congress of Anesthesiology of the State of Sao Paolo , Sao Paolo, Brazil (12/04/2013)
980. Non invasive ventilation during the perioperative period. 10th International Congress of Anesthesiology of the State of Sao Paolo , Sao Paolo, Brazil (12/04/2013)
981. Lung ultrasound for respiratory monitoring. 10th International Congress of Anesthesiology of the State of Sao Paolo , Sao Paolo, Brazil (13/04/2013)
982. European Union and Training in Anesthesia – Challanges and Unification. Congress of Anesthesiology of the State of Sao Paolo , Sao Paolo, Brazil (13/04/2013)
983. ARDS: patofisiologia. Corso per Infermieri di Area Critica “Assistenza respiratoria nel paziente critico”, Azienda Ospedaliera Universitaria IRCCS San Martino IST, Genova (30/04/2013)
984. Tranpulmonary pressure in anesthesia. PLUG Consensus Conference ESICM – ARF Section, SMART, Milano (07/05/2013)
985. Chair: Acid Base: what is rarely discussed. SMART, Milano (08/05/2013)
986. Complications in surgical and percutaneous tracheostomy. SMART, Milano (08/05/2013)
987. Esophageal pressure in Anesthesia. SMART, Milano (07/05/2013)
988. Spontaneous breathing in ARDS. SMART, Milano (08/05/2013)
989. Ventilatory targets in cardiac arrest. SMART, Milano (09/05/2013)

990. Noisy ventilation: chaos is better !! 19th International Symposium of Turkish Society of Intensive Care. Istanbul, Turkey (11/05/2013)
991. Chair: Session Mechanical Ventilation. 19th International Symposium of Turkish Society of Intensive Care. Istanbul, Turkey (11/05/2013)
992. Sonography in critically ill patients. 19th International Symposium of Turkish Society of Intensive Care. Istanbul, Turkey (11/05/2013)
993. Ventilazione Meccanica nella ARDS. Corso per Infermieri di Area Critica “Assistenza respiratoria nel paziente critico”, Azienda Ospedaliera Universitaria IRCCS San Martino IST, Genova (20/05/2013)
994. Protective ventilation during general anesthesia: myth or reality ? 5th European- American Anesthesia Conference. Rovigno, Croazia (23/05/2013)
995. Should we use scores ? Update on Perioperative Monitoring. Mougins, France (26-29/05/2013)
996. Renal monitoring. Update on Perioperative Monitoring. Mougins, France (26-29/05/2013)
997. The place for sonography. Update on Perioperative Monitoring. Mougins, France (26-29/05/2013)
998. Induction of anesthesia and intraoperative respiratory management of a morbidly obese patient. Euroanaesthesia, Barcelona, Spain (01/06/2013)
999. How to prevent postoperative pulmonary complications. Euroanaesthesia, Barcelona, Spain (03/06/2013)
1000. Chair: Airway and respiratory care in critically ill patients. Symposium organized by EAMS. Euroanaesthesia, Barcelona, Spain (03/06/2013)
1001. In the search of the “Holy Grail”: does the optimal tracheostomy exist ? Symposium organized by EAMS. Euroanaesthesia, Barcelona, Spain (03/06/2013)

1002. Chair: Abdominal Compartment Syndrome. Symposium organized by WSACS. Euroanaesthesia, Barcelona, Spain (03/06/2013)
1003. Abdominal Compartment Syndrome: who is at risk and why ?
Symposium organized by WSACS. Euroanaesthesia, Barcelona, Spain (03/06/2013)
1004. Chair: In Hospital resucitation registries. Joined Symposium ESA and ERC. Euroanaesthesia, Barcelona, Spain (03/06/2013)
1005. Assistenza respiratoria non invasiva. Corso per Infermieri di Area Critica “Assistenza respiratoria nel paziente critico”, Azienda Ospedaliera Universitaria IRCCS San Martino IST, Genova (06/06/2013)
1006. Condizionamento delle vie aeree. Corso per Infermieri di Area Critica “Assistenza respiratoria nel paziente critico”, Azienda Ospedaliera Universitaria IRCCS San Martino IST, Genova (12/06/2013)
1007. Perioperative Pulmonary Complications: Myth or Reality ? 7th International Symposium on Intensive Care and Emergency Medicine, Sao Paolo, Brasil (21/06/2013)
1008. How to monitor the patient during mechanical ventilation due to hypoxiemic respiratory failure ? An Update. 7th International Symposium on Intensive Care and Emergency Medicine, Sao Paolo, Brasil (21/06/2013)
1009. New modes of mechanical ventilation. 7th International Symposium on Intensive Care and Emergency Medicine, Sao Paolo, Brasil (21/06/2013)
1010. Workshop on ECMO and Alveolar Recruitment. 7th International Symposium on Intensive Care and Emergency Medicine, Sao Paolo, Brasil (21/06/2013)

1011. Lung Ultrasound: Can we do more ? 7th International Symposium on Intensive Care and Emergency Medicine, Sao Paolo, Brasil (21/06/2013)
1012. Tracheostomy in critically ill patients: back to the future. 7th International Symposium on Intensive Care and Emergency Medicine, Sao Paolo, Brasil (21/06/2013)
1013. Tracheostomia nei pazienti critici: un aggiornamento. Corso per Infermieri di Area Critica “Assistenza respiratoria nel paziente critico”, Azienda Ospedaliera Universitaria IRCCS San Martino IST, Genova (25/06/2013)
1014. La Sindrome Compartmentale. Sessione “ I Disastri di Parete”. Le giornate genovesi della Chirurgia Italiana, Genova (26/06/2013)
1015. Spontaneous ventilation in ARDS: pro and con. Lecture al Pro Cardiaco Hospital, Rio de Janeiro, Brasil (1/07/2013)
1016. Chair: ARDS: Definition, Diagnosis, Pathophysiology. XII Symposium on Mechanical Ventilation. Rio de Janeiro, Brasil (5/07/2013)
1017. Berlin Definition: should we discard old studies ? XII Symposium on Mechanical Ventilation. Rio de Janeiro, Brasil (5/07/2013)
1018. Difficult airways in critically ill patients. XII Symposium on Mechanical Ventilation. Rio de Janeiro, Brasil (5/07/2013)
1019. ARDS in perioperative period. XII Symposium on Mechanical Ventilation. Rio de Janeiro, Brasil (5/07/2013)

1020. Recruitment maneuvres in ARDS (Round Table). XII Symposium on Mechanical Ventilation. Rio de Janeiro, Brasil (5/07/2013)

1021. Chair. ARDS Therapy. XII Symposium on Mechanical Ventilation. Rio de Janeiro, Brasil (6/07/2013)

1022. How is the brain and lung interactions ? 19° Simposio International de ventilacao mecanica e mobilacao precoce do paciente critico. Sao Paolo, Brasil (23/08/2013)

1023. Protective mechanical ventilation in non injured lungs. 19° Simposio International de ventilacao mecanica e mobilacao precoce do paciente critico. Sao Paolo, Brasil (23/08/2013)

1024. The Berlin definition: new definition, new treatments ? 19° Simposio International de ventilacao mecanica e mobilacao precoce do paciente critico. Sao Paolo, Brasil (23/08/2013)

1025. Lung and pleural ultrasound. 11° World Federation of Societies of Intensive and Critical Care Medicine Congress. Durban, South Africa (27/08/2013)

1026. Vascular ultrasound and image guided access. 11° World Federation of Societies of Intensive and Critical Care Medicine Congress. Durban, South Africa (27/08/2013)

1027. Venous thrombosis. 11° World Federation of Societies of Intensive and Critical Care Medicine Congress. Durban, South Africa (27/08/2013)

1028. Ultrasound variables to guide resuscitation. 11° World Federation of Societies of Intensive and Critical Care Medicine Congress. Durban, South Africa (28/08/2013)

1029. Mechanical ventilation and intraabdominal hypertension. 11° World Federation of Societies of Intensive and Critical Care Medicine Congress. Durban, South Africa (29/08/2013)
1030. Chair: Perspectives on Heart Failure. 11° World Federation of Societies of Intensive and Critical Care Medicine Congress. Durban, South Africa (29/08/2013)
1031. Protective ventilation during general anesthesia improves outcome 11° World Federation of Societies of Intensive and Critical Care Medicine Congress. Durban, South Africa (29/08/2013)
1032. Colloids and renal function: non septic abd septic patients are different. 11° World Federation of Societies of Intensive and Critical Care Medicine Congress. Durban, South Africa (30/08/2013)
1033. Assisted ventilation minimizes lung injury. 11° World Federation of Societies of Intensive and Critical Care Medicine Congress. Durban, South Africa (31/08/2013)
1034. Tecniche di Tracheotomie e complicanze: dati della letteratura. Corso: La Tracheotomia percutanea nel paziente critico adulto. Genova (26/09/2013)
1035. Tavola rotonda: utlizzo tubo bilume per tracheotomie. Corso: La Tracheotomia percutanea nel paziente critico adulto. Genova (26/09/2013)
1036. Tavola rotonda: Esperienze di tracheotomia a confronto. Corso: La Tracheotomia percutanea nel paziente critico adulto. Genova (27/09/2013)
1037. Perioperative problems in obese patients. European Respiratory Society Annual Meeting, Barcelona, Spain (07/09/2013)

1058. The Role of Intraoperative Mechanical Ventilation to prevent postoperative complications. Decision Making in Bariatric and Metabolic Surgery, Roma (15/10/2013)

1059. Sonography in Critically Ill Patients. 18th National Congress of Anaesthesiology and Intensive Care with International Partcipation, Nessebar, Bulgaria (26/10/2013)

1060. Protective Mechanical Ventilation during General Anesthesia: Myth or Reality ? 18th National Congress of Anaesthesiology and Intensive Care with International Partcipation, Nessebar, Bulgaria (26/10/2013)

1061. Lung Recruitment in ARDS. Von behring-Rontgen Symposium “Acute Lung Failure”. Marburg, Germany (09/11/2013)

1062. Assisted ventilation attenuates ventilator associated lung injury. 26° Congresso Nazionale della Società Italiana di Terapia Intensiva, Firenze (15/1172013)

1063. Should we use scores ? 26° Congresso Nazionale della Società Italiana di Terapia Intensiva, Firenze (15/1172013)

1064. Mechanical ventilation and Intraabdominal Pressure: beyond God and Evil. Essener Ruhrkongress, Essen, Germany (23/11/2013)

