

Giornata scientifica

in onore del Prof. Camillo Trapani

17 ottobre 2025

Aula 7, Dipartimento di Matematica e Informatica
Università degli Studi di Palermo

Programma

- | | |
|-------------|--|
| 14:30:14:45 | Apertura |
| 14:45:15:10 | Prof. Fabio Bagarello
34 years of friendship and shared scientific projects:
from the Ising model to eigenstates in CQ^* -algebras |
| 15:10:15:35 | Prof. Giulio Ciruolo
Classification results, rigidity theorems and
semilinear pdes on Riemannian manifolds |
| 15:35:16:00 | Prof. Salvatore Angelo Marano
Some recent results on discontinuous
singular p-Laplacian problems |
| 16:00:16:20 | Coffee break |
| 16:20:16:45 | Prof. Gianluca Vinti
A unifying approach to study the approximation
properties of a general family of nonlinear operators |
| 16:45:17:10 | Prof. Pietro Aiena
Algebraic operators on Banach spaces |
| 17:10 | Saluti e conclusione |

Organizzatori: G. Bellomonte, R. Corso, F. Tschinke, S. Triolo
