Mendel University in Brno (MENDELU)

Mendel University in Brno (MENDELU) is a public institution with a long tradition of excellence in teaching and research that has been driving new ways of thinking since 1919 and proudly bears the name of Gregor Johann Mendel, the founder of modern genetics

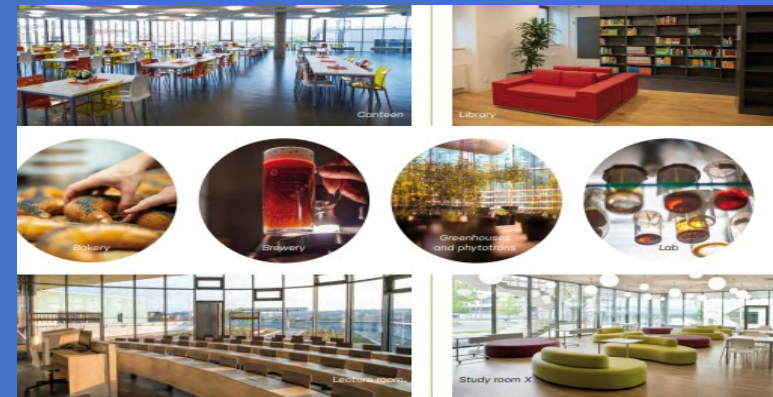

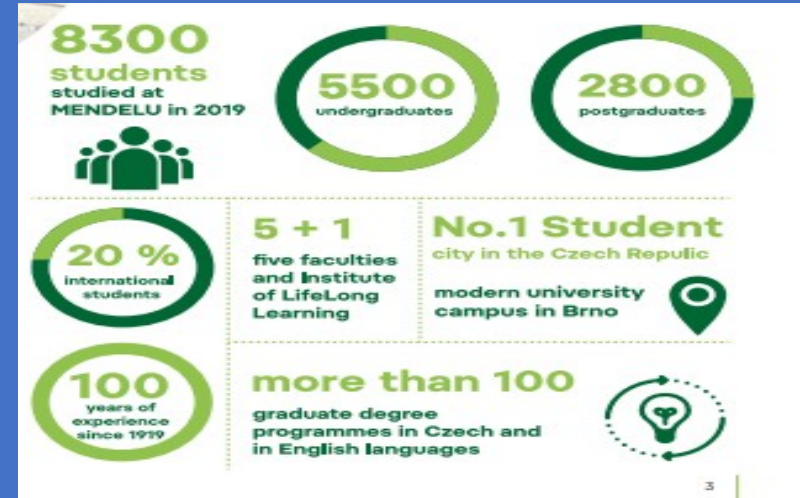

Brno Voted the 6th best student city in the world by students* Brno (pronounced BUR-noh), the second largest city in the Czech Republic — the heart of Europe — has a huge student population of 65,000 students, which includes a high percentage of international students. According to the Brno City State Report 2018, 98 % of Erasmus students were satisfied with and enjoyed their stay in Brno

Campus Everything in one place...

The university campus is located close to the city centre and offers students everything they need, including a student canteen, lecture rooms and a library. Student dormitories, cafes, shops, and parks are all within easy distance of the campus.

The university believe a high-quality education system should teach practical skills that can be applied to real-life problem-solving...

This is why the university employs experts and provides unique facilities dedicated to research and teaching, which give students the opportunity to develop their skills and knowledge. Facilities include the Botanical Garden and Arboretum, Training Agricultural Enterprise Žabčice and the Training Forest Enterprise — Masaryk Forest in Křtiny.

Study programmes in English

MENDELU offers full-time and part-time bachelor's, master's and PhD study programmes in both Czech and English, which use the ECTS credit system. To see our current offer of study programmes, you can visit the websites of the individual faculties, studyin.cz and masterstudies.com.

In addition to degree programmes, MENDELU offers over 200 individual courses in English. For more information, visit ects-prog.mendelu.cz/en/

Fees and financing

Compared to universities in Western Europe, our study fees are lower and study programmes in Czech are free for all students. International students can take advantage of our intensive Czech language course at the MENDELU Institute of Lifelong Learning.

Academic year

The academic year is divided into two semesters (winter and summer). Each semester contains thirteen weeks of teaching followed by a four or five-week examination period. To complete a bachelor's or master's programme successfully, students must obtain 120 ECTS credits, pass the final state exam, and defend their degree thesis.
