Offerta formativa 2026/2027: primi adempimenti

Il Presidente illustra le richieste di Ateneo circa le necessarie prime deliberazioni del CdS a valere sull'offerta formativa 26/27 e sulla necessità di confermare attivazione del CdS ed eventuali richieste di modifiche ordinamentali. Come richiesto da email del 3.11.2025, il Presidente illustra le note di Ateneo e le relative deliberazioni degli OO.CC.

In particolare, il Presidente illustra le Linee Guida di Ateneo sulla programmazione didattica 26/27 ricordando ai convenuti di aver precedentemente condiviso questo ed altri documenti e materiale di utilità nel cloud di unipa a disposizione dei membri del CICS.

Il Presidente, vista la relazione analisi delle criticità ed azioni di miglioramento a partire dalla risultanza SMA2025, tenuto conto dell'assenza di osservazioni mella Relazione NdV aggiornata al 2025, tenuto conto delle modifiche ordinamentali compiute su L41 e LM82LMDATA e della necessità di attendere che i cicli corrispondenti vadano a regime, propone di deliberare di confermare anche per il prossimo anno accademico l'attivazione dei corsi di studio L41 e LM82-LMDATA, propone di non richiedere sui relativi CdS modifiche ordinamentali sostanziali all'Offerta Formativa 26/27, propone di confermare ove possibile e/o con i necessari correttivi emersi nel corso dei relativi attuali e successivi CICS anche le coperture degli insegnamenti sia per L41 che LM82LMDATA e i docenti di riferimento potendosi, tuttavia, apportare eventuali modifiche che scaturiscano dalla verifica dell'allineamento sua-cds con la disponibilità ed equilibrio generale di dipartimento come anche da risultanze e successive indicazioni in sede di CdDIP o da parte degli Uffici di Ateneo; propone di riconfermare l'accesso libero ad entrambi i CdS e non proporre alcuna nuova attivazione di altri CdS o percorsi. Evidenzia che nel corso di successivi Cics i piani di studi potranno subire modifiche ed adeguamenti che non scaturiscano in modifiche ordinamentali sostanziali dell'offerta stessa e che richiedano l'attivazione delle procedure valutative cun/anvur. Infine, il Presidente illustra la Relazione di Criticità e i format richiesti dall'ateneo secondo uno specifico assetto; tali documenti, qui allegati, costituiscono parte integrante del punto stesso.

Si apre la discussione. Il Consiglio, in vari e non specifici interventi, senza dettaglio ulteriore condivide la proposta del Presidente.

Il Presidente pone in votazione le determinazioni illustrate nel punto in esame inclusi i relativi allegati.
Il Consiglio approva all'unanimità.

The Double Degree Programme will be implemented in the observance of the respective National and State or Federal laws and regulations in force in Partners' Institutions countries, in particular of the Higher Education Acts.

2. It is agreed that the study programmes on which the Double Degree Programme is based, have to be certified or accredited at each Partner by the relevant authorities.

3. The Partners confirm to be authorized to award a degree based on an international Double Degree Programme.

ART. 3 DOUBLE DEGREE PROGRAMME STRUCTURE AND DURATION

1. Students start the Degree Programme either at Universitat de València or at Università degli Studi di Palermo (home university).

2. The Double Degree Programme offers courses at the two Partner Unviersities, with the following distribution:

· The *Universitat de València* students will start the Double Degree Programme in the second semester of Year 3 of the Bachelor's Degree in Data Science. They will study the first and the second year, as well as the first semester of the third year (150 ECTS) at the home university, and the second semester of the third year and the fourth year (90 ECTS) at the host university:

- First year, second year and first semester of the third year: Bachelor's Degree in Data Science at UV.

- Second semester of the third year: Bachelor's Degree in Statistica e Data Science at UNIPA. At the end of the third year, they will have to award all the ECTSs of the UNIPA Bachelor's Degree.

- Fourth year: Master's Degree in Statistica e Data Science at UNIPA (1st year).

· The *Università degli Studi di Palermo* students will start the Double Degree Programme in the second semester of Year 3 of the Bachelor's Degree in Statistica e Data Science , having achieved at least 120 ECTS at the time of the mobility. They will study the first and the second year, as well as the first semester of the third year at the home university (150 ECTS), and the second semester of the third year and the fourth year (90 ECTS) at the host university:

- First year, second year and first semester of the third year: Bachelor's Degree in Statistica e Data Science at UNIPA.

- Second semester of the third year and fourth year: Bachelor's Degree in Data Science at UV.

- In their third year, they will have to pass the Final Examination in Palermo in order to obtain the UNIPA Bachelor's Degree and subsequently enroll themselves in the UNIPA Master's Degree in Statistica e Data Science.

3. During the course of the second year, UV and UNIPA students will apply for the admission to the Double Degree Programme. Selected students will spend their second semester of the third year and the fourth one at the Partner universities.

