

## 2019

WORKSHOP “Student mobility, university and post-university choices” – 11-12/04/2019, Cagliari (Italy):

- i) “Exploring the Italian student mobility flows in higher education through a network approach. Insights from empirical data”. M.P. Vitale
- ii) “The inter-regional mobility of university students: A focus on Campania region”. G. Ragozini
- iii) “Sicilian University Students’ mobility: how many of them go away and where they go?”. F. Aiello
- iv) “An investigation of mobility of Italian Ph. Doctors”. G. Ruiu

Teaching statistics in human and behavioral sciences – 07/05/2019, Napoli (Italy). “University students’ careers in Political Sciences in Italy”. M. Attanasio

IES 2019 - Statistical Evaluation Systems At 360°: Techniques, Technologies And New Frontiers – 04/07/2019, Roma (Italy):

- i) “Parceling in Multilevel Structural Equation Models for the measure of a latent construct.”. V.G. Genova
- ii) “Exploring the Italian student mobility flows in higher education”. I. Sulis

34th International Workshop of Statistical Modeling IWSM 2019 – 09/07/2019, Guimaraes (Portugal). “Assessing quality in Italian Universities: a multilevel latent profile approach”. S. Columbu

European Conference on Social Networks 2019 – 10/09/2019, Zurigo (Switzerland):

- i) "The Analysis of Student Mobility Flows in Higher Education. a Multimode Network Perspective". G. Ragozini
- ii) “Network Measures and Attractiveness Indexes for the Analysis of the Italian Student Mobility Flows in Higher Education”. M.P. Vitale

IT AIS AND MCIS 2019 – 27-28/09/2019, Napoli (Italy). “Performance-Based Funding In The Italian Higher Education: A Critical Analysis” L. Marinò

Società Italiana degli Economisti, 60a riunione scientifica annuale – 25/10/2019, Palermo (Italy):

- i) “Consequences of migration on students’ performance: a clustering approach of effects curves in quantile regression models”. G. Boscaïno
- ii) “A topological data analysis approach to high-school and first level university student interregional mobility”. M. Vittorietti
- iii) “From high school to second level degree: a multi-state model to analyze the Southern University mobility in Italy”. M. Enea

Seventh International Workshop on Social Network Analysis Multilayer, Multilevel and Multimode Networks – 30-31/10/2019, Vietri sul Mare (Italy):

- i) “Student's mobility in higher education: Sicilian outflow network and chain migrations”. V.G. Genova
- ii) “Graduates mobility: Performance variability among regions and fields of study”. A. Plaia

iii) "Assessing the determinants of university attractiveness (and its influence on the choice of the study field) in the tertiary education students mobility network". S. Columbu

Workshop PLS Fisica – 11/11/2019, Catania (Italy). "Analisi delle carriere universitarie nei Corsi di Studio in Fisica". M. Attanasio

Convegno sull'innovazione didattica dei corsi universitari – 13/12/2019, Firenze (Italy). "Il fenomeno degli abbandoni e dei passaggi/trasferimenti dal primo al secondo anno nelle discipline scientifiche". M. Attanasio

## 2020

Le attività del CISIA al servizio degli Atenei – 23/10/2020, Analisi della predittività dei test d'accesso per Economia. "Il test di ingresso: valenza predittiva e rilevanza nei percorsi di orientamento universitario" M. Attanasio, M. Enea, V.G. Genova

61° RSA Società Italiana Economisti - 21/10/2020, Online. Students' University Careers in Economics and Business Courses in Italy. A. Priulla, M. Attanasio, F. Mazzola

Società Italiana di Economia Pubblica - 17/09/2020, 32a riunione, Virtual (Milano). "University choice and the role of need-based grants and accommodation services in Italy", Brau R. e Usala C. Speaker: Usala C.

