

UNIVERSITÀ
DEGLI STUDI
DI PALERMO

biotechnet
switzerland

University of Palermo and Biotechnet are proud to welcome students and lecturers to the 17th annual **Summer School on Advanced Biotechnology**.

This year's edition will be held from Sept 4 to 6 2023, in Palermo Italy, and is hosted by the University of Palermo in the splendid setting of the Botanical Garden.

Each Biotechnet participating school will invite students to attend and Professors and students will have the opportunity to learn about the latest topics in biotechnology, connect with each other and expand their networks.
