6 – STRENGTHS AND AREAS FOR IMPROVEMENT

7.1 - What, in your opinion, are the strengths of this course of study?	The first year provides the basic theory and skills and it is very useful to have included English Language Skills to widen market applicability. It is good to have provided optional subjects from year 2 that students can select based on their own interests. It is good to have practical skills included throughout the 3 year course.
7.2 - What, in your opinion, are the areas to be improved?	

Thank you for your cooperation