1065. Nuovi metodi per CPAP non invasiva in ambiente extraospedaliero. Sistemi CPAP per Emergenza Urgenza Intra ed Extraospedaliera, Corso Teorico Pratico, Chieti (29/11/2013)
1066. What is new in the ventilation of morbidly obese patients. 4th ESPCOP Meeting, Bruges, Belgium (14/12/2013)
1067. Tecnica percutanea e tecnica chirurgica: le ragioni di una scelta e i dati in letteratura. La tracheotomia percutanea nel paziente critico adulto, Corso teorico Pratico, Napoli (16/01/2014)
1068. Ventilazione meccanica durante tracheostomia. La tracheotomia percutanea nel paziente critico adulto, Corso teorico Pratico, Napoli (16/01/2014)
1069. Il consenso informato in terapia intensiva. Tavola rotonda. La tracheotomia percutanea nel paziente critico adulto, Corso teorico Pratico, Napoli (17/01/2014)
1070. Epidemiology of perioperative mortality. International Winter Symposium “Periopeartive Optimization”, Leuven, Belgio (08/02/2014)
1071. Hanno senso gli score per identificare il paziente a rischio di complicanze post-operatorie ? STAT, Udine (27/02/2014)
1072. Ventilazione protettiva ed outcome postoperatorio. STAT, Udine (27/02/2014)
1073. Fisiopatologia della pressione intraaddominale. La Sindrome Compartimentale Addominale, Firenze (01/03/2014)

1074. Respiration. Symposium Anesthesia and Beyond. 60th Anniversary of the Department of Anesthesiology and Critical Care Medicine AKH, Linz (7/03/2014)
1075. Rights and wrongs of non-animal models (mathematical and neuronal networks). Round Table Conference: Evidence-based care: new directions. 33nd International Symposium of Intensive Care Medicine and Emergency Medicine (ISICEM), Brussels, Belgium (15/03/2014)
1076. Higher tidal volume and lower PEEP in IAH/ACS ? 33nd International Symposium of Intensive Care Medicine and Emergency Medicine (ISICEM), Brussels, Belgium (18/3/2014)
1077. Chair: My idea is not so crazy. 33nd International Symposium of Intensive Care Medicine and Emergency Medicine (ISICEM), Brussels, Belgium (18/3/2014)
1078. Recruitment in ARDS: different methods, different effects ? 33nd International Symposium of Intensive Care Medicine and Emergency Medicine (ISICEM), Brussels, Belgium (19/03/2014)
1079. Regional circulation in the lung. 33nd International Symposium of Intensive Care Medicine and Emergency Medicine (ISICEM), Brussels, Belgium (19/03/2014)
1080. Stem cells in ARDS. 33nd International Symposium of Intensive Care Medicine and Emergency Medicine (ISICEM), Brussels, Belgium (19/03/2014)
1081. Tracheostomy: how to do better? 33nd International Symposium of Intensive Care Medicine and Emergency Medicine (ISICEM), Brussels, Belgium (19/03/2014)

1082. Chair: Beta-blockade for everyone? 33nd International Symposium of Intensive Care Medicine and Emergency Medicine (ISICEM), Brussels, Belgium (20/03/2014)
1083. Noisy ventilation. 33nd International Symposium of Intensive Care Medicine and Emergency Medicine (ISICEM), Brussels, Belgium (20/03/2014)
1084. Protective ventilation in non-injured lungs: tidal volume, PEEP or both? 33nd International Symposium of Intensive Care Medicine and Emergency Medicine (ISICEM), Brussels, Belgium (20/03/2014)
1085. Ventilator management during surgery. 33nd International Symposium of Intensive Care Medicine and Emergency Medicine (ISICEM), Brussels, Belgium (21/03/2014)
1086. Non invasive CPAP outside the ICU. 33nd International Symposium of Intensive Care Medicine and Emergency Medicine (ISICEM), Brussels, Belgium (21/03/2014)
1087. Approccio fisiologico e prognostico multimodale dopo arresto cardiaco. Seminario presso Ospedale di Lavagna ASL4 (18/04/2014)
1088. Perioperative respiratory management in morbidly obese patients. 6th Congress of the International Federation for the Surgery of Obesity and Metabolic Disorders, European Chapter (IFSO). Brussels, Belgium (02/05/2014)
1089. Complicanze post-operatorie in Anestesia. La gestione del blocco neuromuscolare, Milano (07/05/2014)
1090. Modelli organizzativi per migliorare l'outcome dei pazienti nel periodo postoperatori. 10° Congresso Nazionale SIAARED, Catania (13/05/2014)

1091. Management respiratorio perioperatorio nel paziente obeso. 10° Congresso Nazionale SIAARED, Catania (13/05/2014)
1092. The European Diploma in Anesthesiology and Intensive Care (EDAIC). Seminario presso la Scuola di Specializzazione in Anestesia, Rianimazione e Terapia Intensiva, Università degli Studi di Milano (Direttore Prof. Stocchetti), Milano (14/05/2014)
1093. Cerimonia inaugurale Management Criticità ostetriche (MACRO), CISEF Germana Gaslini, Genova (23/05/2014)
1094. Does Anesthesia or sedation play a role in respiratory outcome?.4th World Congree of Total Intravenous Anesthesia and Target Controled Infusion. Sofia, Bulgaria (26/05/2014)
1095. Strategies to minimize ventilator induced lung injury. 4th World Congree of Total Intravenous Anesthesia and Target Controled Infusion. Sofia, Bulgaria (26/05/2014)
1096. Chair Clinical Trials in Respiration. European Society of Anaesthesiology, Stockholm, Sweden (01/05/2014)
1097. Intraoperative lung protective strategies: mechanical ventilation. European Society of Anaesthesiology, Stockholm, Sweden (01/05/2014)
1098. Thoracic workshop: tube exchangers, videolaryngoscope. European Society of Anaesthesiology, Stockholm, Sweden (02/05/2014)
1099. Challanges for the Anesthesist in the perioperative management of the open abdomen. European Society of Anaesthesiology, Stockholm, Sweden (02/05/2014)

1100. Chair Abstract presentation: Airway, lung disease and injury.
European Society of Anaesthesiology, Stockholm, Sweden (02/05/2014)

1101. What is different in the ventilation of a morbidly obese patient?.
European Society of Anaesthesiology, Stockholm, Sweden (02/05/2014)

1102. Le infezioni correlate alla assistenza. Corso di Aggiornamento,
Infezioni correlate alla assistenza: aggiornamenti epidemiologici e attività
di sorveglianza e controllo presso l'IRCCS San Martino IST, Genova
(04/05/2014)

1103. Chair Session: Il rischio infettivologico. Aggiornamenti in tema di
donazione e trapianto di organo. IRCCS San Martino IST, Genova
(05/06/2014)

1104. Acute Respiratory Failure and Critical Care. 1st European Pneumo
Update 2014, Vienna (21/06/2014)

1105. Chair Session Rehabilitation – Thoracic Surgery and Lung
Transplantation, 1st European Pneumo Update 2014, Vienna (21/06/2014)

1106. Functional evaluation of lung and airways: building a flow chart for
a comprehensive, multifaceted, evidence-based use of the different
techniques (TF-2013-13). ERS Task Force Meeting, Lausanne
(11/07/2014)

1107. Mechanical Ventilation in Operating Room. Seminar at the Hospital
Pro Cardiaco, Rio de Janeiro, Brazil (22/07/2014)

1108. The Lung and the Brain: Do you want to talk with me ?. Seminar at
the Hospital Barra D'Or, Rio de Janeiro, Brazil (23/07/2014)

1109. Traquestomia em pacientes na terapia intensiva: novidades a vista. XIII Symposio Interational de Ventilacao Mecanica. Rio de Janeiro, Brazil (25/07/2014)
1110. Ventilacao protetora e alem. Traquestomia em pacientes na terapia intensiva: novidades a vista. XIII Symposio Interational de Ventilacao Mecanica. Rio de Janeiro, Brazil (25/07/2014)
1111. Pulmao e cerebro: voce quer falar comigo ? XIII Symposio Interational de Ventilacao Mecanica. Rio de Janeiro, Brazil (25/07/2014)
1112. Workshop on Transpulmonary Pressure Monitoring. Annual Meeting of the Critical Care Society of Southern Africa (31/07/2014)
1113. Acute Kidney Injury. Annual Meeting of the Critical Care Society of Southern Africa (01/08/2014)
1114. An interactive session on problem solving in oxygenation . Annual Meeting of the Critical Care Society of Southern Africa (01/08/2014)
1115. Chair Session Sedation in critically ill patients. Annual Meeting of the Critical Care Society of Southern Africa (02/08/2014)
1116. Weaning from ventilation. Annual Meeting of the Critical Care Society of Southern Africa (02/08/2014)
1117. Why are clinical trials in critically ill respiratory patients relatively uninformative ? European Respiratory Society Annual Meeting, Munich, Germany (07/09/2014)
1118. Predicting lung injury. European Respiratory Society Annual Meeting, Munich, Germany (08/09/2014)
1119. Chair Thematic Poster Session: Acute Respiratory Failure. European Respiratory Society Annual Meeting, Munich, Germany (08/09/2014)

1120. Chair Session “Esophageal pressure monitoring in the mechanically ventilated patient”. European Respiratory Society Annual Meeting, Munich, Germany (09/09/2014)
1121. Controlled mechanical ventilation in ARDS: Pro. SepsEast, 2nd Central and Eastern European sepsis Forum, Budapest, Hungary (18/09/2014)
1122. Sonography in Intensive Care: a new must!. SepsEast, 2nd Central and Eastern European sepsis Forum, Budapest, Hungary (20/09/2014)
1123. General management of NICU patients: mechanical ventilation. In: Euro ICU primer: basics and practical skills for the management of brain injured patients (Postgraduate Course), Annual meeting of the European Society of Intensive Care Medicine (ESICM), Barcelona, Spain (27/09/2014)
1124. Diaphragmatic function: how to evaluate. In Heart and lung ultrasounds (Postgraduate Course), part 1, Annual meeting of the European Society of Intensive Care Medicine (ESICM), Barcelona, Spain (28/09/2014)
1125. Diaphragmatic function: how to evaluate. In Heart and lung ultrasounds (Postgraduate Course), part 2, Annual meeting of the European Society of Intensive Care Medicine (ESICM), Barcelona, Spain (28/09/2014)
1126. Diaphragmatic function: how to evaluate. In Heart and lung ultrasounds (Postgraduate Course), part 3, Annual meeting of the European Society of Intensive Care Medicine (ESICM), Barcelona, Spain (28/09/2014)
1127. Chair Session “Beyond gas-exchange: O₂ and CO₂ as drugs. Annual meeting of the European Society of Intensive Care Medicine (ESICM), Barcelona, Spain (29/09/2014)
1128. Transpulmonary pressure in relation to abdominal pressure. Annual meeting of the European Society of Intensive Care Medicine (ESICM), Barcelona, Spain (29/09/2014)
1129. Chir Poster Corner, Ultrasonography in ICU. Annual meeting of the European Society of Intensive Care Medicine (ESICM), Barcelona, Spain (29/09/2014)

