

## UNIPA Springer Series

Editor-in-chief: C. Amenta  
Series Editors: S. Bavetta (et al.)

The UNIPA Springer Series publishes single and co-authored thematic collected volumes, monographs, handbooks and advanced textbooks, conference proceedings, professional books, SpringerBriefs, journals on specific issues of particular relevance in six core scientific areas. The issues may be interdisciplinary or within one specific area of interest. Manuscripts are invited for publication in the following fields of study:

1- Clinical Medicine; 2- Biomedical and Life Sciences; 3- Engineering and Physical Sciences; 4- Mathematics, Statistics and Computer Science; 5- Business, Economics and Law; 6- Human, Behavioral and Social Sciences.

Manuscripts submitted to the series are peer reviewed for scientific rigor followed by the usual Springer standards of editing, production, marketing and distribution. The series will allow authors to showcase their research within the context of a dynamic multidisciplinary platform. The series is open to academics from the University of Palermo but also from other universities around the world. Both scientific and teaching contributions are welcome in this series. The editorial products are addressed to researchers and students and will be published in the English language.
