## EPIGEN Chromatin Seminar

### “Epigenetic mechanisms in health & disease”

June 16, 2014

Hosts: Davide Corona & Vincenzo Cavalieri - University of Palermo

Venue: Dip. Scienze e Tecnologie Biologiche, Chimiche e Farmaceutiche  
Sezione Biologia Cellulare

Viale delle Scienze, Building 16 Room 10 – 90128 Palermo

#### Program:

- 10:00 Opening comments
- 10:05 **Renato Paro – Dept. of Biosystems Science & Engineering, ETH Zürich, Switzerland**  
*Epigenetic memory in regeneration and cancer*
- 10:45 **Beatrice Bodega – National Institute of Molecular Genetics, Italy**  
*Epigenetics of DNA repetitive elements in health and disease*
- 11:25 coffee break
- 12:00 **Maurizio Gatti – Sapienza University of Rome, Italy**  
*Organization and evolution of Drosophila telomeres*
- 12:40 **Kazufumi Mochizuki – Institute of Molecular Biotechnology, Austria**  
*Small RNA-directed epigenetic control of DNA elimination in Tetrahymena*
- 13:20 Closing words