1130. Chair Poster Conrner, Airway and Airway Management. Annual meeting of the European Society of Intensive Care Medicine (ESICM), Barcelona, Spain (30/09/2014)
1131. Protective ventilation during spontaneous breathing. Annual meeting of the European Society of Intensive Care Medicine (ESICM), Barcelona, Spain (30/09/2014)
1132. Chair Poster Corner, Perioperative Intensive Care, Annual meeting of the European Society of Intensive Care Medicine (ESICM), Barcelona, Spain (01/10/2014)
1133. Ventilazione Meccanica in sala operatoria. XVII Annual Meeting, Tuscany Critical Care Group, Firenze (8/10/2014)
1134. Protective Ventilation during General Anesthesia: the PROVHILO Trial. Journal Symposium: How to Mechanically Ventilate Patients in the Operating Room in 2014, American Society of Anesthesiology Annual Meeting, New Orleans, USA (14/10/2014)
1135. Chair: Update sulla tracheostomia percutanea nel paziente critico. 68° Congresso Nazionale SIAARTI, Venezia (23/10/2014)
1136. Come minimizzare il rischio durante la tracheostomia percutanea. 68° Congresso Nazionale SIAARTI, Venezia (23/10/2014)
1137. Quale e' la migliore metodica per ottimizzare il reclutamento alveolare. 68° Congresso Nazionale SIAARTI, Venezia (23/10/2014)
1138. Chair: Da anestesista a medico di medicina peri-operatoria: dobbiamo entrare nel merito delle decisioni chirurgiche. 68° Congresso Nazionale SIAARTI, Venezia (23/10/2014)
1139. PROVHILO study: to PEEP or not to PEEP? Chair: Da anestesista a medico di medicina peri-operatoria: dobbiamo entrare nel merito delle decisioni chirurgiche. 68° Congresso Nazionale SIAARTI, Venezia (24/10/2014)
1140. Chair: Protective mechanical ventilatio during general anesthesia: should become a MUST? . 68° Congresso Nazionale SIAARTI, Venezia (24/10/2014)

1141. Moderatore comunicazioni orali “Insufficienza respiratoria acuta”.
68° Congresso Nazionale SIAARTI, Venezia (24/10/2014)
1142. The importance of international and current studies. 48° National Congress of Turkish Society of Anesthesiology and Reanimation. Ankara, Turkey (26/10/2014)
1143. Chair: Neurological update in ICU. 48° National Congress of Turkish Society of Anesthesiology and Reanimation. Ankara, Turkey (28/10/2014)
1144. Hypothermia in cardiac arrest and beyond. 48° National Congress of Turkish Society of Anesthesiology and Reanimation. Ankara, Turkey (28/10/2014)
1145. Strategie non convenzionali per ridurre la incidenza delle infezioni correlate alla assistenza in terapia intensiva. Congresso SIMPIOS, Genova (31/10/2014)
1146. Interazioni cuore-polmone nel malato critico. IX Congresso Nazionale SIMEU, Torino (7/11/2014)
1147. Ventilazione meccanica non invasiva: perché serve e funziona. IX Congresso Nazionale SIMEU, Torino (7/11/2014)
1148. Higher versus lower PEEP during general anesthesia for open abdominal surgery (PROVHILO): a multicentre randomized controlled trial. Qualità e Sicurezza in Anestesia, Giornate AAROI EMAC, Roma (8/11/2014)
1149. Chair “Gestione delle infezioni respiratorie nel paziente critico”. Centro Congressi Simon Boccanegra, Genova (10/11/2014)
1150. Protective mechanical ventilation in anaesthesia. Symposium ARDS und ECMO. Munich, Germany (22/11/2014)
1151. Protective ventilation in non injured lungs. Critical Care 2014 Congress. Cape Town, South Africa (27/11/2014)
1152. Assisted ventilation in ARDS. Critical Care 2014 Congress. Cape Town, South Africa (27/11/2014)

1153. Stem cells in ARDS. Critical Care 2014 Congress. Cape Town, South Africa (28/11/2014)
1154. Protective ventilation in operating room. Critical Care 2014 Congress. Cape Town, South Africa (29/11/2014)
1155. How to improve safety in tracheostomy. Critical Care 2014 Congress. Cape Town, South Africa (29/11/2014)
1156. Pulmonary perfusion: what the clinical should know ? Critical Care 2014 Congress. Cape Town, South Africa (29/11/2014)
1157. What are the other pulmonary complications in the postoperative period and how can we avoid them. XXI Simposio international de ventilacao mecanica. Hospital Istraelita Albert Einstein, Sao Paolo, Brazil (5/12/2014)
1158. Variable pressure support. XXI Simposio international de ventilacao mecanica. Hospital Istraelita Albert Einstein, Sao Paolo, Brazil (6/12/2014)
1159. Chair: Preventing ventilator-induced lung injury in 2014. XXI Simposio international de ventilacao mecanica. Hospital Istraelita Albert Einstein, Sao Paolo, Brazil (6/12/2014)
1160. Instructor. Workshop: Lung ultrasound at bedside: what to evaluate. XXI Simposio international de ventilacao mecanica. Hospital Istraelita Albert Einstein, Sao Paolo, Brazil (6/12/2014)
1161. Tracheotomia chirurgica vs percutanea: revisione della letteratura. La tracheotomia percutanea nel paziente critico adulto. CISEF, Genova (9/12/2014)
1162. Moderatore seconda sessione clinica tracheostomie percutanee. CISEF, Genova (9/12/2014)
1163. Moderatore terza sessione clinica tracheostomie percutanee. CISEF, Genova (10/12/2014)
1164. Intraoperative protective ventilation during major aortic surgery (comment). 6th International Congress Aortic surgery and Anesthesia "How to do it". Milan (12/12/2014)

1165. Morbidly obese patients and protective mechanical ventilation.
ESPCOP meeting, Ghent, Belgium (20/12/2014)
1166. Ventilazione in anestesia: attualità. Seminario presso la Azienda Ospedaliera della Provincia di Lodi (USC Anestesia e Medicina Perioperatoria, Direttore Dott. Costantino Bolis), Lodi (12/01/2015)
1167. Ventilazione in anestesia. Seminario presso scuola di Specializzazione in Anestesia, Rianimazione e Terapia Intensiva, Università degli Studi di Brescia (Direttore Prof. N. Latronico)(11/02/2015)
1168. Low tidal volume during surgery, PRO. Symposium Intensive Care and Nursing, Bremen, Germany (19/02/2015)
1169. How to select the best interface and mechanical ventilator for NIV ?
Symposium Intensive Care and Nursing, Bremen, Germany (20/02/2015)
1170. Ventilazione in sala operatoria. Seminario presso la Scuola di Specializzazione in Anestesia, Rianimazione e Terapia Intensiva, Università Vita-Salute San Raffaele, Facoltà di Medicina e Chirurgia, (Direttore Prof. A Zangrillo), Milano (23/02/2015)
1171. Ventilazione meccanica protettiva ed outcome postoperatorio.
Meeting selected Topics in Anestesia e Terapia Intensiva (STAT), Udine (26/02/2015)
1172. Mechanical ventilation during anesthesia: “The stat of the art”.
Ventilation mecanique periopératoire. Societe de Anesthesie de Charleroi, Charleroi (07/03/2015)
1173. Tracheotomia percutanea vs tracheotomia chirurgica. La tracheotomia percutanea nel paziente critico adulto, Napoli (12/03/2015)
1174. Come ventiliamo quando tracheotomizziamo. La tracheotomia percutanea nel paziente critico adulto, Napoli (12/03/2015)
1175. Chair. After cardiac surgery - Standard presentation, 35° International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgio (17/03/2015)
1176. Helmet in respiratory failure. 35° International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgio (17/03/2015)

1177. CPAP in bronchiolitis. 35° International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgio (17/03/2015)
1178. Preoperative low levels of hemoglobin: worse outcomes? 35° International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgio (17/03/2015)
1179. Practical aspects of ECMO. 35° International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgio (17/03/2015)
1180. Chair. Transpulmonary pressure. 35° International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgio (18/03/2015)
1181. VILI: it can happen during surgery. 35° International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgio (18/03/2015)
1182. Corticosteroids in ARDS: experimental evidence. 35° International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgio (18/03/2015)
1183. PEEP titration based on lung mechanics. 35° International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgio (19/03/2015)
1184. Recruitment in ARDS: it should be slow. 35° International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgio (19/03/2015)
1185. Pulmonary complications in high risk surgery. 35° International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgio (19/03/2015)
1186. Assisted ventilation minimizes VILI in ARDS. 35° International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgio (19/03/2015)
1187. Mechanical ventilation during tracheostomy. 35° International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgio (20/03/2015)

