ADDITIONAL INFORMATION

The general objective of “FORTHEN” Summer School is to positively and constructively discuss the results of individual educational research with a team of university professors, in the presence of peers who share the same status as PhD and Master’s students in Education Sciences.

The doctoral/master students will have fifteen minutes to present their work; an oral discussion of fifteen minutes with discussants will follow their presentation. For further information, please contact Alessandro Di Vita (alessandro.divita@unipa.it).

On Friday, 22 September at 12:30 pm, certificates will be handed out to the participants of the Summer School: in particular, certificates of participation will be given to all participants of the Summer School and certificates of communication or recognition will be given to those who have made a communication or disengaged the role of discussant.

All papers that are positively evaluated by the reviewers after their presentation at the Summer School will also be published in English in an e-book of the series “Teacher Professionalism/ Paths and Tools” by Edition Pensa MultiMedia from Lecce (Italy).
