HR EXCELLENCE IN RESEARCH

To the Community of Researchers of the University of Palermo,

It is with pleasure that I extend the invitation of the Unipa Springer Series Editor-in-Chief, prof. Marina Bartolotta, to the presentation of the volume "Ethics in Research. Principles and Practical Considerations", which addresses a topic of considerable relevance for the full implementation of the principles of the European Charter for Researchers.

Clelia Dispenza

Professor of Chemistry

Delegate of the Rector for the implementation of the "European Charter for Researchers and Code of Conduct for Recruitment"

Chair of the Bionanomaterials and Composites Lab

University of Palermo