1188. Protective mechanical ventilation in brain injury. 35° International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgio (20/03/2015)
1189. Ventilation and Postoperative Complications in Obesity. International Meeting on Perioperative Management of the obese Patient in General Surgery. Firenze (10/04/2015)
1190. Workshop on Anestesia Toracica. 12° Congresso Paulista de Anestesiologia (COPA), Sao Paulo, Brasile, (24/04/2015)
1191. Principles and practice of mechanical ventilation in the obese patients. 12° Congresso Paulista de Anestesiologia (COPA), Sao Paulo, Brasile, (24/04/2015)
1192. Lung ultrasound in critically ill patients. 12° Congresso Paulista de Anestesiologia (COPA), Sao Paulo, Brasile, (24/04/2015)
1193. Intubation in morbidly obese patients. 12° Congresso Paulista de Anestesiologia (COPA), Sao Paulo, Brasile, (24/04/2015)
1194. Abdominal Compartment Syndrome. 1° World Congress on Abdominal Wall Hernia Surgery. Milano (28/04/2015)
1195. Protective mechanical ventilation from OR to ICU to improve outcome. Seminar Prof. T. Cecyl Gray Award, Liverpool Society of Anaesthetists (1930), Liverpool, UK (07/05/2015)
1196. Lung ultrasound. 20th International Intensive Care Symposium, Istanbul, Turkey (09/05/2015)
1197. Assisted ventilation minimizes lung injury in ARDS. 20th International Intensive Care Symposium, Istanbul, Turkey (09/05/2015)
1198. Recognition of patient-ventilator asynchrony. 20th International Intensive Care Symposium, Istanbul, Turkey (09/05/2015)
1199. Low tidal volume from OR to ICU: a new must !. 20th International Intensive Care Symposium, Istanbul, Turkey (09/05/2015)
1200. Come possiamo prevenire le complicanze polmonari postoperatorie ? Congresso SIARED. Riva del Garda (13/05/2015)

1201. Umidificazione delle vie aeree durante ventilazione meccanica non invasiva e controllata. Corso di Perfezionamento “La ventilazione non invasiva” (Coordinatore Prof. L. Gattinoni, Direttore Dr. D. Chiumello), Università degli Studi di Milano (19/05/2015)
1202. Protective mechanical ventilation during surgery improves outcome. College of Anaesthetists of Ireland (CAI) Annual Congress of Anaesthesia, Dublin, Ireland (21/05/2015)
1203. I like low tidal volume during surgery. SMART Meeting 2015, Milano (27/05/2015)
1204. I don't like higher PEEP during surgery. SMART Meeting 2015, Milano (27/05/2015)
1205. Mechanical ventilation in ARDS. Annual European Society of Anaesthesiology (ESA), Berlin, Germany (30/05/2015)
1206. Induction of anesthesia in obese patients. Annual European Society of Anaesthesiology (ESA), Berlin, Germany (31/05/2015)
1207. Workshop Thoracic surgery (part 1), Tube exchangers and videolaryngoscopes. Annual European Society of Anaesthesiology (ESA), Berlin, Germany (31/05/2015)
1208. Workshop Thoracic surgery (part 1), Tube exchangers and videolaryngoscopes. Annual European Society of Anaesthesiology (ESA), Berlin, Germany (31/05/2015)
1209. Chair Session: World Society of Abdominal Compartment Syndrome (WSACS): the role of intraabdominal pressure in critically ill patients. Annual European Society of Anaesthesiology (ESA), Berlin, Germany (01/06/2015)
1210. World Society of Abdominal Compartment Syndrome (WSACS): wrap it up: What will the future bring us ? Annual European Society of Anaesthesiology (ESA), Berlin, Germany (01/06/2015)
1211. Protective mechanical ventilation in obese patients. Annual European Society of Anaesthesiology (ESA), Berlin, Germany (01/06/2015)

1212. Airway measures at the bedside, pressure volumes curves, and PEEPi. 8th ISICEM for Latin America (Precourse), Sao Paulo, Brasil (16/06/2015)
1213. Lung Protective strategies. 8th ISICEM for Latin America (precourse), Sao Paulo, Brasil (16/06/2015)
1214. Lung Ultrasound. 8th ISICEM for Latin America (Precourse), Sao Paulo, Brasil (16/06/2015)
1215. Prone position in ARDS: when and how. Lung Ultrasound. 8th ISICEM for Latin America, Sao Paulo, Brasil (17/06/2015)
1216. The role of abdominal compliance in surgical patients. 8th ISICEM for Latin America, Sao Paulo, Brasil (18/06/2015)
1217. Lung ultrasound as a first choice to evaluating hypoxia states. 8th ISICEM for Latin America, Sao Paulo, Brasil (18/06/2015)
1218. Pulmonary complications in postoperative patients: how to prevent them? 8th ISICEM for Latin America, Sao Paulo, Brasil (18/06/2015)
1219. Spontaneous ventilation during acute respiratory failure: what does evidence shows us? 8th ISICEM for Latin America, Sao Paulo, Brasil (18/06/2015)
1220. How to titrate PEEP. 8th ISICEM for Latin America, Sao Paulo, Brasil (18/06/2015)
1221. Acute respiratory failure and critical care. Pneumo Update Europe. Budapest, Hungary (20/06/2015)
1222. Recruitment in ARDS. Best of Brussels Symposium. Pune, India (09/07/2015)
1223. Mechanical ventilation in ARDS: a discussion of a clinical case. Best of Brussels Symposium. Pune, India (09/07/2015)
1224. VILI: still a problem ? Best of Brussels Symposium. Pune, India (10/07/2015)
1225. Ventilation during tracheostomy. Best of Brussels Symposium. Pune, India (10/07/2015)

1226. Weaning after prolonged ventilation. Best of Brussels Symposium. Pune, India (10/07/2015)
1227. Pulmonary complications in high risk patients. Best of Brussels Symposium. Pune, India (11/07/2015)
1228. High risk surgery. Best of Brussels Symposium. Pune, India (12/07/2015)
1229. Protective mechanical ventilation in operating room and intensive care. Seminario Scuola di Specializzazione in Anestesia, Rianimazione e Terapia Intensiva, Università degli studi di Udine (Prof. G Della Rocca), Udine (15/07/2015)
1230. Recruitment manoeuvre in ARDS: looking for the Holy Grail. 12th congress of the World Federation of Societies of Intensive Care and Critical Care Medicine, Seoul, South Korea (29/10/2015)
1231. Chair of the session “Back to basics in mechanical ventilation. 12th congress of the World Federation of Societies of Intensive Care and Critical Care Medicine, Seoul, South Korea (30/10/2015)
1232. A Bundle for Treatment after Cardiac Arrest: Protective Ventilation, Temperature Control and Stable Hemodynamics. 12th congress of the World Federation of Societies of Intensive Care and Critical Care Medicine, Seoul, South Korea (31/10/2015)
1233. Perioperative cardiovascular monitoring of high risk patients. Chinese Anesthesiology Meeting, Xi’An, China (11/09/2015)
1234. Do we need scores to predict post-operative complications ? Chinese Anesthesiology Meeting, Xi’An, China (11/09/2015)
1235. Perioperative cardiovascular monitoring of high risk patients: the European view. Peking Union Medical College Hospital, Beijing, China (14/09/2015)
1236. Tracheostomy in critically ill patients: indications, timing, and technique. Territorio ed Ospedale senza Dolore. Argomenti di Anestesia, Dolore e Rianimazione. Pordenone, Italia (19/09/2015)
1237. Esophageal manometry and interaction between the patients and the ventilator. European Respiratory Society Annual Meeting, Amsterdam, The Netherlands (26/09/2015)

1238. Electric Impedance Tomography in pulmonary diseases. European Respiratory Society Annual Meeting, Amsterdam, The Netherlands, (27/09/2015)
1239. Protective ventilation during surgery improves outcome. Perioperative challenges and update. Tuscany Critical Care, Firenze (29/09/2015)
1240. Complicanze respiratorie in anestesia. La gestione della miorisoluzione in sicurezza. Genova (03/10/2015)
1241. Mechanical ventilation in brain injury. 27th ESICM LIVES 2015, Berlin, Germany (04/10/2015)
1242. How do I manage PEEP setting in ARDS? Tables vs Physiologic response. 27th ESICM LIVES 2015, Berlin, Germany (05/10/2015)
1243. Chair. Ventilation in ARDS: PEEP, Tidal Volume, Plateau Pressure, or Driving Pressure ? 27th ESICM LIVES 2015, Berlin, Germany (05/10/2015)
1244. Chair, Poster session: imaging techniques in intensive care. 27th ESICM LIVES 2015, Berlin, Germany (06/10/2015)
1245. Chair, Poster session: Artificial airways and complications 27th ESICM LIVES 2015, Berlin, Germany (07/10/2015)
1246. Chair “Poster Session Anesthesia”, SIAARTI, Bologna (16/10/2015)
1247. Chair ESA FOR SIAARTI “Transfusion in the perioperative period“, SIAARTI, Bologna (16/10/2015)
1248. Is slow preoperative hemoglobin a risk factor for perioperative complications ? SIAARTI, Bologna (16/10/2015)
1249. Ventilazione meccanica protettiva nei pazienti non ARDS. SIAARTI, Bologna (17/10/2015)
1250. Postoperative pulmonary complications in high risk surgical patients. 7° Meeting interuniversitario regionale: update in pneumologia. Pavullo, Modena (23/10/2015)

1251. Patologia polmonare nel paziente critico. Broncoscopia in area critica. Corso di Aggiornamento riservato, IRCCS AOU San Martino IST, Genova (02/11/2015)
1252. Assistenza respiratoria non invasiva nel paziente critico. La ventilazione non invasiva, Corso di aggiornamento riservato, IRCCS AOU San Martino IST, Genova (03/11/2015)
1253. Non invasive ventilation in hypoxia. Non invasive ventilation: advanced European Respiratory Society Course, Milan (05/11/2015)
1254. Clinical cases. Non invasive ventilation: advanced European Respiratory Society Course, Milan (05/11/2015)
1255. Non invasive ventilation in postoperative patients. Non invasive ventilation: advanced European Respiratory Society Course, Milan (06/11/2015)
1256. Protective mechanical ventilation during surgery improves outcome. VII Reunion Nacional GTIPO, Leon, Spain (26/11/2015)
1257. Acute Kidney Injury in Intraabdominal hypertension. VII Reunion Nacional GTIPO, Leon, Spain (27/11/2015)
1258. How much protective should be mechanical ventilation? 27° Congresso Nazionale della Società Italiana di Terapia Intensiva, Firenze (03/12/2015)
1259. Protective mechanical ventilation in specific patients. The Update on Intraoperative Ventilation: shining light on the latest developments, Amsterdam (10/12/2015)
1260. Noisy ventilation in critically ill patients. XIV Convegno Nazionale ACD SIAARTI, Napoli (12/12/2015)
1261. Imaging to optimize mechanical ventilation. Congress de Reanimation de Langue Francais, Parigi, Francia (13/01/2016)
1262. ARDS clinical case discussion. Congress de Reanimation de Langue Francais, Parigi, Francia (13/01/2016)
1263. Noisy ventilation in respiratory failure: listen the melody! Congress de Reanimation de Langue Francais, Parigi, Francia (14/01/2016)