Seminario nell'ambito del Bilancio di Genere, ciclo di conferenze in modalità telematica organizzato dall'Università degli Studi di Palermo, 18 dicembre 2020. Marco Enea, Massimo Attanasio: Differenze di genere nelle lauree STEM in Italia. Speaker: Massimo Attanasio  
<https://www.unipa.it/Bilancio-di-genere--Ciclo-di-Conferenze/>

Convegno online del 23 ottobre 2020 sulla valenza predittiva dei test d'ingresso CISIA. Massimo Attanasio, Marco Enea, Vincenzo Giuseppe Genova. *Il test di ingresso – valenza predittiva e rilevanza nei percorsi di orientamento universitario*. Speaker: Massimo Attanasio.  
<https://www.cisiaonline.it/convegno-online-il-test-dingresso-valenza-predittiva-e-rilevanza-nei-percorsi-di-orientamento-universitario/>

IX Workshop "Azienda Pubblica" 20 e 27 novembre 2020, Il settore pubblico tra gestione della crisi e sviluppo sostenibile: stato dell'arte e percorsi di ricerca, Modalità telematica. L. Giovanelli, F. Rotondo, A. Ezza, *Un'analisi esplorativa per misurare l'integrazione della sostenibilità nei modelli strategici e operativi delle università pubbliche*.

## 2021

Ninth Italian Congress of Econometrics and Empirical Economics – 21-23/01/2021, Virtual (Cagliari)  
“University choice and the role of need-based grants and accommodation services in Italy”, Brau R. e Usala C. Speaker: Usala C.

Networks 2021, a joint Sunbelt and Netsci Conference – 5-10/07/2021, Virtual. “Insights on Italian student mobility flows in higher education. A multiplex approach”, Primerano I., Santelli F. e Usala, C. Speaker: Santelli F.

Second International Conference of the journal “Scuola Democratica” 2-5/06/2021, “Detecting Gender Bias In Students’ Mobility Choices In Tertiary Education In Italy: A Comparative Analysis Among Geographical Macro-Areas”. Sulis I., Barbieri B., Salaris L., Melis G. e Porcu M. Speaker: Sulis I.

Second International Conference of the journal "Scuola Democratica" – 04/06/2021, Online.  
“Gender differences in STEM courses: an analysis of Italian university students' performance through segmented regression models: gender differences in STEM courses”

- 1) Analisi delle differenze di genere nei corsi di laurea scientifici di base in termini di successo universitario in Italia. A. Priulla, M. Attanasio.
- 2) Foreign students in Italian universities: a statistical analysis of the last decade. F. Aiello, M. Attanasio, A. Priulla.

Istituto Nazionale di Alta Matematica “F. Severi”: “Models for people in motion in the Mediterranean basin” - 23/04/2021, Online. A network analysis of students’ mobility patterns from high school to master degree. V.G. Genova.

ISI-SIS: “Women: Statistically Significant” – 12/05/2021, online, Gender gap in the Italian Academia. D. Cuntrera, V. Falco, M. Attanasio. Speaker: Cuntrera D.

SISEC 2021, Catania, Italia- 9 -12 Giugno 2021 “The different attitude to mobility of the Italian students: a new methodological approach to investigate the inequalities”, Vittorietti M., Giambalvo O., Aiello F., Genova V. G., . Speaker: Vittorietti M.

Workshop: “Models for people in motion in the Mediterranean basin” il 23 aprile 2021, organizzato da Istituto Nazionale di Alta Matematica “F. Severi”. Gabriele Ruiu, Vincenzo Giuseppe Genova, Massimo Attanasio, & Marco Breschi, *The good old ideas: an attempt to adapt the concept of chain migration to explain Italian students' mobility.*

Società Italiana di Statistica, 50a conferenza – 21-25/06/2021, Virtual (Pisa):

- i) “A multiplex network approach to study Italian Students’ Mobility”, Primerano I., Santelli F. e Usala C. Speaker: Primerano I.
- ii) “The big numbers of tertiary education in Italy”. Porcu M., Breschi M., Ragozini G. e Giovanni Boscaino. Speaker: Porcu M.
- iii) Discriminazione di genere nell’università italiana negli ultimi 20 anni. D. Cuntrera, V. Falco, M. Attanasio. Speaker: Falco V.

iv) Exploring drivers for Italian university students' mobility: first evidence from AlmaLaurea data. G. Boscaino, V.G. Genova. Speaker: Boscaino G.

Networks 2021: A joint SUNBELT and NetSci conference, 5-11 July 2021 (Virtual)

i) Analyzing two-mode multiplex networks through factorial methods. Giancarlo Ragozini, Francesco Santelli, Maria Prosperina Vitale, Giuseppe Giordano. Speaker: Ragozini G.

ii) Insights on Italian student mobility flows in higher-education. A multiplex approach. Ilaria Primerano; Francesco Santelli; Cristian Usala Speaker: Santelli F.
