

**Università
degli Studi
di Palermo**

2025-2026

Ph.D Students Seminars

**Mediterranean Agricultural, Food
and Forest Systems (SAAFM)**

March 23, 2026, 15:00 - on-line

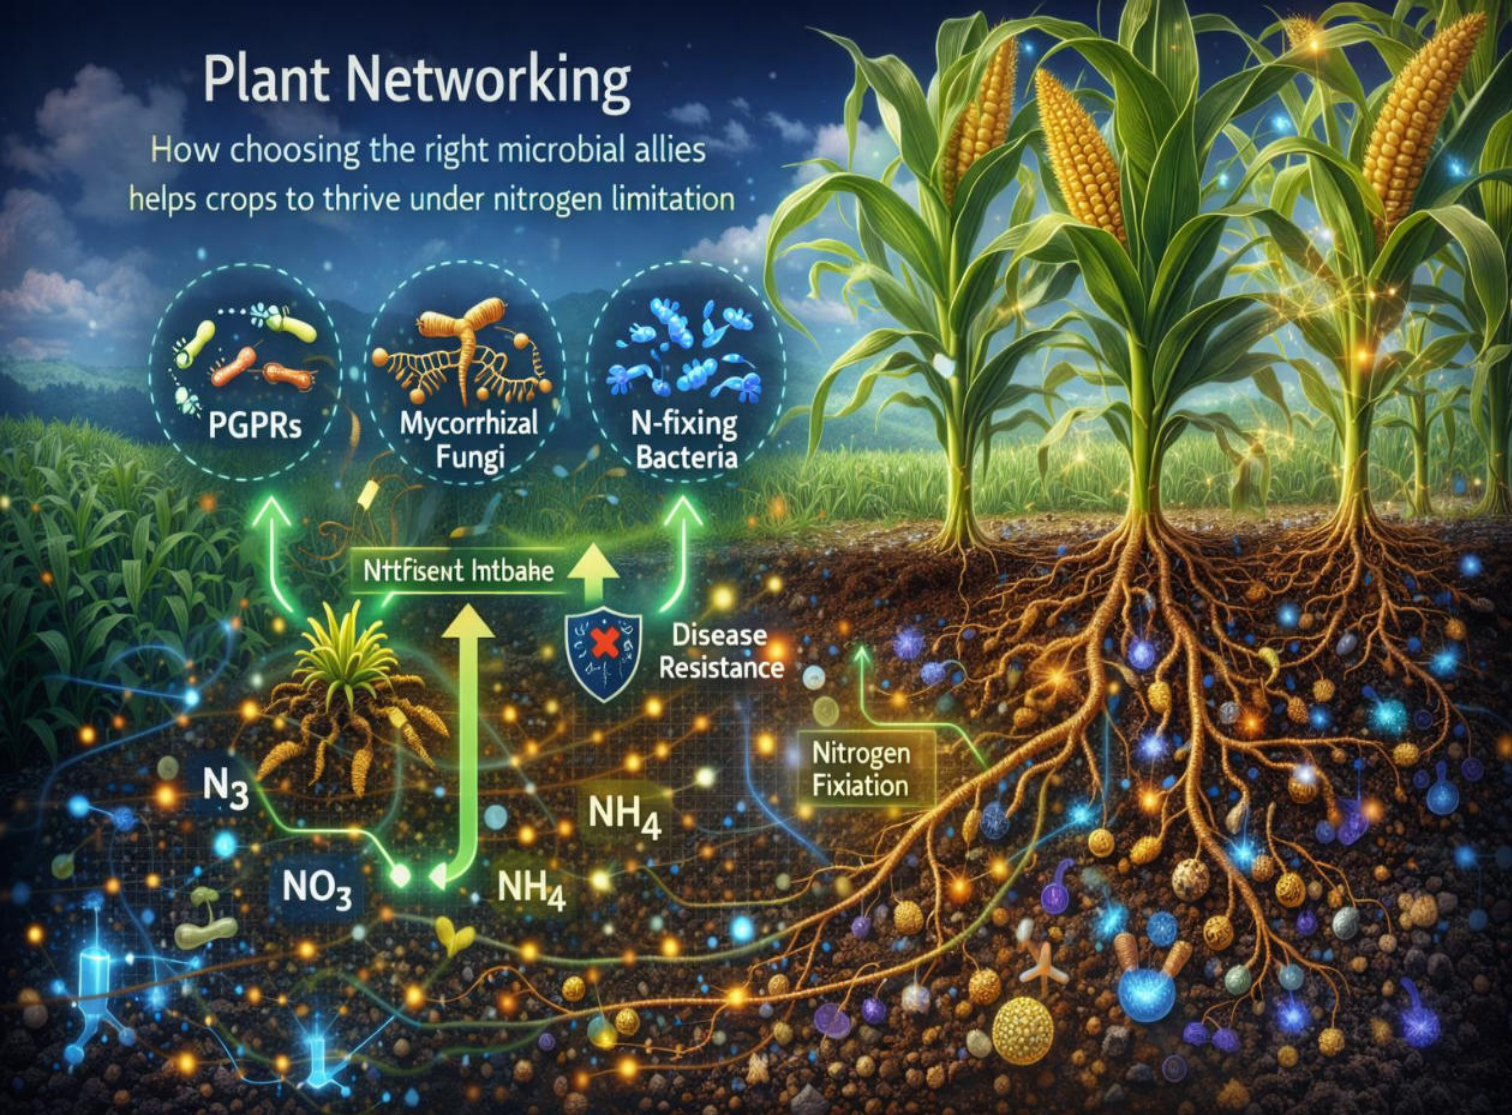

Building Predictive Models by using machine learning techniques and Remote Sensing Data in Mediterranean forest ecosystems

Mario Elia

Dipartimento Scienze del Suolo, della Pianta e degli
Alimenti (DiSSPA.), Università di Bari

Plant Networking

How choosing the right microbial allies helps crops to thrive under nitrogen limitation

March 26, 2026, 10:00 – Aula Magna G.P. Ballatore

Plant Networking: How choosing the right microbial allies helps crops to thrive under nitrogen limitation - a case study with eggplant

Valentina Ricciardi,
Institute of Biosciences and BioResources (IBBR) - CNR

April, 2026 – Aula Magna G.P. Ballatore

Biological control of agricultural pests in Latina America

Fernanda Cingolani
CEPAVE (CONICET), Argentina

May 12, 2026, 10:00 a.m., Aula Magna G.P. Ballatore

Beneath Our Feet: The Chronicle of a Transformed Earth

