

Workshop on Analysis and Applications
in honour of Luisa Di Piazza

September 10, 2021

PROGRAM

09:00 Opening

09:30-09:50 Gianluca Vinti

Some recent approximation results for a general family of operators

10:00-10:20 Giulio Ciraolo

Classification results for solutions to critical p -Laplace type equations

10:30-10:50 Emma D'Aniello

Some types of chaotic operators on L^p spaces

11:00 coffee break

11:30-11:50 Salvatore Angelo Marano

Singular elliptic systems in the whole space: old and new

12:00-12:20 Anna Rita Sambucini

On the existence of selections: a journey together

12:30 Closing
