

Dear PhD students at the University of Palermo,

I am very pleased to invite you to the second interdisciplinary training event for PhD students at the University of Palermo, organized as part of the implementation activities of the European Charter for Researchers.

The title of the course is "Public speaking."

The speakers: Guido Paolo Ridoni, professor of Organizational Behavior at Scuola S.Anna in Pisa, and Dan Wiesenfeld of Challenge Learning Italia.

Days: October 12, 2022 from 09:00 to 17:00 or October 13, 2022 from 09:00 to 17:00.

Location: Meeting at 08:30 under the porch of Building 7 - Department of Engineering - Viale delle Scienze.

Activities of Group 1 – Department of Engineering Board Meeting Room - I floor – Building 7 – Viale delle Scienze

Activities of Group 2 – Electric/electronic Section Board Meeting Room - II floor – Building 9 – Viale delle Scienze

The course focuses on the importance of knowing how to communicate and aims to provide the basic elements of effective communication. It has been organized before by our University with great appreciation from the doctoral students involved and is being offered again this year. In-person attendance is essential for this type of activity.

The course will involve two groups of 12 students working together with each of the two lecturers for a single day. The course will involve lectures by the lecturer, communication tests by the students and related feedback.

Registration is required and selection will be made on a first-come, first-served basis until all available seats for each of the courses are filled.

Interested students will be able to express their preference for one of the two days or leave a free choice to the organizers so as to increase the chances of being selected.

Classes will preferably use Italian as the language but, if there are students who request it, a class on one of the two days will use English. Not expressing language preference increases the chance of being selected.

The registration form whose link is at the end of this email will be open from Wednesday, October 05 at 08:00 to Saturday, October 08 at 18:00. Confirmation of registration will be given by email by Monday, October 10 at 11:55 pm. The selected students will receive further instruction.

Class attendance for the entire duration will be verified and a certificate of attendance will be issued.

The number of course credits to be awarded for the course will be determined by the Board of your Doctoral Course.

Please find attached training course agenda.

Kind regards,
Clelia Dispenza

Delegate of the Rector for the implementation of the **“Human Resources Strategy for Researchers Incorporating the Charter & Code”**