Abder EL ALBANI

Université de Poitiers, France

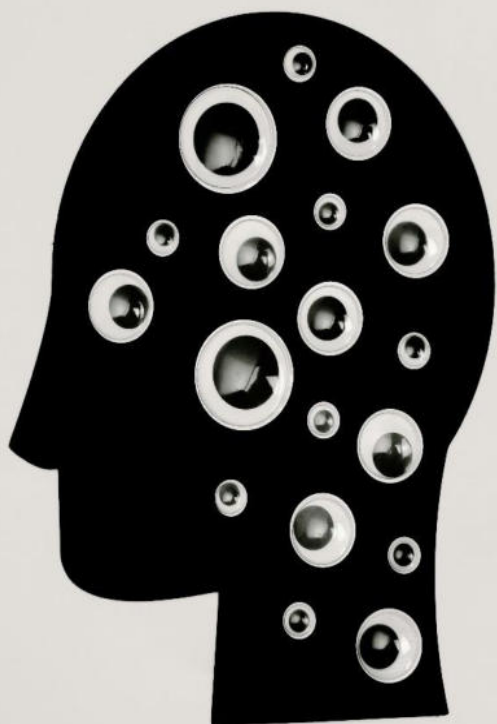

May 13, 2026, 10:00 a.m., Aula Magna G.P. Ballatore

Origin of Life: co-evolution Earth vers Environment

Abder EL ALBANI
Université de Poitiers, France

AI

May 19, 2026, 11:00 – Aula Magna G.P. Ballatore

Literature review with generative artificial intelligence

Przemysław Tomczyk
Kozminski University, Poland

May 20, 2026, 10:00 – Aula Magna G.P. Ballatore

Statistical analyses with generative artificial intelligence

Przemysław Tomczyk,
Kozminski University, Poland

May 21, 2026, 10:00 – Aula Magna G.P. Ballatore

Qualitative analyses with generative artificial intelligence

Przemysław Tomczyk,
Kozminski University, Poland

June 24, 2026, 10:00 a.m. Aula Magna G.P. Ballatore

Experimental Design and Bootstrap Analysis: A Practical Introduction

Rosolino Ingraffia
University of Palermo

June 30, 2026, 12:00 – online

Social Innovation in Sustainable Food Systems: An Italian Case

Luca Cacciolati
University of Westminster, UK