ART. 4 MANAGEMENT OF THE DOUBLE DEGREE PROGRAMME

1. Each University appoints a Local Academic Coordinator. The following persons are appointed as Local Academic

Coordinators:

· Universitat de València: the Mobility Coordinator of the Bachelor's Degree in Data Science, School of Engineering.

· Università degli Studi di Palermo: Prof. Antonella Plaia, Department of Economics, Business and Statistics.

2. The Local Academic Coordinators:

- are responsible for the implementation of the cooperation agreement at their University;
- attend to the didactic coordination with the Partner;
- follow the participants from their own University, advising them on their plan of studies and remaining in contact with them for the entire duration of the Double Degree Programme;
- welcome the students of the Partner at their University and advise them on their studies during their stay;
- are responsible for the quality control of the Double Degree Programme.

3. Decisions by the Local Academic Coordinators must be unanimous.

4. The Local Academic Coordinators meet at least once each year (even virtually).

5. The Local Academic Coordinators are supported in the day-to-day activities by technical, managerial and administrative personnel and services at each University.

The technical, managerial and administrative personnel and services:

- are the principal contact persons for prospective and enrolled Double Degree Programme students, this includes the process of selection, nomination and admission of students, e.g. in case of student complaints;
- guarantee correct administrative management of the Double Degree Programme.

ART. 5 STUDENT SELECTION, STUDENT ADMINISTRATION, STUDENT STATUS

1. Double Degree Programme candidates must fulfil the following admission requirements:

· Students from Universitat de València, who intend to opt for the Double Degree Programme

a) must be regularly enrolled in the Bachelor's Degree in Data Science at Universitat de València;

b) after the admission to the Double Degree Programme, they must enroll also to the UNIPA Bachelor's Degree in Statistica e Data Science;

c) at the moment of accessing the 1st year of the Master's Degree in Statistica e Data Science, they must have

awarded all the ECTSs of the third year of the Bachelor's Degree in Statistica e Data Science at UNIPA;

d) must*have*Italian (UNIPA Language of instruction 1) or English (UNIPA Language of instruction 2) language skills at level B2 of the Common European Framework of Reference for Languages (CEFR).

· Students from Università degli Studi di Palermo, who intend to opt for the Double Degree Programme

a) must be regularly enrolled in the Bachelor's Degree in Statistica e Data Science at Università degli Studi di Palermo;

b) after the admission to the Double Degree Programme, they must enroll also to the UV Bachelor's Degree in Data Science;

c) must obtain the Bachelor's Degree in Statistica e Data Science (UNIPA) after having passed the Final Examination and enroll themselves in the Master's Degree in Statistica e Data Science (UNIPA).

d) must *have* Spanish (UV Language of instruction 1) or English (UV Language of instruction 2) language skills at level B2 of the Common European Framework of Reference for Languages (CEFR).

2. A maximum of 5 Students per year per Partner will be accepted. Parity in the number of exchange students is pursued.

3. Each Partner conducts the process of application and selection separately in compliance with the regulations of this agreement. The Università degli Studi di Palermo is committed to admit students from the Universitat de València to the 1st year of the Master's Degree in Statistica e Data Science once they meet the requirements mentioned in Art. 5 clause 1.

4. The Partners nominate students to be accepted to the Double Degree Programme from the pool of applicants who meet the requirements mentioned in Art. 5 clause 1. Final selection of students is to be made by following each universities student selection process. The responsibility lies at each university.

5. The Partners are committed to selecting students wishing to participate in this Double Degree Programme according to objective and specific criteria based on equality, merit and ability. Selection will be mainly based on selection criteria approved by an International Relations Committee every year.

6. The Partners shall transfer all relevant details of the selected students to the other Partner Institution for the purpose of

enrollment, observing the data protection regulations as laid down in Art.10. The Partners will accept the selected student for enrollment who meet the requirements set out in Art. 5, clause 1.

7. Students will be enrolled at their home university for the entire duration of the Double Degree Programme. They will enroll at the host University from the semester they start the Double Degree Programme. While being enrolled, students will maintain regular student status at both Partner Institutions.

ART. 6 ACADEMIC REGULATIONS AND EXAMINATIONS, EXAMINATION ADMINISTRATION, ACADEMIC GUIDANCE

1. The degree requirements, the mobility paths and the modules (name of the courses and corresponding credits) are provided as Annex I.

2. The teaching and examination languages of the Double Degree Programme are English/Spanish/Italian. The thesis (final project) will be held in Italian for UV students and in Spanish for UNIPA students, or if preferred in English both for UV and UNIPA students.

3. During the study period, students participating in the Double Degree Programme will take part in the teaching activities of the host university as they are regularly carried out. Examinations, including the final degree projects and the final examinations, take place according to the regulations, policies and procedures of the Partner Institution conducting the examination. The participating students will be evaluated according to the same criteria and with the same methodology regularly used at the host university.