1264. Therapeutic aims in severe ARDS. Congress de Reanimation de Langue Francais, Parigi, Francia (14/01/2016)
1265. Intraoperative mechanical ventilation in obese patients. A 3 virtuoso update symposium on protective mechanical ventilation in the ICU and OR. Tel Aviv, Israel (18/01/2016)
1266. Non invasive ventilation in ICU. A 3 virtuoso update symposium on protective mechanical ventilation in the ICU and OR. Tel Aviv, Israel (18/01/2016)
1267. Hands on non invasive mechanical ventilation. A 3 virtuoso update symposium on protective mechanical ventilation in the ICU and OR. Tel Aviv, Israel (18/01/2016)
1268. Protective ventilation during surgery improves outcome. XLIV Giornata di Anestesia e Rianimazione in Terra di Lavoro, Update in Anesthesiology and Intensive Care, Caserta (28/01/2016)
1269. Tracheostomy in critically ill patients: indications, timing and modalities. XLIV Giornata di Anestesia e Rianimazione in Terra di Lavoro, Update in Anesthesiology and Intensive Care, Caserta (28/01/2016)
1270. Driving pressure is the polar star. International Winter Symposium in Intensive Care medicine. Pontresina, Switzerland (01/02/2016)
1271. Round table discussion: European Diploma in Echocardiography: a must for intensivists ? International Winter Symposium in Intensive Care medicine. Pontresina, Switzerland (01/02/2016)
1272. Meet the expert session: mechanical ventilation setting in non injured lungs. International Winter Symposium in Intensive Care medicine. Pontresina, Switzerland (02/02/2016)
1273. Chair: Afternoon session: acute kidney injury. International Winter Symposium in Intensive Care medicine. Pontresina, Switzerland (03/02/2016)
1274. Noisy ventilation in respiratory failure. International Winter Symposium in Intensive Care medicine. Pontresina, Switzerland (04/02/2016)

1275. I like scores to predict respiratory failure. International Winter Symposium in Intensive Care medicine. Pontresina, Switzerland (04/02/2016)
1276. Management and outcome of mechanically ventilated patients after cardiac arrest. International Winter Symposium in Intensive Care medicine. Pontresina, Switzerland (04/02/2016)
1277. Protective ventilation during surgery: myth or reality. Congresso STAT, Udine (26/02/2016)
1278. Driving pressure is the polar star. Seminar at the University Federal de Rio de Janeiro, Copa d'or Hospital, Rio de Janeiro, Brasil (03/03/2016)
1279. Ventilatory management after cardiac arrest. 36th International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgium (15/03/2016)
1280. Chair Poster Sessions: Airway management. 36th International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgium (15/03/2016)
1281. Tracheostomy: The various options. 36th International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgium (16/03/2016)
1282. Permissive atelectasis can be protective. 36th International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgium (16/03/2016)
1283. Chair session: Respiratory muscle activity during mechanical ventilation - Standard presentation. 36th International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgium (16/03/2016)
1284. Chair session: Perioperative optimization - Standard presentation. 36th International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgium (16/03/2016)
1285. Perioperative management of the obese patient. 36th International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgium (17/03/2016)

1286. Optimization of aerosol bronchodilator delivery. 36th International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgium (17/03/2016)
1287. Acid suppression in critically ill patients: Still necessary? 36th International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgium (18/03/2016)
1288. Protective ventilation: To protect the lungs or protect the brain? 36th International Symposium in Intensive Care and Emergency Medicine, Brussels, Belgium (18/03/2016)
1289. Transpulmonary pressure: technical and clinical implications. Respiratory Care Africa, Johannesburg, South Africa (04/04/2016)
1290. Transpulmonary pressure and volumetric capnography. CSIR, Pretoria, South Africa (05/04/2016)
1291. BiPhasic mode of ventilation. CSIR, Pretoria, South Africa (05/04/2016)
1292. Transpulmonary pressure and lung mechanics. King Edward Hospital Ground Round, Inkosi Albert Luthuli Hospital, Durban, South Africa (06/04/2016)
1293. Transpulmonary pressure and lung mechanics. Stellenbosch Breakfast meeting, Cape Town, South Africa (07/04/2016)
1294. Transpulmonary pressure and lung mechanics. Critical Care Society South Africa meeting, GSH Auditorium, Groote Schuur Hospital, Cape Town, South Africa (07/04/2016)
1295. Recruitment in ARDS. Ground round Groote Schuur Hospital, Cape Town, South Africa (08/04/2016)
1296. Brain-lungs cross talk. 9th International Update on Neuro-Anesthesia and Neuro-Intensive Care, Barcelona, Spain (14/04/2016)
1297. Protective ventilation in brain injury: myth or reality? 9th International Update on Neuro-Anesthesia and Neuro-Intensive Care, Barcelona, Spain (14/04/2016)
1298. Tracheostomy in critically ill patients. Seminar at the Hospital Pro-Cardiaco, Rio de Janeiro, Brasil (19/04/2016)

1299. Indication and physiology of monopulmunar ventilation. 14th Congresso Paulista de Anestesiologia COPA, Sao Paulo, Brasil (21/04/2016)
1300. Demisarable outcome of children and adults tracheostomized patients. 14th Congresso Paulista de Anestesiologia COPA, Sao Paulo, Brasil (22/04/2016)
1301. Mechanical ventilation and gas-exchange optimization after cardiac arrest. 14th Congresso Paulista de Anestesiologia COPA, Sao Paulo, Brasil (22/04/2016)
1302. Treatment after cardiac arrest: we do need a multimodal approach? 14th Congresso Paulista de Anestesiologia COPA, Sao Paulo, Brasil (23/04/2016)
1303. Tracheostomy in critically ill patients: looking for the best technique. 14th Congresso Paulista de Anestesiologia COPA, Sao Paulo, Brasil (22/04/2016)
1304. The current challanges after cardiac arrest: post-cardiac arrest management. 14th International Symposium of medical Emergency and Critical Care, Santiago del Cile, Cile (12/05/2016)
1305. Driving pressure is the polar star? 14th International Symposium of medical Emergency and Critical Care, Santiago del Cile, Cile (12/05/2016)
1306. Mechanical ventilation in ARDS in the real life: what have we learned from LUNG SAFE. 14th International Symposium of medical Emergency and Critical Care, Santiago del Cile, Cile (12/05/2016)
1307. Protective mechanical ventilation from OR to ICU. 14th International Symposium of medical Emergency and Critical Care, Santiago del Cile, Cile (12/05/2016)
1308. Mechanical ventilation during percutaneous tracheostomy. 14th International Symposium of medical Emergency and Critical Care, Santiago del Cile, Cile (12/05/2016)
1309. How to minimize postoperative pulmonary complications. 14th International Symposium of medical Emergency and Critical Care, Santiago del Cile, Cile (13/05/2016)

1310. Noisy ventilation. 14th International Symposium of medical Emergency and Critical Care, Santiago del Cile, Cile (13/05/2016)
1311. Permissive atelectasis can be protective. 14th International Symposium of medical Emergency and Critical Care, Santiago del Cile, Cile (14/05/2016)
1312. The trends of hemodynamic monitoring in the development of critical care medicine. Seminar at Urumqi Hospital, Critical Care Medicine, Urumqi, China, (18/05/2016)
1313. Applications and experiences of PiCCO technology Seminar at Urumqi Hospital, Critical Care Medicine, Urumqi, China, (18/05/2016)
1314. The trends of hemodynamic monitoring in the development of critical care medicine. Seminar at Zhengzhou Univeristy Hospital, Zhengzhou China (19/05/2016)
1315. ARDS complicated with shock. Annual Meeting Chinese Society of Critical Care, Zhengzhou, China (19/05/2016)
1316. Mechanical Ventilation Setting during ECMO. Annual Meeting Chinese Society of Critical Care, Zhengzhou, China (20/05/2016)
1317. Mechanical ventilation among intensive care unit patients in real life. Annual Meeting Chinese Society of Critical Care, Zhengzhou, China (22/05/2016)
1318. Intraoperative ventilation and outcome. SMART Meeting, Milan, Italy (25/05/2016)
1319. Do useful pressure targets exist during general anesthesia? SMART Meeting, Milan, Italy (26/05/2016)
1320. Patient ventilator assyncrony: How I detect and fix. Annual Meeting of the European Society of Anaesthesiology (ESA), London, UK (27/05/2016)
1321. ESA Research groups in action: PROVEnet. Annual Meeting of the European Society of Anaesthesiology (ESA), London, UK (28/05/2016)

1322. Chair Session “Respiratory complications in the perioperative period” Annual Meeting of the European Society of Anaesthesiology (ESA), London, UK (28/05/2016)
1323. Protective ventilation in OR. Drager Symposium. Annual Meeting of the European Society of Anaesthesiology (ESA), London, UK (29/05/2016)
1324. Esophageal and transpulmonary pressure in ARDS. PIC 2016: ARDS from damage to healing. Paris, France (02/06/2016)
1325. Early tracheostomy in ARDS: Con. PIC 2016: ARDS from damage to healing. Paris, France (02/06/2016)
1326. Neuromuscular blockers in ARDS. PIC 2016: ARDS from damage to healing. Paris, France (02/06/2016)
1327. Transpulmonary pressure in critically ill patients: myth or reality ? Up to date in Anesthesia and Intensive Care, Varese (18/06/2016)
1328. Driving pressure is the polar star. Up to date in Anesthesia and Intensive Care, Varese (18/06/2016)
1329. Ventilazione protettiva in anestesia. Seminario presso la Scuola di Specializzazione in Anestesia, Rianimazione, Terapia Intensiva e del Dolore, Università degli Studi di Torino (Direttore Prof. Brazzi L), Torino (22/06/2016)
1330. Patient ventilator assynchrony: how to detect and fix? Seminar Lecture at Copador Hospital, Rio de Janeiro, Brasil (29/06/2016)
1331. Special Lecture: How do organs talk to each other? XV International Symposium on Mechanical Ventilation, Rio de Janeiro, Brasil (02/07/2016)
1332. Tracheostomy in critically ill patients: new insights. XV International Symposium on Mechanical Ventilation, Rio de Janeiro, Brasil (02/07/2016)
1333. Chair: Special Lecture: How do experimental models contribute towards improvement of clinical practice? XV International Symposium on Mechanical Ventilation, Rio de Janeiro, Brasil (02/07/2016)
1334. Can ECMO change the concept of protective

ventilation? XV International Symposium on Mechanical Ventilation, Rio de Janeiro, Brasil (02/07/2016)

