L'Alleanza FORTHM ha come obiettivo
l'incremento del 30% della mobilità, fisica,
mista e virtuale.

Le principali sfide sono:

- ✓ Armonizzare gli Erasmus Agreement tra le università partner FORTHM;
- ✓ Migliorare e aggiornare le procedure amministrative, i documenti, i software, nonché il riconoscimento accademico di titoli e crediti;
- ✓ Avviare l'“Erasmus Without Paper”;
- ✓ Introdurre la “European Student Card”, che dà accesso a tutti i servizi presso i campus dell'Alleanza;
- ✓ Promuovere il multilinguismo e la partecipazione ad eventi internazionali;
- ✓ Migliorare l'accesso alle iniziative di mobilità per le persone con disabilità sia fisica che psichica.

forthem.

Fostering Outreach
within European Regions,
Transnational Higher Education
and Mobility

SHORT TERM MOBILITY

Short-term mobility for students

consiste nella partecipazione a diversi eventi, tra cui:

- ✓ Summer e Winter School condivise;
- ✓ Workshop tematici congiunti;
- ✓ Corsi volti all'apprendimento delle lingue straniere;
- ✓ Mobilità a breve termine legate a corsi di apprendimento misto;
- ✓ Eventi di divulgazione dei FORTHEM Labs;
- ✓ Modelli di simulazione del processo decisionale e politico dell'Unione Europea;
- ✓ Conferenze annuali degli studenti FORTHEM;
- ✓ Incontri tra rappresentanti delle associazioni studentesche dei diversi paesi partner allo scopo di creare azioni comuni, possibilmente collegate ad eventi locali o ad un argomento specifico.

and Mobility

Short-term mobility for academic and administrative staff

Per consolidare le collaborazioni nel campo della ricerca e dell'istruzione, rafforzare la cooperazione per comprendere meglio le procedure amministrative.

In particolare, gli obiettivi principali sono:

- ✓ La promozione delle esistenti opportunità di finanziamento Erasmus+;
- ✓ L'armonizzazione delle staff week e delle attività di job shadowing volte alla condivisione di best practice.

Long-term mobility activities for students,

Per migliorare la qualità della **cooperazione e dei corsi di laurea**, nonché allo scambio nel campo degli studi e dell'insegnamento con l'obiettivo di:

- ✓ Armonizzare il processo di introduzione di nuovi doppi titoli/titoli congiunti ed ampliare quelli già esistenti;
- ✓ Creare 3 nuovi corsi di laurea congiunti entro il 2022;
- ✓ Sviluppare il concetto di **FORTHEM CAMPUS**;
- ✓ Implementare la mobilità virtuale per mezzo della Digital Academy.

TEAM TEACHING

What

Flexible format through which **each teacher of one of the FORTHEM Universities can start collaborations with their correspondents** in order to implement one or more joint teaching modules.

The Alliance is planning to submit **Blended Intensive Program (BIP) projects related to Team Teaching**

Duration

Different levels of integration with the foreign partner(s) (for example, a part of teaching can be carried out in a traditional way in the home institution and a part virtually in Team Teaching with one or more FORTHEM partner University).

At the end each teacher evaluates his own students (exams and ECTS).

How to participate

The advertising and presentation of the initiative is carried out by the **FORTHEM Offices which ask the teachers of their universities to express an interest in sharing their teaching with a teacher from one of the FORTHEM partner universities by filling out a specific form online.**

In a subsequent phase, TEAM TEACHING supply and demand are crossed by the **FORTHEM Offices** to allow effective collaboration between universities and teaching sharing.

Erasmus+ BIP

Blended Intensive Programme

REQUIREMENTS:

- ✓ **Physical mobility:** 5 to 30 days
- ✓ **Virtual mobility** before or after the physical mobility (no precise requirements, but needs to be interactive)
- ✓ At least 15 learners (students or staff)
- ✓ At least 3 universities
- ✓ At least 3 ECTS credits (workload should reflect this as well)

FUNDING:

- ✓ 400 € per participant given to the coordinating university.
- ✓ Min. 15 participants and funding up to 20 participants.
- ✓ Funding between € 6 000- 8 000 per programme.

Overview

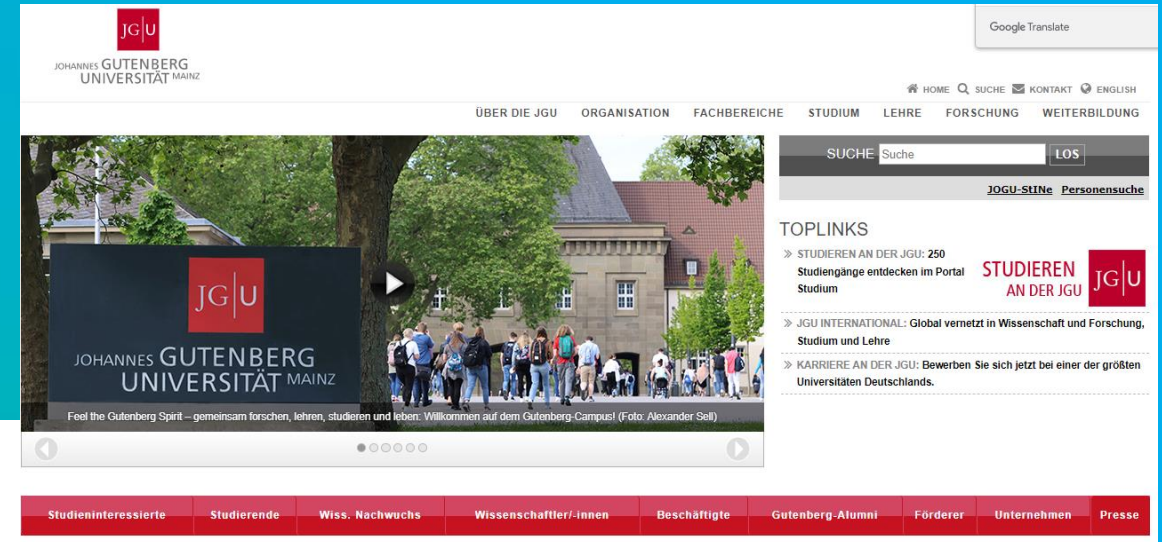

Studying and teaching at the University Medical Center Mainz

The University Medical Center of the Johannes Gutenberg University Mainz (JGU) is the only training facility of the state Rhineland-Palatine for human medicine and dentistry. One in ten of all matriculated students of the JGU are studying human medicine (approx. 2.650) or dentistry (approx. 680).

The task and concern of University Medical Center Mainz is offering a qualitative high-value, diverse and differentiated curriculum for students and to continue to work on its improvement. During recent years, many innovative approaches were brought on the way which have significantly and measurably raised the level of education. The good performance of our students at the state examinations as well as the results of the curriculum evaluation strongly confirm this.
