L21 – SCIENCE OF REGIONAL, URBAN, LANDSCAPE AND ENVIRONMENTAL PLANNING
SCIENZE DELLA PIANIFICAZIONE TERRITORIALE, URBANISTICA, PAESAGGISTICA E AMBIENTALE

| 1st YEAR | credits |
|------------------------------------------------------------------|----------------|
| History of Architecture | 8 |
| Urban Geography | 8 |
| Applied Mathematics and Statistics | 8 |
| Town and Territorial Analysis - Studio | 8 |
| Principles of town and Regional Planning | 8 |
| Techniques and representations and geomatics – integrated course | |
| - Geomatics | 6 |
| - Techniques and representation | 8 |
| English | 4 |
| 2nd YEAR | credits |
| Applied botany | 6 |
| History of Town and Territory | 8 |
| Town planning | 6 |
| Environmental Evaluation and Urban Economics | 8 |
| Architectural and Urban Design | 8 |
| Town planning I - Studio and Law module - integrated course | |
| - Town planning law | 6 |
| - Town planning studio I | 8 |
| 3rd YEAR | credits |
| Technical end Environmental Physics | 6 |
| Infrastructures for Mobility and Transports | 8 |
| Stage | 6 |
| Archaeology and Ancient Topography – integrated course | |
| - Archaeology | 6 |
| - Ancient Topography | 6 |
| Town and Regional Planning | 8 |
| Town Planning Studio II and sociology – integrated course | |
| - Sociology | 6 |
| - Town Planning Studio | 8 |
| Elective educational activities | 12 |
| Final examination | 6 |

L-4- DESIGN

DISEGNO INDUSTRIALE

| 1st YEAR | credits |
|-----------------------------------------------------------------------------------------------------------------|----------------|
| Anthropology of artefacts | 6 |
| Mathematics | 8 |
| Computer Design and Representation | 12 |
| Industrial Design laboratory I + Technical and Constructional features of Industrial Design – integrated course | |
| - technical and constructional features of Industrial Design | 6 |
| - Industrial Design Laboratory I | 6 |
| Theory and History of Industrial Design + History of Contemporary Architecture – integrated course | |
| - Theory and History of Industrial Design | 6 |
| - History of Contemporary Architecture | 6 |
| Visual Communication Studio and Psychology of Art – integrated course | |
| - Psychology of Art | 6 |
| - Visual Communication Studio | 6 |
| English | 3 |
| 2nd YEAR | credits |
| Automatic Design | 6 |
| Structure Calculation for Industrial Design | 6 |
| Technical Physics | 6 |
| Socioeconomical context of Industrial Design | 6 |
| Science and Technology of Materials and Materials for Design – integrated course | |
| - Science and Technology of Materials | 8 |
| - Materials for Design | 6 |
| Industrial Design Laboratory II and New Forms of Living – integrated course | |
| - Industrial Design Laboratory II | 6 |
| - New forms of living | 6 |
| Group of optional educational activities | 6 |
| 3rd YEAR | credits |
| Other educational activities | 6 |
| Industrial product certification | 6 |
| Performing Arts | 6 |
| Scenic Design | 6 |
| Industrial Design Laboratory III | 9 |
| Communication – Studio | 8 |
| Elective educational activities | 12 |
| Final examination | 6 |

| Group of optional educational activities | credits |
|-------------------------------------------------|----------------|
| Aesthetics | 6 |
| Semiotics | 6 |