1335. Can ECMO change the concept of protective ventilation? XV International Symposium on Mechanical Ventilation, Rio de Janeiro, Brasil (02/07/2016)

1336. ROUND TABLE: Practical issues regarding mechanical ventilation in difficult clinical cases. XV International Symposium on Mechanical Ventilation, Rio de Janeiro, Brasil (02/07/2016)

1337. L'amore sempre. Il senso della vita nel racconto degli ultimi giorni. Dibattito con Dr Attilio Staiano, e Arcivescovo di Trento Monsignor Lauro Tisi, Soraga, Trento (19/08/2016)

1338. Protective mechanical ventilation in operating room. Annual Meeting of the Chinese Society of Anesthesiology (CSA), Guangzhou, Cina (26/08/2016)

1339. How to prevent postoperative pulmonary complications. Annual Meeting of the Chinese Society of Anesthesiology (CSA), Guangzhou, Cina (27/08/2016)

1340. Protective mechanical ventilation in operating room. Lunch symposium at the World Congress of Anesthesiology (WCA), Hong Kong (29/08/2016)

1341. Can we predict Acute Respiratory Distress Syndrome. Annual meeting of the European Respiratory Society (ERS), London, UK (04/09/2016)

1342. Chair: Stem cells for ARDS and sepsis. Annual meeting of the European Respiratory Society (ERS), London, UK (06/09/2016)

1343. Respiratory failure: definition, clinical signs, diagnostic. Bedside monitoring of pulmonary function. Respiratory physiology, physics and principles of measurements. Thoracic surgery and anesthesia. Committee for European Education in Anesthesiology (CEEA), Riga, Latvia (13/09/2016)

1344. Respiratory system mechanics in non injured and injured lungs may help in minimising ventilator induced lung injury. Respiratory physiology, physics and principles of measurements. Thoracic surgery and anesthesia.

Committee for European Education in Anesthesiology (CEEA), Riga, Latvia (13/09/2016)

1345. Postoperative pulmonary complications. Ventilator induced lung injury and lung protection. Respiratory physiology, physics and principles of measurements. Thoracic surgery and anesthesia. Committee for European Education in Anesthesiology (CEEA), Riga, Latvia (13/09/2016)
1346. Ultrasound in non injured and injured lungs. Respiratory physiology, physics and principles of measurements. Thoracic surgery and anesthesia. Committee for European Education in Anesthesiology (CEEA), Riga, Latvia (13/09/2016)
1347. Workshop on non invasive ventilation. Respiratory physiology, physics and principles of measurements. Thoracic surgery and anesthesia. Committee for European Education in Anesthesiology (CEEA), Riga, Latvia (13/09/2016)
1348. Preoperative evaluation of the morbidly obese patients. 21st World Congress of International Federation for the Surgery of Obesity and Metabolic Disorders, Rio de Janeiro, Brasil (28/09/2016)
1349. Airways pittfals in morbidly obese patients. Preoperative evaluation of the morbidly obese patients. 21st World Congress of International Federation for the Surgery of Obesity and Metabolic Disorders, Rio de Janeiro, Brasil (28/09/2016)
1350. Anesthesia and mechanical ventilation in morbidly obese patients. Preoperative evaluation of the morbidly obese patients. 21st World Congress of International Federation for the Surgery of Obesity and Metabolic Disorders, Rio de Janeiro, Brasil (28/09/2016)
1351. Tracheostomy in Intensive Care Unit: timing does not matter. 29th Annual meeting of the European Society of Intensive Care Medicine (ESICM), Milan, Italy (04/10/2016)
1352. Airway management in Intensive Care Medicine. 29th Annual meeting of the European Society of Intensive Care Medicine (ESICM), Milan, Italy (04/10/2016)

1353. Accelerating recovery from brain injury: weaning from mechanical ventilation in neurointensive care. 29th Annual meeting of the European Society of Intensive Care Medicine (ESICM), Milan, Italy (04/10/2016)
1354. Which physiological goals should I pursue during controlled mechanical ventilation and general anesthesia? O Norte da Anestesia, Oporto International Congress, Oporto, Portugal (14/10/2016)
1355. How to preserve the lung during controlled mechanical ventilation and general anesthesia: Perioperative optimization: what should I avoid at all costs. O Norte da Anestesia, Oporto International Congress, Oporto, Portugal (14/10/2016)
1356. Tracheostomy in critically ill patients: looking for the best technique. XLIII Annual COMMEC (Colegio Mexicano de Medicina Critica), Veracruz, Mexico (18/10/2016)
1357. Experimental data in mechanical ventilation during abdominal hypertension. XLIII Annual COMMEC (Colegio Mexicano de Medicina Critica), Veracruz, Mexico (18/10/2016)
1358. How to optimize aerosol delivery. Experimental data in mechanical ventilation during abdominal hypertension. XLIII Annual COMMEC (Colegio Mexicano de Medicina Critica), Veracruz, Mexico (18/10/2016)
1359. Is driving pressure the polar star? XLIII Annual COMMEC (Colegio Mexicano de Medicina Critica), Veracruz, Mexico (18/10/2016)
1360. Protective ventilation for all patients. XLIII Annual COMMEC (Colegio Mexicano de Medicina Critica), Veracruz, Mexico (18/10/2016)
1361. Protective mechanical ventilation and outcome. Congresso regionale di anestesia, rianimazione, emergenza, terapia del dolore e terapia iperbarica. AAROI-EMAC, Cagliari (22/10/2016)
1362. Mechanical ventilation in the obese patient. Congresso regionale di anestesia, rianimazione, emergenza, terapia del dolore e terapia iperbarica. AAROI-EMAC, Cagliari (22/10/2016)
1363. ECMO in ARDS: do we need it ? 50th Congress on Anesthesiology and Reanimation (TARK) organized by the Turkish Society of Anesthesiology and Reanimation (TARD), Istanbul (29/10/2016)

1364. Driving pressure. 13th National Medical and Surgical Intensive Care Congress and the 5th EuroAsian Critical Care Meeting in Sheraton Cesme Hotel, Izmir, Turkey (03/11/2016).
1365. Chair: ARDS. 13th National Medical and Surgical Intensive Care Congress and the 5th EuroAsian Critical Care Meeting in Sheraton Cesme Hotel, Izmir, Turkey (03/11/2016).
1366. Mechanical ventilation during ECMO. 13th National Medical and Surgical Intensive Care Congress and the 5th EuroAsian Critical Care Meeting in Sheraton Cesme Hotel, Izmir, Turkey (03/11/2016).
1367. Chair: Meeting of young intensivist: What have I learned? ARDS. 13th National Medical and Surgical Intensive Care Congress and the 5th EuroAsian Critical Care Meeting in Sheraton Cesme Hotel, Izmir, Turkey (03/11/2016).
1368. Current challenges of cardiac arrest: post-cardiac arrest management. 13th National Medical and Surgical Intensive Care Congress and the 5th EuroAsian Critical Care Meeting in Sheraton Cesme Hotel, Izmir, Turkey (04/11/2016).
1369. Mechanical ventilation in intra and post-operative: how can we minimize complications. XI Congreso Panamericano e Iberico de Medicina Critica y Terapia Intensiva – VIII Congreso Panamericano e Iberico de enfermeria Intensiva, Porto Alegre, Brasil (09/11/2016)
1370. Avoid diaphragm dysfunction induced by the ventilator. XI Congreso Panamericano e Iberico de Medicina Critica y Terapia Intensiva – VIII Congreso Panamericano e Iberico de enfermeria Intensiva, Porto Alegre, Brasil (09/11/2016)
1371. Lung ultrasound. XI Congreso Panamericano e Iberico de Medicina Critica y Terapia Intensiva – VIII Congreso Panamericano e Iberico de enfermeria Intensiva, Porto Alegre, Brasil (10/11/2016)
1372. Protective ventilation for all patients: from OR to ICU. 2nd International Inter-Congress Conference of the Polish Society of Anaesthesiology and Intensive Therapy, Wroclaw, Poland (24/11/2016)
1373. The current challenges of cardiac arrest treatment: post-cardiac arrest management! 2nd International Inter-Congress Conference of the Polish Society of Anaesthesiology and Intensive Therapy, Wroclaw, Poland (24/11/2016)

1374. Intraoperative pulmonary monitoring. 7th ESPCOP meeting 2016, Ghent, Belgium (17/12/2106)
1375. Extracellular matrix. Deutsches SMART Meeting. Frankfurt, Germany (14/01/2017)
1376. Clinical trials in anesthesia and ICU: the present and the future!.The 2nd 3-Virtuoso Update Symposium on Mechanical Ventilation in the ICU and OR, Tel Aviv, Israel (23/01/2017)
1377. SIAARTI National Guidelines for perioperative management of obese patients. The 2nd 3-Virtuoso Update Symposium on Mechanical Ventilation in the ICU and OR, Tel Aviv, Israel (23/01/2017)
1378. Mechanics and imaging at the bedside. The 2nd 3-Virtuoso Update Symposium on Mechanical Ventilation in the ICU and OR, Tel Aviv, Israel (23/01/2017)
1379. CPAP outside the ICU: new devices and strategies. The 2nd 3-Virtuoso Update Symposium on Mechanical Ventilation in the ICU and OR, Tel Aviv, Israel (23/01/2017)
1380. Ventilator-induced lung injury – mechanisms and implications for acute lung injury. International Symposium Intensive Care and Emergency Medicine, Brussels, Belgium (19/03/2017)
1381. Non invasive ventilation. International Symposium Intensive Care and Emergency Medicine, Brussels, Belgium (19/03/2017)
1382. Protective ventilation for non injured lungs? PRO. International Symposium Intensive Care and Emergency Medicine, Brussels, Belgium (20/03/2017)
1383. APRV is worthwhile? PRO. International Symposium Intensive Care and Emergency Medicine, Brussels, Belgium (20/03/2017)
1384. Panel “Mechanical Ventilation: How do I”. International Symposium Intensive Care and Emergency Medicine, Brussels, Belgium (20/03/2017)
1385. Lung protective ventilation in non ARDS patients. Challenges and opportunities in caring for critically ill. Krakow, Poland (07/04/2017)