4. Credits obtained, in accordance with the study plan as described in Annex I, are recognized by the Partners without further validation.

5. Both Partners will use the ECTS evaluation system. Grades are converted according to the conversion table provided in Annex II.

6. Students have successfully completed the Double Degree Programme when they have passed the examinations to the courses laid out in Annex I as well as final degree projects and the final examinations in accordance with the regulations at the respective Partner University.

7. Upon successful completion of the Double Degree Programme, as regulated in the respective examination regulations of both universities, UV and UNIPA students will be awarded a degree by both universities and to UV students will be iussed the Certificate (Transcript of Records) of the 1st year of the Master's Degree in Statistica e Data Science by the Università degli Studi di Palermo. The degree certificate of Università degli Studi di Palermo will be issued in Italian and the Certificate (Transcript of Records) of the 1st year of the Master's Degree in Statistica e Data Science will be iussed in English; the degree certificate of Universitat de València will be issued in Spanish. The Partner Institutions will supply a Diploma Supplement each to all graduating students. The Diploma Supplement must mention that the degree was awarded within a Double Degree Programme.

8. At the end of each mobility period, each student will receive a Transcript of Records including the names of the courses, final grades and the number of credits obtained. Each Partner is responsible for issuing the Transcript of Records for their mobility period. Students have to submit the Transcript of Records at the Partner University.

9. If a student does not comply with the terms of this agreement, including the minimum length of the stay at the host university and its study programme, that student will forfeit any right to receive the Degree from the host university and will be excluded from the Double Degree Programme, although she or he may still be eligible to obtain the degree at her or his home university.

10. Students, who have started the Double Degree program but do not wish to complete it, will be considered as mere exchange students and they will be able to obtain the degree from their home university (not from host university) once they have completed all the requirements of their home university program.

ART. 7 QUALITY ASSURANCE

1. Each Partner follows its own procedures for institutional quality control to ensure the maintenance of high quality standards.

2. The Local Academic Coordinators regularly evaluate the effectiveness of the learning programme and the results achieved by students, as well as the resources supplied by both Universities. To improve the quality of the Double Degree Programme, the Local Academic Coordinators could suggest modifications and propose them to the competent boards of both Universities.

ART. 8 STUDENT SUPPORT

1. To ensure students' quick orientation and integration in the Double Degree Programme as well as to provide detailed information about structural and examination-related requirements, the Partners shall publish corresponding information on the faculty websites, outlining the structure of the Double Degree Programme in general terms and providing details about the Partner Institutions, an overview of procedures, the time table of the academic year and important deadlines at the Partner Institutions, and all regulations which shall apply to all students on the Double Degree Programme. The website shall be supplemented by local information provided by each Partner, including examination procedures.

2. The Partner Institutions offer Double Degree Programme students advice and orientation; these services are to be specified on the Double Degree Programme website.

3. The Double Degree Programme students will benefit from all the services offered by the Partner Institutions to other regular students and that would be necessary for their studies.

4. It is an important concern of the Partner Institutions to ensure equal opportunities. They strive to prevent any form of discrimination and to provide adequate support to persons affected by discrimination.

ART. 9 STUDENT FINANCES, INSURANCE

1. The payment of tuition fees shall be based on reciprocity. All the students participating in the Double Degree programme will pay all mandatory fees in their home institution and will be exempted from tuition fees in the host institution. Furthermore, the following fees apply:

Universitat de València

· Double Degree Programme students coming to the Universitat de València will have to pay administrative fees, such as the issuance of the university card, the school insurance and the opening of the file.

Università degli Studi di Palermo

· Double Degree Programme students coming to the Università di Palermo will have to pay administrative fees when requested.

Students who complete the Double Degree Programme covered by this agreement must pay to each university the fees for the issuance of the degree issued by each.

2. Students will be liable for all expenses (e.g. travel, accommodation, cost of living, insurances costs, textbooks) while studying at the Partner Institutions.

3. Whenever possible, the Partners shall endeavor to support student mobility by means of national or European subsidies, as well as other types of support, including FORTHEM mobility grants.

4. Students participating in the Double Degree Programme will be responsible for providing sufficient proof of insurance in order to get enrolled:

For Universitat de València

On the part of the UV, students will be covered by the school insurance and the civil liability and accident insurance policies taken out by the UV.

In the event that the school insurance cannot be applied and students are not covered by the accident policy currently maintained by the UV, said university shall be responsible for informing to students that they must take out their own medical assistance policy, an accident insurance policy and a civil liability insurance policy, which will have to cover the beneficiaries for the specific existing hazards.

For Università degli Studi di Palermo

On the part of the UNIPA, students will be covered by the civil liability and accident insurance policies taken out by the UNIPA.

