Experimental activities
in support of
migrant population:

ABOUT US

The team is composed by various professionals - social workers, linguistic mediators and lawyers - who work for immigrants in Palermo City.

Our services:

- **Social counselling**

A qualified team of experts in different fields - health and welfare services, citizenship, career guidance and education and training - meets the needs of Third country nationals. Furthermore, this team provides social counselling and local public service assistance by using facilitation and proximity methods.

- **Virtual desk and Linguistic Mediation**

A multidisciplinary team helps foreigners in the interaction with Local Public Administration.

The Virtual Desk is available on Facebook. It aims to provide helpful information and support in filling the forms of Civil registration procedures.

- **Legal guidance**

The Lawyers team provides legal guidance in support of Third Country Nationals.

Mapping of the Public services

Homeless population

Area of Palermo

As part of the Fami Mi Main.2740 project, a service map has been developed in support of the homeless population to generate an integrated support network.