1386. PEEP in ARDS: a double edge sword! Challenges and opportunities in caring for critically ill. Krakow, Poland (07/04/2017)
1387. Chair: III Sessione. Resistenze antimicrobiche nel paziente critico: quali prospettive?. Societa' Italiana di Terapia Intensiva, Genova (04/05/2017)
1388. The obese patient undergoing non bariatric surgery. Simposio Mostra Anestesia Rianimazione e Terapia Intensiva (SMART), Milano (11/05/2017)
1389. Biomarkers in the perioperative period. Simposio Mostra Anestesia Rianimazione e Terapia Intensiva (SMART), Milano (12/05/2017)
1390. How to prevent postoperative pulmonary complications. Simposio Mostra Anestesia Rianimazione e Terapia Intensiva (SMART), Milano (12/05/2017)
1391. Close the lung and keep them closed to minimize Ventilator-Induced Lung Injury. 21th International Intensive Care Symposium, Istanbul, Turkey (13/05/2017)

1575. Chair: Quality management. International Winter Symposium in Intensive Care Medicine. Lech, Austria (28/01/2019)

1576. Close the lungs and keep them closed! International Winter Symposium in Intensive Care Medicine. Lech, Austria (28/01/2019)

1577. Non invasive respiratory support outside the intensive care. International Winter Symposium in Intensive Care Medicine. Lech, Austria (29/01/2019)

1578. Pro-con debate: non invasive respiratory support in the hypoxicemic patient: NIV is better (PRO). International Winter Symposium in Intensive Care Medicine. Lech, Austria (29/01/2019)

1579. Meet the expert: The rules for optimizing mechanical ventilation in ARDS. International Winter Symposium in Intensive Care Medicine. Lech, Austria (30/01/2019)

1580. Protective ventilation during surgery improves postoperative outcome. International Winter Symposium in Intensive Care Medicine. Lech, Austria (30/01/2019)

1581. Pro-con debate: assisted ventilation minimizes lung injury (PRO). International Winter Symposium in Intensive Care Medicine. Lech, Austria (30/01/2019)

1582. Ten magic rules to treat ARDS. The 4th Update Symposium on Mechanical Ventilation. Tel Aviv Medical Center, Tel Aviv, Israel (11/02/2019)

1583. The role of extracellular matrix: the forgotten friend! The 4th Update Symposium on Mechanical Ventilation. Tel Aviv Medical Center, Tel Aviv, Israel (11/02/2019)

1584. Should we give power to mechanical power? The 4th Update Symposium on Mechanical Ventilation. Tel Aviv Medical Center, Tel Aviv, Israel (11/02/2019)
1585. Tracheostomy: patients and families will never walk alone! The 4th Update Symposium on Mechanical Ventilation. Tel Aviv Medical Center, Tel Aviv, Israel (11/02/2019)
1586. What have we learnt from PROVEnet trials and where are we heading? The 4th Update Symposium on Mechanical Ventilation. Tel Aviv Medical Center, Tel Aviv, Israel (11/02/2019)
1587. Chair SONIC Sonography in Neuro Intensive Care, Genova (28/02/2019)
1588. Ipotermia e ventilazione meccanica dopo arresto cardiaco. Neurons, Neurocritical care and management symposium, Genova (01/03/2019)
1589. Chair sessione Coma e Coscienza, Neurons, Neurocritical care and management symposium, Genova (01/03/2019)
1590. Chair: The brain: preventig damage and improving outcome, sessione in Neurons, Genova (02/03/2019)
1591. Gestione perioperatoria e della ventilazione nel paziente obeso: scelta del livello di cura. Scelte di Peso – SIAARTI, Torino (03/03/2019)
1592. Gestione perioperatoria e della ventilazione nel paziente obeso: scelta del livello di cura. Scelte di Peso – SIAARTI, Brescia (03/03/2019)
1593. Protective ventilation in non ARDS patients: from OR to ICU. Seminario presso Scuola di Specialita' in Anestesia, Rianimazione, Terapia Intensiva e del Dolore, Università degli Studi di Milano, Milano (11/03/2019)
1594. Chair “Acute respiratory Failure” – Poster discussion. International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (19/03/2019)
1595. How to ventilate the obese patient. International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (20/03/2019)

1596. Protective ventilation after cardiac arrest, just do it ! International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (20/03/2019)
1597. Protective ventilation in the intraoperative period. International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (20/03/2019)
1598. When to perform a tracheostomy. International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (20/03/2019)
1599. Assisted ventilation minimizes VILI in ARDS. International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (21/03/2019)
1600. Low PEEP in ARDS to minimize VILI. International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (20/03/2019)
1601. Tidal volume of 6 ml/kg for every ventilated patient? International Symposium on Intensive Care and Emergency Medicine, Brussels, Belgium (20/03/2019)
1602. PROVEnet: a worldwide collaborative research experience. ESA Research brainstorming seminar. Brussels, Belgium (25/03/2019)
1603. Chair – Linee Guida – Utilizzo della ultrasonografia nel’incannulamento dei vasi centrali e centiazione meccanica nel paziente critico – SAQUIRE 2019 “Gli Anestesiologi Rianimatori e il “mondo reale”: Come migliorare la qualità di vita del professionista e dei pazienti salvaguardandone il diritto all’autodeterminazione”, Roma (05/04/2019)
1604. Role of protective ventilation during general anesthesia. 6th Mediterranean Transplantation Anesthesiology and Simulation Symposium, Palermo (06/04/2019)
1605. Chair – Pro con debate on corticosteroids in sepsis. 16th annual critical care symposium, Manchester, UK (11/04/2019)
1606. Chair – ARDS. 16th annual critical care symposium, Manchester, UK (11/04/2019)

1607. Closing the lungs is better than keeping them open, Pro. 16th annual critical care symposium, Manchester, UK (12/04/2019)
1608. Mechanical ventilation in non ARDS patients. 16th annual critical care symposium, Manchester, UK (12/04/2019)
1609. The ten magic rules to optimize mechanical ventilation in ARDS. 9th annual spring scientific symposium in anesthesiology and intensive care. Nis, Serbia (14/04/2019)
1610. Postoperative pulmonary complications: myth or reality? Congresso Paulista de Anestesiologia, COPA, Sao Paulo, Brasil (26/04/2019)
1611. The ten magic rules to ventilate ARDS patients. Congresso Paulista de Anestesiologia, COPA, Sao Paulo, Brasil (26/04/2019)
1612. Neuromuscular blocking agents during anesthesia: manage carefully! Congresso Paulista de Anestesiologia, COPA, Sao Paulo, Brasil (27/04/2019)
1613. Close the lungs and keep them closed to minimize VILI: perspective from ergotrauma. 22nd International Intensive Care Symposium, Istanbul, Turkey (03/05/2019)
1614. Mechanical ventilation in obese patients. 22nd International Intensive Care Symposium, Istanbul, Turkey (03/05/2019)
1615. Nutrizione calorica-proteica nel paziente critico: quale rapporto vincente? In: Approccio nutrizionale enterale avanzato e proattivo al paziente critico in fase acuta e di follow up. SMART meeting, Milano (08/05/2019)
1616. Low tidal volume: how essential during OLV? SMART meeting, Milano (08/05/2019)
1617. Chair session: Renal failure in critically ill patients. SMART meeting, Milano (08/05/2019)
1618. Which role of NIV in 2019? SMART meeting, Milano (09/05/2019)
1619. Tutorial: Preoperative evaluation of the respiratory system. SMART meeting, Milano (10/05/2019)

1620. Should we give power to mechanical power ? XVII International Symposium on Medical Emergencies and Critical Patients (SIEMPAC), Santiago del Cile, Cile (16/05/2019)
1621. Protective mechanical ventilation in non ARDS patients (discussion on PROVent Trial). XVII International Symposium on Medical Emergencies and Critical Patients (SIEMPAC), Santiago del Cile, Cile (16/05/2019)
1622. Mechanical ventilation after cardiac arrest. XVII International Symposium on Medical Emergencies and Critical Patients (SIEMPAC), Santiago del Cile, Cile (16/05/2019)
1623. How to optimize nebulization during mechanical ventilation. XVII International Symposium on Medical Emergencies and Critical Patients (SIEMPAC), Santiago del Cile, Cile (17/05/2019)
1624. Mechanical ventilation in brain injured patients. XVII International Symposium on Medical Emergencies and Critical Patients (SIEMPAC), Santiago del Cile, Cile (17/05/2019)
1625. L'innovazione tecnologica in Anestesia e Rianimazione.
Dall'Università all'Ospedale: Attualità in Anestesia e Rianimazione, Modena (24/05/2019)
1626. Perioperative ventilatory support and intraoperative mechanical ventilation – Effects of anaesthesia on respiratory function during surgery and in the immediate postoperative period. Euroanaesthesia, Vienna, Austria (31/05/2019)
1627. Perioperative ventilatory support and intraoperative mechanical ventilation –How to identify patients at risk of postoperative pulmonary complications. Euroanaesthesia, Vienna, Austria (31/05/2019)
- 1628. Anesthesiology and Critical Care: a lifestyle profession – Sir Robert Macintosh lecture, Euroanaesthesia, Vienna, Austria (01/06/2019)**
1629. Chair: PROVEnet Research Group. Euroanaesthesia, Vienna, Austria (01/06/2019)
1630. Recruitment maneuvres in th eoperation and intensive care unit – Current topics in mechanical ventilation. Euroanaesthesia, Vienna, Austria (01/06/2019)