In the event that the school insurance cannot be applied and students are not covered by the accident policy currently maintained by the UNIPA, said university shall be responsible for informing to students that they must take out their own medical assistance policy, an accident insurance policy and a civil liability insurance policy, which will have to cover the beneficiaries for the specific existing hazards.

Moreover:

· Università degli Studi di Palermo students under 28 years of age must pay the school insurance at UV.

· Università degli Studi di Palermo students over 28 years of age must have the "European Health Insurance Card" and, if they do not have it, they must take out their own health insurance, which must cover repatriation expenses.

ART. 10 DATA TRANSFER, DATA PROTECTION

The Partners process personal data in accordance with the General Data Protection Regulation (EU 2016/679). If not agreed otherwise, both universities are viewed as independent data controllers as defined by the General Data Protection Regulation, Article 4. The parties to this agreement will disclose personal data of their students and staff only to an extent which is needed for implementing educational & research cooperation and mobility in the framework of cooperative and exchange agreements.

ART. 11 PROMOTION OF THE DOUBLE DEGREE PROGRAMME

1. Each Partner may use the logos, names and other marks of the other Partner only in connection with the Double Degree Programme. Each Partner shall refer to the other Partners' participation in press announcements, marketing and other reasonable promotional activities involving the Double Degree Programme through the appropriate use of logos, names and marks of the Partner. Both Local Academic Coordinators validate the contents of any communication document, including information published on the websites of Partners.

The right to use the name and/or logo or any other identifying marks of the other University as described in sentence 1 is limited to the duration of the agreement.

2. The Local Academic Coordinators will make arrangements to advertise the Double Degree Programme through websites, brochures, flyers and by papers and advertisement. The Double Degree Programme will be presented at a dedicated website within the framework of the FORTHEM alliance.

ART. 12 DURATION AND VALIDITY OF THE AGREEMENT

1. This agreement becomes binding with the last Partner's signature and shall remain in effect throughout four academic years including the years 2026-2027, 2027-2028, 2028-2029, 2029-2030. Every extension or amendment to this agreement requires written agreement and the signature from the legal representatives of the Partners.

1. This agreement may be terminated at the request of one of the Partners, provided such a request is made in writing at least 12 months before termination to become effective.

Any students who have commenced study before the date of termination may complete their studies within the Double Degree Programme.

2. An evaluation of this agreement will be initiated by the Local Academic Coordinators at least 12 months prior to its expiration. The agreement is based on long-term strategic cooperation interests from the Partners. The Partners will support and work towards the renewal and extension of this agreement to ascertain the continuation of the Double Degree Programme.

3. This Agreement is drawn up in English, and is to be signed by electronic signature by the legal representatives of the Partners. Each Partner shall receive the electronic document of the agreement signed by all parties.

ART. 13, CHANGES, SEVERABILITY CLAUSE, MISCELLANEOUS

1. Each Partner may at any time ask in writing for the revision of the agreement. All amendments and additions to this agreement, including the Annexes which shall form an integral part of this cooperation agreement, must be made in writing and signed by the legal representatives of the Partners to be effective. The same applies to changes made to this clause. Spoken agreements are invalid and none have been made. Every amendment must be attached to the original copy of this agreement.

2. By way of derogation from Nr. 1, Annex I may be adjusted with approval of the respective responsible boards or institutions of each Partner University. Annex II (grade conversion tables), is to be updated under the responsibility of the Coordinator on a regular basis without amendment of this cooperation agreement.

3. In any case, students who are already enrolled in the Double Degree Programme must be guaranteed enough time to finish their studies. In each individual case a period which corresponds to 1,5 times the period necessary to still complete the Double Degree Programme will be considered sufficient.

4. It is agreed that the Double Degree Programme cannot continue if a Partner does not meet the requirements of reaccreditation. In this case, the agreement shall be revised.

5. If this agreement or any part thereof is found to be illegal or unenforceable, that part will be removed and the illegality or unenforceability shall not affect the untainted parts of this agreement, which shall continue to be valid and enforceable. Notwithstanding the above, in the event of any such nullification, the Partners shall negotiate in good faith to agree on the terms of a mutually acceptable and satisfactory alternative provision to replace the nullified provision.

UNIVERSITÀ DEGLI STUDI DI PALERMO

ART. 14 SETTLEMENT OF DISPUTES, APPLICABLE LAW

In case of difficulties involving the interpretation or execution of this agreement, the Local Academic Coordinators and academic departments shall attempt to resolve the dispute amicably. In the event of non-resolution, the first step is mediation by the Rector of Universitat de València or her/his delegate/s and by the Rector of Università degli Studi di Palermo or her/his delegate/s. Recourse to a court of jurisdiction will be only a last resort, after exhausting all other possibilities. In this case, the conflict will be decided according to the laws of the defendant party.