1631. Chair: Positive End-Expiratory pressure (PEEP) should always be used: Pro-Con. Euroanaesthesia, Vienna, Austria (01/06/2019)
1632. Lo stress in fisiologia e patologia. X-files in nutrizione clinica ed artificiale, Genova (06/06/2019)
1633. Designation Trial. 5th Collaborative Clinical Trials in Anesthesiology Meeting, Prato (07/06/2019)
1634. Close the lungs and keep them resting to minimize VILI. ARDS day, Brescia (12/06/2019)
1635. Acute respiratory Failure and Critical Care – Update 2019. Pneumo Update Europe 2019, Prague, Cech (15/06/2019)
1636. Practical assessment of lung mechanics. Advanced Ventilation Symposium, London, UK (24/06/2019)
1637. Pro-con debate: close the lung & keep closed or open & keep open? Advanced Ventilation Symposium, London, UK (24/06/2019)
1638. Echocardiography during PEEP titration: practical aspects. XVIII International Symposium on Mechanical Ventilation. Rio de Janeiro, Brasil (05/07/2019)
1639. Assisted ventilation in ARDS. XVIII International Symposium on Mechanical Ventilation. Rio de Janeiro, Brasil (05/07/2019)
1640. Chair. Patient ventilator asynchrony. XVIII International Symposium on Mechanical Ventilation. Rio de Janeiro, Brasil (05/07/2019)
1641. Monitoring mechanical ventilation: state of the art 2019. XVIII International Symposium on Mechanical Ventilation. Rio de Janeiro, Brasil (05/07/2019)
1642. Chair. Cell therapy in ARDS: where are we?. XVIII International Symposium on Mechanical Ventilation. Rio de Janeiro, Brasil (05/07/2019)

1643. Tracheostomy: when and how. XVIII International Symposium on Mechanical Ventilation. Rio de Janeiro, Brasil (05/07/2019)
1644. New insights into ventilation in obese patients (opening ceremony). 10th International Symposium on Intensive Care and Emergency Medicine for Latin America, Sao Paulo, Brasil (10/07/2019)
1645. Should we keep the lung open or closed? 10th International Symposium on Intensive Care and Emergency Medicine for Latin America, Sao Paulo, Brasil (10/07/2019)
1646. Controlled or spontaneous ventilation in ARDS: insights from old and new RCTs. 10th International Symposium on Intensive Care and Emergency Medicine for Latin America, Sao Paulo, Brasil (11/07/2019)
1647. Postoperative lung complications. 10th International Symposium on Intensive Care and Emergency Medicine for Latin America, Sao Paulo, Brasil (11/07/2019)
1648. Cross-talk between brain and peripheral organs. Brasilian Society of Physiology Congress, Ribeirao Preto, Brasil (25/08/2019)
1649. Cardiac arrest 2019: the post cardiac arrest management. Brasilian Society of Physiology Congress, Ribeirao Preto, Brasil (28/08/2019)
1650. Close the lungs and keep them resting to minimize VILI. Argentine and International Congress of Intensive Care, Mendoza, Argentina (05/08/2019)
1651. Ten magic rules to treat ARDS. Argentine and International Congress of Intensive Care, Mendoza, Argentina (05/08/2019)
- 1652.

**PARTECIPAZIONE A CONGRESSI CON PRESENTAZIONE DI
LAVORI SCIENTIFICI IN FORMA DI COMUNICAZIONI ORALI O
POSTERS**

1988

PEEP e distribuzione topografica della densità polmonare nella ARDS. XLII Congresso Nazionale Societa' Italiana Anestesia Analgesia Rianimazione e Terapia Intensiva, Sorrento (20-23/8/88)

1989

PEEP e posizionamento nella ARDS: ipotesi di un possibile meccanismo comune. XLIII Congresso Nazionale Societa' Italiana Anestesia Analgesia Rianimazione e Terapia Intensiva, Modena (8-11/6/89)

Redistribuzione delle densità polmonari alla TAC dalla posizione supina a quella prona nell'ARDS. XLIII Congresso Nazionale Societa' Italiana Anestesia Analgesia Rianimazione Terapia Intensiva, Modena (8-11/6/89)

1990

Effects of PEEP upon inspiratory resistances in Mechanically ventilated patients. 10th International Symposium on Intensive Care and Emergency Medicine, Bruxelles (27-30/3/90)

Resistenze inspiratorie durante ventilazione meccanica: effetto della pressione positiva di fine espirazione. 44° Congresso Nazionale Societa' Italiana Anestesia Analgesia Rianimazione e Terapia Intensiva, Cagliari (22-26/8/90)

Effetti della PEEP sulle resistenze espiratorie in pazienti con insufficienza respiratoria. 44° Congresso Nazionale Societa' Italiana Anestesia Analgesia Rianimazione e Terapia Intensiva, Cagliari (22-26/8/90)

1991

Regional gas/tissue distribution in normal and ARF lungs. American Thoracic Society/American Lung Society, International Conference, Los Angeles (12-15/5/91)

Effects of a selective beta-2 adrenergic against on respiratory mechanics in ARDS patients. American Thoracic Society/American Lung Society, International Conference, Los Angeles (12-15/5/91)

Monitoraggio non invasivo della saturazione arteriosa di O₂ e della PaCO₂ durante colecistectomia per via laparoscopica. Convegno Nazionale "Monitoraggio in anestesia e in terapia intensiva", Modena (30/5-1/6/91)

Respiratory mechanics in normal anesthetized subjects: effects of PEEP. Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (13-15/6/91)

Variazioni di meccanica respiratoria e scambi respiratori durante colecistectomia per via laparoscopica. 45° Congresso Nazionale Societa' Italiana Anestesia Analgesia Rianimazione e Terapia intensiva, Milano (8-12/8/91)

1992

Influenza della insufflazione addominale di CO₂ sulla meccanica respiratoria. Corso di Aggiornamento in Traumatologia Toracica e cardiovascolare, Monza (24/1/92)

Respiratory mechanics during laparoscopic cholecistectomy. American Thoracic Society/American Lung Society, International Conference, San Francisco (16-19/5/92)

Meccanica del polmone e della gabbia toracica in soggetti normali anestetizzati ed in pazienti con insufficienza respiratoria acuta (ARDS). 9° Congresso Nazionale Società Italiana di Terapia Intensiva, Milano (27-29/5/92)

Partitioning of respiratory mechanics in ARDS patients: effects of positive and expiratory pressure (PEEP)". 6th European Congress on Intensive Care Medicine, Barcelona (27-31/8/92)

Evaluation of patient's effect during pressure support (PS) ventilation through on and inspiratory occlusion manoeuvre". 6th European Congress on Intensive Care Medicine, Barcelona (27-31/8/92)

1993

Temperatura corporea durante interventi in laparoscopia. Attualità e prospettive in chirurgia mini-invasiva, Ancona (15-16/4/93)

Effetto del volume minuto sulla capacità di umidificazione del filtro hygroster (DAR) in terapia intensiva. Simposio Mostra Anestesia Rianimazione e Terapia Intensiva, Milano (26-28/5/93)

1994

Mechanism of changes in oxygenation with prone position during acute respiratory failure. 7th European Congress in Intensive Care Medicine, Innsbruck (15-18/6/94)

Respiratory mechanics in normal subjects and in patients with acute respiratory failure during spontaneous breathing. 7th European Congress in Intensive Care Medicine, Innsbruck (15-18/6/94)

Work of breathing with a home ventilator (BiPAP). 7th European Congress in Intensive Care Medicine, Innsbruck (15-18/6/94)

Continuous positive airway pressure (CPAP) with a Puritan-Bennet 7200ae: difference in superimposed work of breathing between triggered modes. 7th European Congress in Intensive Care Medicine, Innsbruck (15-18/6/94)

1995

Prevalence of nausea and vomiting after laparoscopic and laparotomic cholecystectomy: a preliminary report of a multicenter, controlled, prospective trial. Critical Care Medicine: anesthesia, pain, intensive care and emergency medicine, Trieste (22-25/11/95)

Physiologic effects of positive end-expiratory pressure (PEEP) in postoperative sedated-paralyzed morbidly obese patients. 8th European Congress in Intensive Care Medicine, Athens (18-22/10/1995)

Effects on work of breathing and gas-exchange of different inspiratory flow rates during pressure support ventilation. 8th European Congress in Intensive Care Medicine, Athens (18-22/10/1995)

Evaluation of a new heat and moisture exchanger without hygroscopic salts. 8th European Congress in Intensive Care Medicine, Athens (18-22/10/1995)

Effects of positive end-expiratory pressure (PEEP) in patients with acute and chronic lung disease during pressure support (PS) ventilation. 8th European Congress in Intensive Care Medicine, Athens (18-22/10/1995)

The effects of prone position on lung volume, respiratory compliance and gas exchange in ARDS patients. Critical Care Medicine: anesthesia, pain, intensive care and emergency medicine, Trieste (13-19/11/95)

A validation study of an automatic computation of work of breathing using the CP-100 BICORE pulmonary monitor.Critical Care Medicine: anesthesia, pain, intensive care and emergency medicine, Trieste (13-19/11/95)

PRINCIPALI CAMPI DI RICERCA

- Problemi anestesiologici in corso di chirurgia laparoscopica
- Meccanica respiratoria, scambi gassosi e ventilazione meccanica durante anestesia generale, nei soggetti normali, nei pazienti grandi obesi, e nei pazienti affetti da broncopneumopatia cronica ostruttiva
- Mortalita', morbidita' e complicanze polmonari perioperatorie
- Meccanica e patofisiologia della matrice polmonare
- Cellule staminali in modelli sperimentali di insufficienza respiratoria acuta
- Meccanica respiratoria e scambi gassosi nei pazienti con insufficienza respiratoria acuta e cronica
- Meccanica respiratoria e scambi gassosi nei pazienti con lesione cerebrale
- Analisi quantitativa e morfofunzionale dell'immagine tomografica polmonare in modelli sperimentali e nei pazienti con insufficienza respiratoria acuta e cronica
- Analisi quantitativa della ultrasonografia polmonare e del doppler renale e splenico in modelli sperimentali e "in vivo"
- Emodinamica nella insufficienza respiratoria acuta e cronica in pazienti in ventilazione controllata, assistita e/o spontanea
- Tecniche di condizionamento delle vie aeree in terapia intensiva
- Valutazione tecnica delle prestazioni e funzionalita' dei ventilatori meccanici
- Progetto e sviluppo di sistemi computerizzati per l' analisi della meccanica respiratoria sia ad uso clinico che di ricerca
- Modalità non convenzionali di trattamento della insufficienza respiratoria acuta, inclusa l'assistenza a lungo termine con polmoni artificiali e circolazione extracorporea
- Ventilazione non invasiva con metodi tradizionali e/o non convenzionali

- Tracheostomia nei pazienti in Terapia Intensiva
